"RED" SPEECHES ON CHAMP DE MARS

Capitalists Shivering With Fear of the Masses, the Claim of One.

Spoke to 3,000 Workless—Judges and Advocates Looked Down from Court House as Speakers Advocated a Soviet Council.

(Montreal Gazette.)

Nothing short of red, fiery revolution will solve the unemployment question in Montreal, according to Albert St. Martin, stenographer of the superior court, who addressed a meeting of about 3,000 workless on the Champ de Mars, Thursday afternoon. Speaking through a megaphone, so that his voice carried to the other side of Craig street, Mr. St. Martin announced that further demands of a peaceful nature were futile, and the League of the Unemployed would be formed. An executive committee, or council, on the Soviet model, will be chosen and a "plan of campaign" will be studied. The results of their deliberations will be announced at another open-air meeting to be held next Thursday afternoon on the Champ de Mars.

Bar-headed, gesticulating and with the perspiration streaming from his face, Mr. St. Martin thundered out impressions against the capitalists and the existing social system. The great ideal held forth was Russia; the means of attaining his goal was revolution, and revolution only; the hero of the movement was the workman in general, and the unemployed in particular.

"The time is approaching," he thundered, "we are gaining strength. The capitalists are shivering with fear and trembling for their ill-gotten gains. A little more patience and we shall be where we belong. There will be no violence until the crucial moment has arrived; but when it does come, and become capitalists, we shall shout 'Forward' and nothing shall withstand our storm."

Although there were several other speakers it was St. Martin who held

SAYS IT BUILT HER UP TO HER NORMAL WEIGHT

St. John Woman Had Suffered from Indigestion for Eighteen Years—Gains 23 Pounds and Health Completely Restored.

"Tanlac built me up from one hundred pounds to one hundred and thirty-five pounds, which is my normal weight," said Mrs. Agnes Leech, proprietor of the Stanley House, 190 Union street, St. John, N. B.

"I had suffered eighteen long years from stomach trouble and I am so overjoyed at my recovery I just can't find words to express how happy I feel. It is simply marvelous how Tanlac has restored my health, and if I lived to be a hundred years old I will never get through praising it. Just to show what an awful condition I was in, sometimes for two days I couldn't retain a thing on my stomach."

"I am just like a different person in every way now and I feel so well and strong it just looks like I am starting life over again."

DON'T NEGLECT BRONCHITIS

The principal symptom of bronchitis is a cough which is dry, harsh and hacking, accompanied with rapid wheezing and a feeling of tightness through the chest.

There is a raising of phlegm, especially in the morning after rising from bed. This phlegm is at first of a light color, but as the trouble progresses it becomes a yellowish or greenish color and is sometimes streaked with blood.

DR. WOOD'S NORWAY PINE SYRUP

you will find a remedy that will stimulate the weakened bronchial organs, soothe the inflamed parts, loosen the phlegm and mucous, and help nature to easily dislodge the mucus accumulation.

Mr. John H. Root, 40 Maple Ave., Hamilton, Ont., writes: "I was troubled with bronchitis and had a very bad cough. I had it so long I was beginning to get afraid of other developments. I tried all kinds of cough remedies without relief. I was advised by a friend to try Dr. Wood's Norway Pine Syrup, so I got a bottle, and it convinced me to believe that I had at last gotten the right medicine. I used several bottles and am practically well. I have recommended it to others since, and good results followed."

ASKS KU KLUX TO DISBAND

Dallas Declares it Has Brought Discord to a Peaceful City.

Dallas, Texas, April 10.—The Ku Klux Klan in Dallas was asked to disband by Mayor S. R. Aldridge in a statement in which he also requested all municipal employees who are members of the Klan to resign from that organization at once.

"The Ku Klux Klan is a mistake and should have no place among us," Mayor Aldridge said, adding that he would not brand all those who "have enlisted in it as disloyal citizens or unworthy men."

The Klan has brought discord to a peaceful city, and an organization which brings forth such fruit is wrong and should not exist, he declared.

WINNIPEG ELECTRIC

Ald. Fowler Opposes Extension of Franchise.

Winnipeg, April 10.—Winnipeg can take over, operate and pay for the Winnipeg Electric Railway's entire system within the city and own it free from debt within thirty years, without a cent of fare, was the answer Alderman F. O. Fowler gave to Mayor Edward Parnell's argument in favor of a ten-year extension of the existing franchise

at a special meeting of the public safety committee.

Valuing the system at approximately \$8,000,000, Alderman Fowler estimated the present earnings of the company would take care of operation, maintenance, interest and sinking fund and give the city full ownership in thirty years.

He challenged the statement made by Mayor Parnell that it was the council's duty to assist the company in giving the citizens good transportation service, by the assertion that the city could not afford to continue under the company's present system of financing and added figures to show that stock issued to shareholders at par was selling at a third less.

WOMAN'S SNAKE PETS.

Curator of Reptiles Quits at Home With Them.

London, April 10.—An unusual occupation for a woman is that of curator of the Reptile Department at the Natural History Museum.

The other day she was busy unpacking a consignment of snakes which had arrived. From a great glass jar she unwound a magnificent royal python about ten feet long.

"When I handle live poisonous snakes," she said, "I wear rabbit-skin gloves at first, but when I know my snakes I handle them with bare hands and let them wind themselves round by arms. I find they respond, like most wild things, to the proper method of handling."

As curator she has charge of all the exhibits in the reptile galleries and of the storehouse collections, and catalogues new specimens, alive, dried, or preserved in spirit. Perhaps her most interesting live specimen is a white Mexican axolotl, the creature that never grows a gland. The woman curator's axolotl, however, has made an experiment on its own account. It swallowed three pebbles, which can clearly be seen through its transparent skin.

INCOME TAX REGULATIONS.

Man Out of Work Taxed in England on Earnings of Wife.

London, April 10.—An interesting point in income tax law was raised at the London Guildhall. A collector applied for a commitment to prison of a man who had failed to answer a judgment summons for non-payment of the tax.

The court officer, who served the summons, explained that the man was out of work, and was living on embezzlement where his wife was engaged as barmaid. In answer to the collector's plea of proof he had of means, the collector stated he had only the certificate of the wife's earnings.

Ald. Sir James Rolf held that that was not proof of means, but the collector replied that under income tax law the earnings of man and wife were one. An adjournment was ordered.

CUTS WORLD MARK

Detroit, April 9.—Johnny Weissmuller, the Illinois Athletic Club star swimmer, clipped two-fifths of a second off his own world's record for the 220 yard freestyle, in winning the national championship for that distance in the Detroit Athletic Club tank last night. His time was 2:17 2-5.

When your liver becomes sluggish and inactive your whole health suffers. Your bowels become constipated, the tongue coated, the breath bad, the stomach full and the bilious spells occur on the account of the liver holding back the bile which is so essential to promote the movement of the bowels, and the bile gets into the blood, instead of passing out through the usual channel.

The only way to keep the liver active and working properly, and thus get rid of the nasty bilious attacks, is to keep the bowels regular by using

MILBURN'S LAXA-LIVER PILLS

They are purely vegetable, small and easy to take, work smoothly and gently, and there is nothing of the griping, weakening and sickening effects of the old-fashioned purgatives.

Mr. John S. Caron, Donavon, Sask., writes: "I was troubled with my liver and had severe bilious attacks. A friend advised me to try Milburn's Laxa-Liver Pills, so I took two vials and I have had no more attacks."
