

REV. C. STEWART PASSED AWAY AT SACKVILLE

Leading Methodist Divine And Mount Allison Professor Is Dead After Active Career—Had Preached In St. John.

WAS MAN OF HIGH ATTAINMENTS

Special to The Standard. Sackville, Aug. 24.—The death of Rev. Chas. Stewart, D. D., professor of Old Testament theology and sometime dean of the faculty of theology, at Mount Allison University, took place this evening at his home here.

Dr. Stewart's death is to a great many, entirely unexpected. It followed a long illness last spring when it was sometimes thought he would not recover. He regained almost perfect health, however, so that all thoughts of death were banished until a week ago when he again took ill.

He leaves besides his wife, two sons living away from home, and a daughter, Hattie, at home.

Rev. Dr. Stewart was of Scottish parentage and was born at Glasgow, Scotland. His education was private rather than public. He came to Canada in the summer of 1852. Immediately the western ministry engaged his attention and after successful pastorates in Liverpool, N. B.; St. John, N. B.; Windsor, Fredericton, Amherst and other places went to Mount Allison as C. F. Allison professor of Old Testament exegesis and systematic theology and professor of moral philosophy and evidences of Christianity succeeding the late Dr. Chas. DeWolfe.

The degree of D. D. was conferred upon him by Mount Allison immediately upon his appointment. For almost 40 years Dr. Stewart had been in connection with Mount Allison and during that period of zealous and faithful work he has wielded an important influence over men who have been trained for the Methodist ministry. Some years ago he was forced by advancing years to give up some of his duties at the university and to devote his time to the study of Old Testament theology until his death.

Dr. Stewart had not been without considerable recognition in various capacities. In 1875 he was president of the Eastern British American Conference before the union and in that year he went to England as the deputation to prepare for the great union of Methodism in Canada which was effected in the following year.

In 1888 he was president of the N. B. and P. E. I. conference. In 1888 he was representative from the Methodist church in Canada to the five British Methodist conferences in Great Britain and in 1891 he was representative of the N. B. and P. E. I. conference to the Ecumenical conference in London.

Although widely known and revered through the Maritime Provinces, it was in the classroom and in the Town of Sackville where he was most loved and many honors were held out to him. He was a member of the church, superintendent of the Sunday school, president of the Bible society and an officer of the missionary society until his death.

It was said of him that "all who come in contact with Dr. Stewart cannot but admire his firm Christian character, his close application to duty and his persistent efforts for the welfare of all his students. In an age where the youths are tossed hither and thither by conflicting thoughts and aims, his example is an inspiration to all seekers after a harmonic creed."

Five Young New Englanders Under Arrest On Serious Charge At Baltimore, After Journey Of 3,000 Miles.

HARD TACK AND WATER THEIR DAILY PORTION

Baltimore, Md., August 24.—Charged with mutiny on the high seas, five young men of Massachusetts were lodged in jail here today after having been brought 3,000 miles to answer for their alleged crime. They gave their names as William D. Albert, of New Bedford; Chas. Mitchell, of Worcester; E. W. Lillaya, of Lowell; Geo. Turner, of Cambridge and Geo. White, of Somerville. They reached this city this afternoon on the Apache, to which they were transferred last night from the vessels of the midshipmen's practice squadron, now at the mouth of the Patuxent River, on which they were brought from the shores of the United States consul station here. They had been placed in his custody by Captain Carvalho, of the whaler Pelro Varilla, of New Bedford. Also in custody are Jerome McCarthy and John W. Haddock, likewise members of the crew of the Varilla, who are held as witnesses. Haddock, declare the men, charged with mutiny, was the ringleader in the affair which about 1907.

The specific allegations against the men is that they disabled the Varilla by mutilating the windlass and throwing it overboard, making it necessary to take the vessel into port for repairs. This the five men under arrest acknowledge, adding the allegation that they were brutally treated, and altogether inadequately fed, and that their protest to Capt. Carvalho was disregarded. The prisoners are all young men, without experience as seamen, and seemingly ignorant of the gravity of the crime with which they are charged, the penalty for which is a prison sentence of indefinite length.

The men were given a preliminary hearing by United States Commissioner Board on board the Apache before being brought to this city.

NON-POLITICAL GATHERING IN NOVA SCOTIA

Conservatives Pick Winners In Nova Scotia

ACTUAL WORK TELLS AT THIS STAGE

Some of our contestants have organized a get busy club and the results are encouraging. The first rule appears to be to get a campaign manager at the head of affairs. Nearly all women have a brother or friend of the sterner sex who would be only too willing to help his best friend.

With such a friend everything is possible, for every available source of votes can be discussed and the best means adopted for securing them. Possibly you have not yet done this and are neglecting the opportunity to interest some lively vote getter in your behalf, because you think—oh, dear, I don't like to ask him, he is so busy. Pray heed what the contest manager saw last week. One of the busiest men in St. John came into The Standard and New Star office, his face beaming as if he had just concluded some successful business deal, and laid down on the desk two subscriptions for a candidate who heretofore has made little progress.

That encouragement has made all the difference to that candidate, and she is certain to be heard from soon. Strictly speaking he was not her campaign manager but just one who appreciated the opportunity to get some routine, and was taking as much interest and pleasure in the contest as the candidate herself. No source of help can be despised from the school girl who contributes her single coupon to her teacher at school to the business man who contributes his 2000 to 3000 votes by paying a year ahead for The Standard or New Star. All count and will bring the Bermuda and New York City tour to be realized.

Proceeding in this way you are sure to pile up votes and BOUND TO WIN. It may be a little hard in the beginning, but after a few steps are taken in the right direction it becomes real fun instead of a task. The fight is exhilarating, every victory makes us feel stronger and if once in a while we should meet with defeat, it will only make our next effort more determined.

FLOWER CARPET FOR EUCHRIST

Floral Offerings From All Over Canada Will Decorate The Streets Of Montreal On Day Of Procession.

Special to The Standard. Montreal, Aug. 24.—It will be over a carpet of natural flowers that the eucharist will be carried through the streets of Montreal at the procession during the eucharistic congress. Not a square inch of the pavement will be left bare and tons of flowers will be used for the purpose being spread on the ground all along the way, a few yards in advance of the canopy covering the papal legate carrying the consecrated host.

In anticipation of the event the sacred heart league started a movement on April last for the raising of flowers and thousands answered to the call from Nova Scotia to the Rockies. Everywhere in North America where there is a Catholic, a few flowers have been raised for the eucharistic congress, the finest of which will be used to decorate the grounds and the balance to carpet the streets.

It is needless to say that the neutrality of Canadian warships and of Canadian ports and harbors in a war which might decide the fate of the British Empire would mean the complete separation of Canada from the Empire. We take direct issue with the government on that question.

No Neutrality. The continents are separate, but the sea is one. A British fleet upon the high seas flying the British flag cannot be neutral in the event of war whether commissioned by Great Britain or any of the great dominions. Sir Wilfrid Laurier declares that the Canadian warships are not to form a part of the British naval forces and are not to fight until an order in council has been passed. In the meantime a Canadian cruiser meeting an enemy's ship must either host the neutral flag, run away or surrender. The Empire cannot be preserved under any such conditions. The great and important reservation made by the British Admiralty at the Imperial conference in 1907 was this: That in time of war the naval forces of the Empire must be under one central control. It does not require a naval expert to comprehend that this is necessary. Any such course prepared by the government must inevitably lead to disaster and ruin for which no punishment of those responsible could thereafter atone.

Prize For Best Looking Corps At Truro Went To Glace Bay—Winners Of The Athletic Events.

SPRINGHILL MAN BROKE HIS ANKLE

Special to The Standard. Truro, Aug. 24.—The firemen's tournament sports were started this afternoon on the T. A. A. C. grounds. The weather was perfect and the crowd the largest which ever attended an athletic meet in Truro.

An unfortunate accident marred the proceedings, when Doyle, of Springhill, in the first run of the hose coupling contest, slipped and broke his left leg just above the ankle. Doyle showed exceptional pluck and on all sides was heard remarking on his wonderful grit.

A subscription fund was started and a large sum of money collected to help the Springhill firemen defray expenses during his enforced stay in the Truro hospital.

The first event pulled off was the quarter mile hose reel race. After many fast and exciting runs the first place went to Sydney in the fast time of 1:17.5. It looked as if the Truro team had the race tucked away for they ran the course faster than any other 19 entries, but a little trouble at the break lowered their chances. The hook and ladder race caused a bunch of excitement when three teams, Amherst, Springhill and Charlottetown all tied for first place. In the runoff the boys from the strike zone were winners in the fast time of 12 seconds flat. The hose coupling contest was not finished but will be tomorrow morning.

Final Events. The last events of the day were the first ten heats of the one hundred yards dash. Blanche of Amherst made the fastest time, doing his heat in 10.35. The finals of the 100 yards dash, the heats, semi-finals and finals of the 50 yard relay race will be run off tomorrow morning commencing at nine.

This evening a band concert was held in Victoria Park. Beautiful Joe Howe falls were lighted by electricity and red fire. Fire works were set off from different points; dance, dancing in, and every one had a bird of a time, as a St. John veteran remarked.

LILLIS SAYS HE WILL NOT MARRY

Man Whom Cudahy Slashed Denies Report That He Is To Wed Divorced Wife Of His Assailant.

New York, Aug. 24.—Jere S. Lillis, who was bound and beaten in the Kansas City home of John P. Cudahy denied today that he will marry Mrs. Cudahy, who has just obtained a divorce from her husband on grounds of incompatibility. "Any report that Mrs. Cudahy is coming east to meet me," he said in his hotel here this afternoon, "and that we are to be married, is absurd on the face of it—we haven't corresponded and I don't know anything about her—I have no intention of marrying anyone. Moreover, I couldn't marry Mrs. Cudahy if I wanted to. There are religious obstacles in the way. I want to be left alone. I am staying here with my two sisters, whom I should prefer that the public cease its interest in me."
