PNEUMONIA AND CROUP

"I take my pen in hand to inform you of the great cure effected by your medicines. Some time ago my husband was taken down with lung fever. It came on him with a chill in the night. It happened I had a supply of your medicine in the house at the time. I rubbed his chest and back with the Ready Relief. I gave him a teaspoonful in a little hot water to drink, to help warm and stimulate him, and in about half an hour three of the Ready Relief Pills. By the time the doctor came the next morning he was much better. The doctor wanted to know what I had been doing. I told him. He said that was good, that they were good medicines. Another case I had was with my little nephew who was staying with me. He was taken with croup. I rubbed his throat, chest and back with the Ready Relief, gave him doses about an hour apart, followed it by a dose of pills. By the next day he was about all right. I have been using this medicine, with my family and my neighbors, for about 90 years, and never knew it to fail, when the directions were carefully followed. I would feel greatly obliged to you to please forward me 'Faise and True,' one of your publications, for which I enclose stamp, for I absolutely need it, at once, if you please. You are at liberty to make use of this testimony as you may think proper."

Yours respectfully MR. ELIZA DUNN, Jacksonville, Morgan Co. Illinois, November 2, 1898.

Illustration of a woman in a long dress and hat, standing in a city street. Text: Corticelli Skirt Protector is all wool and the wool is selected for its elasticity, fineness and softness. It has a porous, elastic weave. It will not chafe the finest shoes. It is better than any other Skirt Protector because there is no cotton in it. Any "binding" with cotton in it will skrink and pucker the skirt. When the pile wears off it will wear the gloss off your shoes. Corticelli Protector will outwear the skirt. Sewed on flat, not turned over - The genuine is labelled Corticelli
