

The Apostle says "to every good work." Responding with our means to the claims of Christ's cause is only *one* form of well doing. There are others even more important. Your *giving* is the act of occasions more or less distant. Your witness, for Christ, or, possible and sad alternative! against Him, is a daily and an hourly thing. See, dear brethren, that it is *for* Him, that you are not found pulling down by the influence of your example that which you are seeking to build up by your contributions of money. "Abide in Christ," so, shall ye "bring forth much fruit," fruit alike of personal goodness, Christian activity, and of cheerful liberality, so, too, shall ye be "to the praise of the glory of His grace, wherein he hath made us accepted in the beloved."

JOHN M. KING, *Moderator.*
WILLIAM KERR, *Session-Clerk.*

MANAGER'S REPORT.

The Managers, in presenting their 18th annual report, have to express their gratitude for the peace and prosperity which the congregation has enjoyed throughout the past year.

During the year, the movement begun some time ago, to establish a Sabbath School in the north-eastern part of the city, has assumed a definite and permanent form. A suitable lot on Sherbourne St. was early in the year secured, and an elegant and commodious School house has been erected upon it, to which the Sabbath School formerly taught in a house on Seaton St. was a few weeks ago transferred, and in which public worship has been held every Sabbath evening since 3rd December. The prospect of gathering another congregation there at no distant day is, the Managers believe, encouraging.

The association among the young men of the congregation, referred to in the letter of the Session last year, has been formed and is doing good work. A Sabbath School conducted by the members of the association and some of their friends has been opened on Caer Howell St., and promises to be successful.

Complaints having been frequently made about the pews in the Church, the Managers deemed it advisable to have them all covered with damask, which was done at a moderate expense. They have also, at the request of the Sabbath School teachers, procured forms for the basement more convenient for the use of the children than the old ones were, and have also fitted up the class room in a manner suitable for an infant class.

The income of the congregation, passing through the Managers hands, for the past year, has been \$3,085 46, made up as follows:

Weekly Offerings \$565 97, and Sabbath School during the same Treasurer's hands

In addition to Treasurer's hands during the year of Missionary Association. Further information which they have the reports of the School Committee

The membership on the roll at the since the end of

The attendance year, and the average exceedingly limited

At the last annual meeting were directed to and amendment they considered

the congregation for the amendments and alterations circumstances
