LOCAL NEWS

CAR OF HORSES.
There passed through the city today a large cattle car in which were eight or ten valuable heavy horses being taken through to Newfoundland from Perth, Ont. They were fine-looking animals and were being well taken care of by those in charge.

HIGH PRICE FOR FOXES.
A man who arrived at North Sydney from Newfoundland last week with four silver foxes was offered \$5,000 for the lot, but refused it and went on to Prince Edward Island, where he said he could do much better.

BURIED TODAY.
The funeral of Walter F. Hogan took place this afternoon at 2:30 o'clock from his parents' home in Union street. Funeral services were conducted in the cathedral by Rev. Dr. A. W. Methan and interment was in the new Catholic cemetery. The pall bearers were Roy McDonald, Charles O'Riagan, Austin McGuire, Joseph Ward, Gregory Ward and Gerald Dolan.

"FIND" WAS NOT VALUABLE.
A King street incident of this week bears out the old moral "it is better to be sure than sorry." In one of those traps that snap down and break the back, a mischievous lad took the rat, wrapped it up nicely and threw the parcel into an automobile as the car was going up King street. The parcel, however, fell out and a minute afterward came along a well-dressed woman. She picked up the neat package and thrust it into her handbag and continued on her way. Had there not been an unwelcome surprise when she reached home.

ILL-TREATING OLD MAN.
An indignant citizen, in adding to several complaints received at the Times office concerning treatment accorded Charles Diggins, yesterday said it was disgraceful and unmanly the way boys and youths persisted in abusing the old colored man, who, if left alone, was not troublesome. On Wednesday and Thursday of this week he was shamefully ill-treated in King street by boys who pelted stones and snowballs at him, and apparently without any sense of what was manly or upright, taking advantage of his years to elude pursuit. The citizen, who is strongly on the matter, said that if an appeal to manliness is not effective, it might be borne in mind that it is known where these offenders work, and a visit from the police next will be in order.

PREPARING TO HAND OVER CENTRAL RAILWAY TO CANADIAN PACIFIC

The commissioners of the Central Railway are preparing to hand over the road to the Canadian Pacific Railway at the first of the year in accordance with the agreement made at the time the construction of the Milno-Gilbon railway was arranged for. E. G. Evans, former manager and chief engineer of the road is in the city giving the commissioners the benefit of his experience in their work of preparing the affairs of the road for the transfer.

TO BE MARRIED IN ROOMS OF GIRLS' ASSOCIATION

The Girls' Association is proving itself very popular with a large number of the business girls of the city, and many are joining its ranks. Miss Heffer's class in physical culture, John Bullock's class in music, and the singing and dancing, are keenly appreciated and enjoyed. Miss Pitt, the superintendent, is meeting with success and encouragement in their work. A treat is in store for the girls this evening in a lecture to be given by Rev. M. E. Fletcher with one hundred stereoscopic views. A happy event will take place on Monday evening next in the rooms of the association when one of the girls will be united in marriage in the presence of immediate friends, and the members of the committee of supervision.

THE PRICE OF MILK

Although it has been reported on several occasions that the price of milk in St. John would be advanced from four cents a pint and seven cents a quart to five cents a pint and eight cents a quart, milk is still retailing at the former prices, but it is now said on good authority that the price will be advanced before very long.

A prominent dairyman told a Times reporter that the milk supply for St. John was rather limited. High freight rates from one section, he said, had to do with this. He was of the opinion that the opening of the Valley Railway would alleviate matters considerably.

The matter of raising the price of the milk was being discussed now by the farmers and dairymen, and some wholesale dealers had already advanced their prices. Farmers of Sussex and vicinity have formed a milk shippers association and decided to advance their prices five cents a can for milk and twenty-five cents a can for cream, these advances to hold until September 1 of next year.

MARRIED IN CHIPMAN

An interesting wedding took place yesterday at Chipman when Miss M. Laura Darragh became the bride of Andrew Norman Mungall, resident engineer with the Transcontinental Railway in Cochrane, Ont. The ceremony was performed by Rev. Edwin Smythe, at the Chipman House, of which the bride's brother, Wm. C. Darragh, is proprietor. They were united.

After the wedding a dainty lunch was served and later Mr. and Mrs. Mungall left by train for St. John, passing through here to Montreal, where they will spend a few days before going to their future home in Cochrane. They have a large number of friends and that they are held in esteem by them was shown in the variety of remembrances received in honor of the event.

THE ALLIANCE COMMITTEE

It was wrongly stated yesterday that the committee will be to inquire into the moral and social conditions within the home of the community. There is a feeling that, in many, conditions are not favorable to moral living and the alliance is desirous of having exact knowledge.

PHILLIPS CASE TO BE GONE INTO ON TUESDAY MORNING

Papers Coming From Ottawa—Today's Proceedings in Police Court

Herman G. Phillips, who was brought to the city from Marlboro, Mass., yesterday by Detective Killen, was arraigned in the police court yesterday afternoon, charged with obtaining money under false pretences, theft and forgery. He pleaded not guilty and was remanded to jail. The preliminary hearing in the case was to have been begun this morning, but G. Earle Logan, acting for the department of justice, asked for an adjournment as several papers which were to be used in the case had not arrived from Ottawa. His Honor granted the adjournment until Tuesday morning next at eleven o'clock. John Murphy, aged 23, charged with being drunk, breaking windows in John McCluskey's house in Carmarthen street, and also using threatening language to Mr. McCluskey, was fined \$8 or two months in jail for drunkenness and was remanded on the other charges. The complainant said that Murphy went to his house last night, and when refused admittance, threw a stone through a window and threatened to break every window in the house. Albert Elliott, aged 27, charged with lying and lurking in a barn of Metolf street, and also with being a common vagrant, was fined \$6 or two months in jail with hard labor. One prisoner, charged with drunkenness, was fined \$8 or two months in jail.

THREE FAMILIES ARE SUFFERERS BY FIRE IN NORTH END OF CITY

Blaze in House of Mrs. Alex. Carbet at Corner of Barker and Somerset Streets

A defective flue is believed to have been responsible for a fire which broke out this morning about half past ten o'clock in the dwelling of Mrs. Alex. Carbet at the corner of Barker and Somerset streets and which wrought considerable damage before being extinguished, a task which required much hard fighting upon the part of the fire department. The house was occupied by Mrs. Carbet, Sherman Johnson, and Walter Tweartin, who conducted a grocery store and occupied the lower flat in the house as well. Mrs. Carbet lost practically all her furniture and also lost heavily upon the house, which she had insured. Mrs. Johnson also suffered much loss, while the stock of goods of Mr. Tweartin as well as his household effects were badly damaged. Much of the damage was sustained by smoke and water. The house was badly gutted, the firemen finding it difficult to locate the source of the blaze without cutting into the wood-work.

FIRST WINTER PORT STEAMERS NOW ON WAY TO ST. JOHN

Empress of Ireland and Corsican Left the Other Side Today

In about a week the winter port season at this port will be inaugurated. Workmen are busily engaged securing the wharves at Sand Point getting things in shape for the arrival of the first steamer, and getting the cables repaired for the shafts that occupy them during the season. Within a few days the employees of the company are expected to arrive from Montreal and Quebec.

The first two steamers, scheduled to arrive on the opening day of the season, are leaving the other side today. The S. S. Empress of Ireland will be the first C. I. vessel, and the S. S. Corsican the first Allan liner. Both are due here on or about Nov. 22 with large cargoes and quite a few passengers. Both will come via Halifax.

With the arrival of these two steamers the season will have begun. The outlook generally is for an exceptionally busy and successful period. Several of the steamship companies have arranged for the sailing this winter, and it is predicted that the business will be far exceed that of any previous year.

The first Donaldson liner to arrive will be the S. S. Athena, Captain Black, which will sail from Glasgow on Nov. 23, and is due here about Dec. 3.

WARNING TO BOYS WHO STEAL PAPERS

A lad named Jacob Holtzman was arrested this morning by Detective Lucas for stealing copies of The Telegraph from the doorway of E. G. Nelson & Co., and from other places in King and Charlotte streets. He pleaded guilty in the police court this morning and was remanded until two o'clock this afternoon. Two other thieves who have been seen active around the corner of Duke and Germain streets, and from that neighborhood toward Redfox Point, have also been detected, and evidence against others is being secured. Many citizens and several news dealers have suffered much annoyance and inconvenience from the activities of such boys, and the arrest of Holtzman is the beginning of a movement to arrest and punish every boy who steals papers.

THE RHODESIAN
The Allan liner Rhodesian, Captain Robinson, is due to arrive here today via Halifax. She will load late for the West Indies.
