LOCAL NEWS

Sydney Murray, son of Mr. and Mrs. E. S. R. Murray, sailed last week for England to take up his studies at London University. Mr. Murray graduated in arts from McGill University this year and was awarded a scholarship in economics at London University.

The case, the report of which Rothway avenue on August 10th, was completed. Judgment will be given in a week. Provincial stable Robert Crawford, who contended the prosecution, called three cases, while A. N. Carter, who appeared for the defence, had one.

Jack Rossley, who has been the full producer of Imperial Theatre children's entertainments, is in town with his daughter Bonnie, who recently joined a big show, opened on Broadway a few days ago. Rossley has been advancing in the theatrical profession of S. Her early training she received from her parents, who were on the stage of Great Britain.

Persons interested generally in culture and progress. Following the example of other countries, under similar circumstances, two days have been set aside as temperance holidays. During this period no saloons will be open; special services will be held in the churches, and school children all over the state will listen to temperance lectures.

Six Days More. Ottawa, Sept. 24.—One more week remains to Canadians to back their citizenship with their dollars. Next Saturday night the books will close in the department of finance on the conversion loan and the next six days must decide its fate. There is no question about its being a success but it now lies with the people to make it either a big or a little success.

SWEDEN'S REVENUE FROM LIQUOR IS \$32,000,000. Stockholm, Sept. 4.—A. P., by mail. Sweden's income from liquor trade taxes during 1922 will be more than 121,000,000 kronor, or more than \$32,000,000, according to the official reports just published by the Liquor Control Board.

One of the arguments used by Sweden's "wets" in the recent prohibition referendum in Sweden, which resulted in a victory for the anti-prohibitionists, was that in case Sweden went dry there would be a heavy loss of revenue from liquor taxes, and that other commodities might have to be surtaxed to make up the deficit.
