Young Fellows and The Young Fellows' Fathers

Many and many a father and son are wearers of Gilmour custom tailored clothes.

Aside from their good fitting qualities—the long service from hand tailoring and fine woolens—age and youth and personality find no restrictions when from the cloth itself the garments are fashioned to the man.

Fathers bring their sons around because they want the young chaps to have the good things of life, but have them without extravagance. And things are evened up by many of the young fellows bringing in their dads.

Free A 10-Day Tube of Pepsodent. Every home is welcome. Simply mail the coupon.

Beauties of All Races

Women of some 50 nations now whiten teeth in this way on modern research. The name is Pepsodent. These two great film combatants were embodied in it. Now this Pepsodent has come into worldwide use, largely by dental advice.

Do you know that millions of people, all the world over, are now cleaning teeth in a new way? One result is whiter, prettier teeth. You see them everywhere today.

If you don't know that method, we urge you to make this delightful test. See what it means to you. Why teeth discolor

Teeth are coated with a viscous film. You can feel it now. It clings to teeth, gets between the teeth and stays. Food stains, etc., discolor it, then it forms dingy coats. Tartar is based on film. Film also holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of

Thus most tooth troubles are now traced to film, which no ordinary tooth paste can effectively combat. So, under old methods, tooth troubles constantly increased, and beautiful teeth were less often seen than today. Two combatants now

Dental science, after long research, found two ways to fight film. One acts to curdle film, one to remove it, and without any harmful scouring.

Able authorities proved these methods effective.
Then a new-type tooth paste was created, based Made in Canada

Pepsaden The New-Day Dentifrice

dvised by dentists the world over. All druggists supply the large tubes.

of the viscous film. See how teeth whiten as the film-coats disappear.

You will soon realize that this method is important, both to you and yours. And, when you know that, you will not return to ineffective ways. Cut out the coupon now. 10-DAY TUBE FREE 1031 THE PEPSODENT COMPANY, Dept. D-427, 191 George St., Toronto, Ont. Mail 10-day Tube of Pepsodent to

Other new effects

Other results were found to be essential, and Pepsodent brings them. It multiplies the alkalinity of the saliva. That is there to neutralize mouth acids, the cause of tooth decay.

It multiplies the starch digestant in the saliva. That is there to digest starch deposits, for they may ferment and form acids.

Thus every use gives manifold power to these great natural tooth-protecting agents. And these combined effects are fast creating a new dental era.

You'll quickly see

These benefits are quickly seen and felt. One week will convince you that Pepsodent does what nothing else has done. The results will amaze and

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the
