

## AGRICULTURAL ESTIMATES BEFORE THE LOCAL HOUSE

Premier Fleming Announces that Notwithstanding Grant from Dominion Government, Province will not Reduce its Own Aid to Agriculture — Will Pursue More Progressive Policy than Ever.

Special to The Standard.  
Fredericton, March 3.—The House spent most of the afternoon sitting in supply and made excellent progress. While the agricultural estimates were about all passed Premier Fleming said he desired to leave them open until Hon. Dr. Landry, Commissioner of Agriculture, would be present, as he might desire to make some announcements in connection with the different appropriations.

The Premier made the position of the government clear that, notwithstanding the large amount the province would receive from the Federal government, the provincial appropriation for the advancement of agriculture would not be reduced, and that the department intended to pursue an even more vigorous, more progressive and extensive policy during the present year.

It is planned to resume the granting of supply tomorrow and it is probable that all the items will be passed. Hon. Mr. Fleming moved today for an extension of time until Thursday for the introduction of private bills, and it is not expected that any further extension will be necessary.

A delegation from the St. John School arrived here this evening to interview the government.

The House met at three o'clock. Mr. Munro presented a petition in favor of a bill to incorporate the Aberdeen Railway and Power Co.

Hon. Mr. Morrissey presented the petition of the town of Newcastle in favor of a bill relating to the assessment and collection of taxes in the town of Newcastle.

Mr. Dickson (Albert) on behalf of Mr. Jones, presented a petition in favor of a bill to incorporate the St. John Suburban Railway Co.

The House went into committee with Mr. Dickson in the chair and took up consideration of the bill to confirm an agreement between the crown and the St. John Railway Company.

Hon. Mr. Morrissey explained that the bill was introduced to ratify an agreement between the government and the St. John Railway Company regarding the rental to be paid by the company for the use of the new suspension bridge at St. John.

The bill was agreed to, as was also the bill to make further provision for permanent bridges and works of a permanent character and a bill to correct a printer's error in the bill respecting the protection of woods from fire.

The Clerk's Salary.  
The bill respecting the clerk of the executive council, was then considered. Hon. Mr. Grimmer said the bill was introduced for the purpose of leaving it in the hands of the Lieutenant Governor in Council what salary shall be paid to the clerk. The duties of the clerk had increased very materially and while, perhaps, there was no intention of increasing the salary it would be well that when the occasion arose the government would have the power to grant the increase without seeking legislation to do it.

The bill was agreed to.

The House went into committee on supply with Mr. Dickson (Albert) in the chair. On the item of \$1,200 for criminal prosecutions, Hon. Mr. Fleming said that hon. members would notice from the auditor general's report that the amount expended for criminal prosecutions last year was \$1,176.77, a sum not as large as the average expenditure for this work.

The province also did not have to pay the salary and travelling expenses of a solicitor general. Notwithstanding that fact the government had increased on the criminal prosecutions without increasing the cost at all.

Big Agricultural Programme.  
On the item of \$2,000 for agricultural contingencies, Hon. Mr. McLeod said that the estimate for \$500 in excess of the amount last year. However the department would expend over \$100,000 this year while the total expenditure last year had been between \$60,000 and \$80,000. The expenditure this year would be the largest in the history of the province and there would necessarily be an increase in the amount required for contingencies which comprised stationery, typewriting supplies, etc.

On the item of \$4,500 for the encouragement of dairying, Hon. Mr. Fleming said that the estimate was the same as last year. Notwithstanding the large Dominion grant for agricultural education it was not the intention of the government to reduce the appropriation for this important service, but it was the intention to pursue a more vigorous, more progressive and more extensive campaign in the interest of the farmers of the province.

It was the intention of the commission to inaugurate a more progressive campaign in connection with dairying than had been undertaken during the past three or four years in an endeavor to bring the province up to the level of the other provinces.

The St. John Exhibition.  
Mr. Lockhart inquired regarding the St. John Exhibition.

Hon. Mr. Fleming said that the St. John exhibition had received a grant last year, but it did not show in the auditor general's report, for the reason that the statement of the prize list was not received until after the close of the fiscal year. He referred to the better farming special train which had visited the province last season as a more effective way to distribute agricultural education.

More than twenty-six thousand people had visited the train and had taken advantage of the opportunities it offered for learning better farming methods, and the cost to the province had been only a few hundred dollars, the C. P. R. having provided and fitted up the train.

Mr. Slipp regretted that the farming special had not gone over the province's own railway, and therefore had not visited Chipman district, Cod's and other places. He believed that money for agricultural education was better spent in such a way than on grants to exhibitions. He said he had in mind the St. John exhibition he visited a couple of years ago which was a better exhibit of farm machinery and goods from stores than an exhibition of agricultural products, livestock, etc. If grants were to be given to exhibitions from the vote for agriculture they should go to the improvement of agriculture.

The Brown Tail Moth.  
On the item of \$1,000 for the extermination of the brown tail moth.

to its highest standard. The provincial appropriation for the encouragement of dairying would be supplemented to a considerable extent by the federal grant.

On the item of \$4,500 for the encouragement of dairying, Hon. Mr. McLeod said that the estimate was considerably less than last year as encouragement for horticulture would be very largely assisted by the federal grant which enabled the government to make the provincial grant smaller.

The Farm Settlement Board.  
On the item of \$1,500 for the farm settlement board, Hon. Mr. Fleming said there had been no expenditure for years that would mean ready approval from the honorable members. The farm settlement board had been appointed by the government in September last and had gotten to work as soon as possible. The board had already accomplished much good.

When the Farm Settlement Board legislation was before the house at the last session a newspaper, unfriendly to the administration, had said that the friends of the government would be coming forward and unloading farms on the board. However, the board was buying nothing but bargain counter farms and was settling suitable properties at cheap prices.

Already the Farm Settlement Board had carried its operations into the counties of Gloucester, Northumberland, Sunbury, York, Kings and Carleton as well as some other counties. This week Mr. Hay and Mr. Gilchrist were going to Albert county to look over some property and it was the intention to have the scope of operations extend all over the province. If it was possible to carry this work on for \$1,500 a year under such favorable arrangements as at present in vogue it was certainly in the province's best interest to do so.

Make Province Better Known.  
On the item of \$600 for miscellaneous agriculture, including the insurance on exhibition buildings, Hon. Mr. McLeod, in reply to Mr. Black, said that the insurance premiums to be provided for were on the policies held by the province on the St. John exhibition buildings in which the province had a large financial interest.

Mr. Slipp said he would like to see more money expended by the department of agriculture in making the province better known. An important matter in this connection was to have well shown its advantages and to be well to have an official whose duties would include this work.

Hon. Mr. McLeod said he was sure that with more money and with a complete staff to carry on the work the agricultural department would be glad to do what it could along the lines referred to by the hon. member for Queens.

Hon. Mr. Fleming said that more complete organization which the agricultural department would have would make it possible for them to meet just such cases as the hon. member for Queens had referred to. He said that in the past Mr. Hubbard while secretary for agriculture had done the best he could to look after such matters, but the Dominion government, having officers as well as officials of the agricultural department, and the superintendent of immigration at St. John, there would be sufficient organization to handle things properly. During the last few days he had heard of a man with \$5,000 capital who wanted to come to New Brunswick, and a list of properties which could be purchased for from \$8,000 to \$10,000 had been submitted to him, and it was altogether likely that he would become the owner of one of the properties. Efforts to advertise New Brunswick were meeting with good results.

On the item of \$5,000 for exhibition, Hon. Mr. McLeod said that \$300 of the amount which would go to the Charlotte county exhibition to be held at St. Stephen had, at the suggestion of Mr. Gupill, one of the members for Charlotte, been set aside for a fish fair prize, in connection with it, which would be for competition by fishermen from the islands of Campbell, Grand Manan and Deser Isle. The Charlotte county exhibition management had arranged to provide the necessary buildings and other facilities for the holding of the fish fair.

## TORTURED WITH TERRIBLE ECZEMA

Had to Wear Rubber Gloves Until "Fruit-a-tives" Cured Her.

Grande Ligne, Que., Jan. 2nd, 1910.  
"My wife was troubled for three years with Eczema on the hands, which made her hands almost useless. The doctor gave her several ointments to use, none of which had any effect. He also advised her to wear rubber gloves (she wore out three pairs).

I persuaded her, as a last resort, to try "Fruit-a-tives." The effect was marvellous. Her hands are now cured. We both attribute our present good health to "Fruit-a-tives."

"Fruit-a-tives" positively cures all Skin Troubles because it is the greatest blood purifying medicine in the world.

50c a box, 6 for \$2.50—trial size, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

Hon. Mr. McLeod said that he did not know of any way that the money could be spent to a better advantage than in exterminating this pest.

Hon. Mr. Fleming said that last year over 2,600 nests had been found in the province by survey parties.

Colonization Roads.  
On item of \$2,000 for colonization roads, Mr. White (Victoria) said that he did not think that the appropriation was sufficiently large in Victoria county in addition to the settlements made in the Blue Bell tract, English families were opening up new settlements and they did not have the accommodations that they should have. He believed in the immigration policy of the government but it was essential in order to have settlers to continue to live in new settlements that they be given good roads. Expenditure for colonization roads had been \$939.25 in 1911 and had fallen off to \$241.77 in 1912, despite the fact that \$3,000 was authorized to be spent by last year.

Instead of having a grant of \$3,000 not spent he felt that the province should have a grant of \$5,000 for colonization roads, and spend it all.

After some discussion, the committee reported progress.

Hon. Mr. Fleming moved that the time for the introduction of private bills be extended until Thursday next.

The House adjourned at 6:05 o'clock.

ITALIANS EXERTING  
INFLUENCE TO BRING  
PEACE IN THE BALKANS

Rome, March 3.—Italy is using all her influence with the Balkan States to induce them to observe moderation in their demands on Turkey, and thus bring about peace at an early date.

The appointment of General Boyovitch, one of the Serbian delegates to the London conference, as commander of the forces besieging Scutari, is considered an indication of the firm determination of the Serbians and Montenegrins to take Scutari at any cost. Boyovitch is one of the most daring of the Serbian commanders. It was the news of his capture which captured Monastir at the point of the bayonet.

Blaine, Washington, March 3.—Joseph E. Ruter, a leader of the strike of members of the Industrial Workers of the World, at Lawrence, Mass., returned to the United States today, having been taken from a train at White Rock, B. C. last night and deported on an order from Ottawa.

Ruter was kept under guard between trains by immigration officers who reported that he refused to answer questions. He declared that he was a citizen of the United States on his way to Victoria to lecture, and that he could not be detained. He refused to permit his baggage to be searched.

The order from Ottawa gave no reason for deportation except that Ruter was regarded as an agitator, and as such he was not wished in the country.

TO EXAMINE DAMAGED  
CAR IN ROYAL TRAIN.

Naples, March 3.—Experts in explosive were ordered today by the Italian authorities to examine the damaged railway carriage of the train which bore King Victor Emmanuel and Queen Helena from the capital to Naples yesterday. The damaged car was next the royal carriage, and the accident started the rumor that it was an attempt against the royal train.

POPE PIUS HAS NOW  
APPOINTED NEW GUARDS.

Rome, March 3.—Pope Pius today appointed fourteen new noble guards. The appointments were made in accordance with the recently established rule whereby it is not necessary that the new members shall belong to a former pontifical state. The new guards, however, are all Italians and not have yet been chosen from the foreign candidates.
