#### GILMORE DENIES STORY.

Chicago, Mar. 31.—Only a representative committee with full authority from organized baseball can re-open peace negotiations with the Federal league, according to Pres. Gilmore, who returned today from the meeting in New York. There preceded him a story that an intermediary attempted to bring the Federals and organized baseball together, but Pres. Gilmore denied knowledge of any such move.

## YANKEE CATCHERS AND OUTFIELDERS LOOK LIKE FORMIDABLE BUNCH.

OUTFIELDERS LEFT TO RIGHT - COOK, HIGH, CREE, DALEY, HARTZELL.

CATCHERS LEFT TO RIGHT - SCHWERT, SWEENEY, NUNAMAKER, PICKERING.

The Yankee team, in the American League, seems to be well fortified in the outfield and behind the bat. In Cook, High and Cree as regulars, with Daley and Hartzell as substitutes, the fly chasers form a formidable bunch, while in Schwert, Sweeney, Nunamaker and Pickering the team appears well off in the receiving department.

#### ABOUT THE BOXERS.

From Nov. 2, 1914, to the present time the receipts from the bouts held in Madison Square Garden New York have amounted to \$102,000.

Jack Britton and Billy McCarthy of Canada have been signed for a bout in Montreal next Saturday night.

The sheriff has closed the boxing game in Akron, O. He declares that the fans were swindled in the Chaney-Brock bout there the other night, but the promoters say the sheriff is sore because he did not get enough tickets.

Promoter Baker of Australia offers to give Mike Gibbons \$5,000 and expenses to go to Australia and meet Jeff Smith.

George Carpenter's father was wounded in battle the other day. Adolphe, the lightweight, who was the first Frenchman to box in a professional match in France, will never box again, on account of the bullet wound he received in the arm in the war.

By vetoing the bill permitting 20-round boxing contests, passed at a recent session of the Legislature, Gov. Boyle has put an end to licensed prize fighting in Nevada. He had already signed the General Revenue bill, which repealed the law under which 10-round fights were held during the past two years. The Boxing bill was an amendment to the act of 1897 permitting finish fights, as amended by the Legislature of 1913, which limited contests to 10 rounds.

#### JOHNSON'S CONDITION.

Havana, Mar. 31.—Tom Flanagan, who managed Jack Johnson at Reno, arrived here to day and saw Johnson work. Flanagan said he was surprised at Johnson's condition.

"Although Johnson is heavier, he is not quite as fast as he was at Reno," said Flanagan.

When told of the suggestions that Johnson might lose for the picture money, Flanagan laughed and said: "A million dollars would not induce Johnson to lose that title. Its his fetish."

Johnson's weight was announced at 227. He boxed eight rounds today, perspiring freely in the hot sunshine. He said he felt that he is drying out too fast, and drank two bottles of beer.

He was examined by Dr. Hagenburger for 10 years a New York health department doctor, who said Johnson's condition is perfect; all the organs are perfect, the nerve condition great and the heart the smallest he ever saw in an athlete, denoting no strain from 20

## PUGILIST DIES FROM INJURIES

Staubenville, O., Mar. 31.—Joseph H. "Special Delivery" Tully, a welter-weight pugilist from Pittsburg, died tonight following a blow over the heart received in the first round of the final bout of the Staubenville A. C. show with Clyde "Banty" Sharp of Staubenville.

Following an investigation by Mayor George W. McLeish and Prosecuting Atty. W. C. Brown, Sharp was arrested and is being held in \$2,500 bail.

After a clinch both boys exchanged punches, Tully rocking Sharp's head, and Sharp staggering Tully with a blow on the left side. Tully dropped to the floor unconscious and was hurried to a hospital, where he died in a few minutes. Physicians at the hospital have not officially determined the cause of Tully's death.

#### PONS AND PROKOS.

Telegrams were received yesterday from Jim Prokos in Lowell, Mass., and Emil Pons of Boston, both stating that they were in the best of condition and would surely meet in a finish match in St. John on Saturday, April 10th. There has been considerable difficulty in getting these two wrestlers to gather and the bout should prove a hair-raiser.

Years of fighting. Johnson's pulse before training work was 72; after eight rounds of boxing it was only 78. Willard boxed 12 hard rounds, three each with Monahan, Savage, Hemphill and O'Rourke.

## PLAYERS WHO HAVE BEEN RELEASED, SOLD, OR TRADED

New York, Mar. 23.—During the past few seasons the shifting of players from club to club in the two major leagues has been steadily on the increase. Trades involving from three to five players have ceased to be unusual comment and the purchase of stars at sums running into thousands becomes part of the winter business routine. In many respects, however, recent months have produced a record number of changes and a new element, in the unconditional release of players, brought prominently to the front.

The records of the American and National leagues alone show that more than thirty players have been traded, sold or released since the close of last season. If the activity of the Federal league in this direction is taken into account and names of players added who went from organized to independent ranks, the total would pass the hundred mark. Some of those released have secured berths with other clubs but in a majority of cases the players are either idle or under a one year contract at best.

Just what effect these shifts of players will have on the calibre of the game played by various clubs during the season of 1915 only time will develop. The general opinion among baseball authorities appears to lean toward the belief that both the New York clubs have been strengthened as well as the Philadelphia and Cincinnati clubs of the senior league. The radical changes in the personnel of the Athletics leaves the average follower of the game in doubt as to the ability of the team to travel at the speed of the former combination, notwithstanding the acquisition of Lajoie. In both cases the releases or sales were in line with the policy of financial retrenchment, adopted by both major leagues and will have little, if any effect upon the play of the teams this summer.

The list of the more prominent players released, sold, traded or whose status and 1915 baseball connections are in doubt, include the following names:
