Decree Hula Hula As Society Dance

Professors of Terpsichore Favor Hawaiian Art

"London Taps" is Popular; Vernon Castle Displays it in Trenches to Jewsharp Accompaniment

New York, Sept. 21.—Hawaii's famous hula hula is going to be danced by Americans next winter. For so it was decreed by the American Society at the Hotel Majestic. Of course it is not to be the real hula hula, with a grass mat and a garland of flowers for a costume, but a sort of sublimated Hawaiian dance adapted by dollars and cents and necessary changes for the ballroom.

The immense popularity of Hawaiian music is responsible for the evolution of an Hawaiian dance for ballroom purposes and a great vogue is predicted for it by its sponsors.

Next to the Hawaiian the military influence will be strongest felt in the modern dances for the coming season, the dancing masters declare. Everything that is not Hawaiian will be military in the fox trot and even the stately waltz will be danced with a military bearing.

The influence of feminism is probably the cause of the decree of the dancing masters that in the modern dances the man shall go backward. The debutant of last season, who claimed she had walked twenty miles backward on the dancing floor, will have a sight of relief that she can now go forward again with propriety, nay, even a bit.

Fox Trot and Waltz to Stay.

The fox trot will prevail, it is asserted, and the waltz will not be supplanted. The vogue of dancing is not on the decline, the dancing masters all insist, and if anything, with more people who know how to dance, it will be a more popular form of diversion this season than ever before.

Vernon Castle was the most talked of person of the convention. The rumor that he was killed when flying over the German lines on the western front was not taken seriously by any of his former associates and was not confirmed by his secretary, Talmage Thompson.

"London Taps" is the name of the most popular dance in England now, according to Mrs. Evelyn Habbell, of New York. It was taken originally from "The Broken Doll" chorus in the new musical comedy "Sambo," but its London vogue was due, she said, to Vernon Castle, who took it up, and now it is danced from tea to tape at night.

It is a military dance and the officers' corps make a merry little jangle. It is described as a pause in the midst of a fox trot. The musicians all stop while the dancers keep the rhythm by tapping with their feet. "Vernon," Mrs. Habbell says, "is dancing it for the men in the trenches to the accompaniment of a home made Jewsharp."

"Walking the Dog," the new dance which has only been seen in vaudeville, has the bone of contention in a hot debate yesterday. Some of the dancing masters favor it and others are strongly opposed.

P. Nutt is Director.

Louis H. Chalfi, formerly of the Russian imperial ballet, belongs to the progressive party of dancing masters and would purge the dance of all suggestiveness. Yesterday his subject was "A Heart to Heart Talk Against Heart to Heart Dancing."

Adolph Newberger, for thirty-five years a dancing master in New York, and director of the dances in "Hip Hip Hoory" at the Hippodrome last year, is the leading advocate of the Hawaiian dances which, he says, will be arranged for the ballroom.

Some of the other new dances are "Cornell Fads," "Honey Special," "Auntie's Revue," and "Corkerew Gliss," all danced by the same teacher, "Major Butts' Manual of Arms," for the benefit of the Plattsbury rookies. It is presumed, and the "Terre Haute Fox."

There are about seventy dancing masters attending the convention, and they come all way from the snow-capped mountains of Montana to the cranberry bogs of Massachusetts.

So far nothing has been said about the director of the American Society of Professors of Dancing.

His name is P. Nutt, of Vineland, N. J. He would not admit the reporters to the dance demonstrations, but that is hardly sufficient grounds for roasting him.

WHAT WILL HAPPEN UNDER PROHIBITION

Dominion Alliance Organizes Protests That the Law Will Grow in Public Favor

Of course no one can certainly foretell the future, but a knowledge of the facts of the Ontario situation, a careful

GOT DIARRHOEA FROM DRINKING BAD WATER

Had To Give Up Work

Mr. H. M. Ryckman, Port Rowan, Ont., writes: "Last year I was out in Saskatchewan. The water was very bad and I was taken with diarrhoea. In a few days I was in such bad shape I had to stop work. I got a bottle of Dr. Fowler's Extract of Wild Strawberry, and had only taken a few doses when it was stopped, and I was soon able to go back to work again."

Dr. Fowler's Extract of Wild Strawberry has been on the market for the past seventy years, and has had such great success in curing all bowel complaints that many firms have undertaken to provide a substitute for it, even going so far as to use a similar name.

Do not be led into taking a substitute for "Dr. Fowler's" but insist on getting what you ask for.

"Dr. Fowler's" is safe and sure, not by taking some of these rank substitutes you may endanger your life.

"Dr. Fowler's Extract of Wild Strawberry" is manufactured only by The T. M. M. Co., Limited, Toronto, Ont. Price 85c.

Zam-Buk
Saved me a lot of money

writes Mr. R. Howard, Sr., of Bracebridge, Ont. He continues: "Four years ago I sustained a scratch on my leg, which turned to an ulcer. I was confined to my bed for six months under doctors' treatment, during which time I did not earn a cent, and in addition, spent dollars upon dollars before a cure was effected."

"Recently I sustained a scratch on my other leg. It became very inflamed and swollen, and finally turned to an ulcer. This time, however, I knew about Zam-Buk, and I acted very differently. I used Zam-Buk alone, with the result that not only was the ulcer healed in much shorter time than the previous one, but I was able to go to work all the time it was healing, and I did not lose a single day's pay. I sincerely hope that my experience may be the means of showing other working people the great healing value of Zam-Buk and of saving many from needless expense and unnecessary suffering."

Zam-Buk is just as good for eczema and all skin diseases, ringworm, boils, piles, cuts, burns, etc. MacBee, 3 for \$1.00, all druggists, or Zam-Buk Co., Toronto. Send 1c stamp for postage on free trial box.

reading of the Temperance Act, and the experience of other places fully warranted expectation that the following results of the change from license to prohibition will speedily be manifest, says the Pioneer, the organ of the Dominion Alliance.

1. The record of arrests for drunkenness in cities and large towns will be reduced beyond all anticipation. That fact in itself will overcome the objections of the gloomy prophets of evil whose wishes are father to their thoughts, and will settle quickly and permanently the question of whether or not prohibition is here to stay.

2. The law will grow in public favor, so that even the most ardent and wobbly politicians will rush for the sake of their own reputations and prospects to support the law.

3. The premises of the saloons and the saloons themselves will be better kept, and the law will be more strictly enforced.

4. The success of the prohibition that the province can enact will lead up to a demand for Dominion legislation that will do all that is desirable which cannot be done by the province. There will follow national legislation that will wipe out the remaining evils of the traffic and round out the advantages of prohibition.

There is much fighting yet ahead, but the enemy's lines are so shattered, many of the hesitating and timid will rally into the victorious advance, while songs of gratitude and joy will go up from many homes where there have long been hopes and tears and prayers for the day when now is dawning.

HOW PNEUMONIA STARTS AND HOW OFTEN PREVENTED

You catch a little cold today, and by tomorrow it has reached the throat, next day the lungs are affected and you wish you had used "Catarrhose" which kills colds in five minutes. In the first place Catarrhose soothes the irritated membranes and relieves congestion—then it cuts out the phlegm and destroys the germs. It enables the blood to retain a natural supply of oxygen, lung-food, and vitality. In any cough, bronchitis or catarrh it's guaranteed to positively cure. Beware of dangerous substitutes offered under misleading names for genuine Catarrhose which is sold everywhere. Large size containing two months' treatment, costs \$1.00; small size 50c; trial size, 25c.

INSPIRING SPECTACLE IS CANADA'S LOYALTY

Buffalo News Says it is Proof of Solidarity of British Empire

If proof was needed to substantiate the proud claim of the British as to the solidarity of the empire this war has surely afforded it declares the Buffalo News, editorially.

Britain's colonies have risen to the occasion and given tangible expression to their fealty and loyalty to the mother country.

Our cousins across the border have been among the foremost to contribute men, money and labor to the object of victory for the Entente Powers.

Since the war began Canada has enrolled an army of some 850,000 men. And this number has been largely recruited from the English-speaking population of four and a half millions.

The withdrawal of such a vast proportion of the physically fit from the agricultural and industrial areas has created conditions in the Dominion which were not met philosophically, would be almost ruinous.

There is an unparalleled scarcity of labor both in field and factory. Un-

NON RUSTABLE D & A CORSETS

Don't price a D & A until after you have examined and fitted it.

Some women fear to try them because their price is low, but few who try them ever go back to other kinds. For style, comfort and durability, these "Made-in-Canada" corsets compare favorably with imported makes selling at from \$1.00 to \$3.00 higher.

Dominion Corset Co., Quebec, Montreal and Toronto, makers also of the L.A. D.A. Corset.

heard of wages are being paid for farm help. But the manufacturers and farmers are cheerfully paying the increased wages to imported help and in some cases are actually encouraging the native and naturalized help to enlist in order to help Britain to increase her forces.

Analysis of the recruits from Canada show that Ontario leads the list with nearly 150,000 men. Quebec has recruited 96,000 men, the three eastern provinces 31,000, and the four western provinces 10,000.

Not in recruiting alone has the Dominion shown its loyalty. It has raised vast sums and given huge credits to provide munitions for the allies. By joint action of the government and banks neutral.
