ON THE MARKET

PROVINCIAL PRODUCT ON SALE IN VICTORIA

Compares Favorably With Output of Melrose Mills, the Standard Brand of Canada.

British Columbia cheese is now on -1, Mrs. L. Darling; 2, Mrs. A. B. King. sale in many of the retail stores in Vicweeks ago one factory has been completed at Langley, another is under For the best cake made from Drifted | construction at the same place and still another at Chilliwack. In the exhibition there are three cheeses from the Langley factory, two colored, and one of natural tint that compare favorably with some of the most established brands on the market.

The new product is being made by the British Columbia Cheese Company of Langley, the president of which is E. G. Sherwood, a prominent banker of Blaine, F. S. Rolph is superintendent of the factory. He has had wide experience in some of the biggest fac-

tories of the East. Regarding quality, it is to be regretted that there is no cheese class in the fair so that the exhibit could not be placed in competition. This morning, however, a careful test was made of the Langley product side by side with the Melrose Mills, made by the Ingersoll Packing Company, of Ontario, and recognized throughout the Dominion as the standard brand of Canadian cheddar. In flavor and tecture the article made in British Columbia is fully up to the high standard mentioned. Though F. R. Stewart & Co., who are handling the provincial product, have not spec ally pushed it a considerable demand has been created in the short time it has been on the market.

Vancouver Island farmers should make a point of obtaining some of the new cheese. As stated above, there are three factories that will shortly be in operation in the Fraser valley. It is ertain that another in the vicinity of Victoria would, under capable management, be a financial success.

DEATH OF HENRY GOWARD.

Well Known Citizen of Victoria passed Away on Tuesday.

The death occurred on Tuesday of Henry Goward of Rockwood, Victoria. The deceased has resided for many years in this city and was well known He has during the time he lived in the city filled an important place in connection with the educational institutions here as an instructor. Later he assumed the office of Librarian of the public library, retiring from the position when the new building was opened. The deceased had reached the advanced age of 78 years. He was highly respected wherever known on account of his scholastic attainments and culture. Specimen foliage plant-1. Frank Wol- Mr. Goward's life had been devoted to aston; 2, John Sherburn.

Macdonald, Leader of Oppo Departed for Rossland on Tuesday. Morning.

J. A. Macdonald, K. C., the leader of

the opposition in the local legislature, left on Tuesday for his home in Rossland, after spending several days in this city. During the recess since the rising of the legislature, Mr. Macdonald has made it a point to visit many portions of of the districts.

For this purpose he made a tour of the Cariboo country, and a report of his impressions respecting that important sec tion of the province has already app in the columns of the Times. Mr. digestive and assimilating power of donald expects to see wonderful develop ment in Cariboo again. The advent of the Guggenheims will have a tendency to bring that country to the attention of the investing world, and there will probably follow other investors who will

In the Kootenays Mr. Macdonald says there is general activity. This is accounted for, he says, altogether from the fact -On Tuesday evening at Ladysmith that the price of metals in the world's at such a rate. This has given an im-
