For Sale By  
The Ross Drug Co. Ltd.  
The Retail Store  
100 King St. St. John, N. B.

## Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on the stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, others who have sallowness, blood disorders and sickly complexions are urged to get a quart of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside-bathing before breakfast.

## NOTICE

The Department of Marine and Fisheries of Canada is desirous of ascertaining the whereabouts of relatives of the late D. Hamel (D. O'Mal) who lost his life on the C. G. S. "Simcoe" on December 7, 1917. A considerable compassionate allowance is awaiting payment.

The late D. Hamel (D. O'Mal) left the C. G. S. "Dollard" in May and re-joined in September, 1917; later was transferred to the C. G. S. "Simcoe". Any information respecting his relatives will be appreciated by the undersigned.

J. C. CHESLEY,  
Agent Marine & Fisheries, Dept. 4-5

## Doors That Are Better

We are landing today our Pine Doors, All 5 Cross Panel, Brud and Cove moulding; perfectly clear. Will take a good natural wood finish or stain. Let us show you these doors. Our prices are the lowest.

## THE GROCERY MARKET

The following comment on the market situation as regards food stuffs appeared in Canadian Grocer last week:

There appears to be a generally improved feeling among the trade, business generally showing a considerable improvement. There are some lines that have been starting to move, but the case in butter, where there have been advances of upwards of five cents a pound, with no indication of any tendency toward recession, excepting the figures on the Canadian market replenishing their stocks, and this substantial buying movement in the face of general stocks already none too ample has forced the market upward rapidly. Beef and lard and shortening are also showing advances as a result of strong export buying.

Montreal—Many advances are made this week in the markets here. Coffee, which has shown firming tendencies, has gone up one cent per pound all around. Canned goods are advanced ten cents a dozen. Laundry blues are up, and new pack lobster is being booked at much stiffer prices than those obtaining last year. Nuts are steadily firm, and even peanuts are firm at producing points. Dried fruits are firm, and some export advances to be made for prunes, while raisins are scarce and high. Evaporated apples and peaches and pears are also firm. Coffee essence is higher in each of three sizes. Hay has advanced one cent per ton, and oats are up in some grades five cents over last week's figures. In the vegetable list carrots, parsnips and onions are higher.

Among the declines registered is one for soap powder and several for spices of various kinds. Rosin is down one cent. Corn syrup is very firm, due to the high price obtaining for corn, and advances may come. Rolled oats are selling at an unchanged price, but with an advance to be made.

Toronto—There is a markedly stronger feeling this week in both tea and coffee. Well-placed authorities state that the present prices of tea do not represent the present market value within three cents a pound, and there is a reasonable likelihood that advances will be the order of the day before long.

The coffee situation that has been unsettled for some time has finally become active, the advances that had been anticipated for some time past become definitely effective this week, shaking a general advance of about three cents a pound on all grades. This is due to the fact that stocks have been practically exhausted, and that handlers are now working on new importations. Cereals show a somewhat stronger feeling, also, commensal and hominy registering advances. Rolled oats remain at the same figures, though there are indications that advances are coming, as present prices do not reflect the grain market. There are some new importations in cereals, Florida tomatoes and celery are arriving in good quantities and in fine quality. In fruits, bananas, oranges and grapefruit show an upward tendency. Cocoanuts have appeared on the market.

Winnipeg—There has been an active demand noted for coffee on this market, and there is the tendency of advancing prices in the near future. Tea, too, is showing a much firmer feeling than has been the case for some time, and it is probable that higher prices will be the order of the day later in the season. There is only a very light demand for beans, but rice shows a considerably improved feeling.

## WOMAN SAVED MUCH SUFFERING

By taking Friend's Advice and Lydia E. Pinkham's Vegetable Compound.

West Plains, Mo.—"I was all run down in health, had indigestion and terrible cramps every month so I was unable to do anything. I had tried every doctor in West Plains, also every remedy I could think of, without relief. One day when I was suffering greatly a friend was at my house and said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound?' So I did, and through it I really believe I saved my life. It does not seem as though I can say enough in praise of this wonderful medicine for the health it has brought me."—Miss CORA LEE HALL, West Plains, Mo.

Perhaps it may seem an extravagant statement to say that this great remedy saved a life, but women like Mrs. Hall, to whom it has brought health, appreciate the danger and suffering they have escaped too well to doubt it! All who suffer should try it. Why risk life and health without it?

For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass.

## THE CHARGE AGAINST SENATOR C. HUMBERT

Paris, April 2.—Only a few persons were present in the court room today, the continued reading of the indictment against Senator Charles Humbert and his staff, accomplished, on trial charged with having carried on commerce with the enemy.

That part of the indictment referring to M. Humbert ended as follows:—"The relations of Humbert with Pierre Lenir and William Desouches on the one hand, and with Bolo Pasha on the other hand, and his acceptance of millions of francs from these agents of Germany, and his partnership with them, constitute money relations with them. While it is possible that he ignored the source from which the money by which he benefited originated, these facts constitute the crime of commerce with the enemy, although they seem insufficient for an accusation of the graver charge of intelligence with the enemy."

Among the declines registered is one for soap powder and several for spices of various kinds. Rosin is down one cent. Corn syrup is very firm, due to the high price obtaining for corn, and advances may come. Rolled oats are selling at an unchanged price, but with an advance to be made.

Toronto—There is a markedly stronger feeling this week in both tea and coffee. Well-placed authorities state that the present prices of tea do not represent the present market value within three cents a pound, and there is a reasonable likelihood that advances will be the order of the day before long.

The coffee situation that has been unsettled for some time has finally become active, the advances that had been anticipated for some time past become definitely effective this week, shaking a general advance of about three cents a pound on all grades. This is due to the fact that stocks have been practically exhausted, and that handlers are now working on new importations. Cereals show a somewhat stronger feeling, also, commensal and hominy registering advances. Rolled oats remain at the same figures, though there are indications that advances are coming, as present prices do not reflect the grain market. There are some new importations in cereals, Florida tomatoes and celery are arriving in good quantities and in fine quality. In fruits, bananas, oranges and grapefruit show an upward tendency. Cocoanuts have appeared on the market.

Winnipeg—There has been an active demand noted for coffee on this market, and there is the tendency of advancing prices in the near future. Tea, too, is showing a much firmer feeling than has been the case for some time, and it is probable that higher prices will be the order of the day later in the season. Some GO to our new Spring suits. They are going out as fast as the makers can send them.

No trouble about getting good clothing this spring. The only trouble is to get enough of the good quality. You are human and you'll be as pleased as other men with the change in models.

The attractive variety in patterns and the colors will demobilize your prejudice against novelty.
