GEN. VON KLUCK AGAIN ASSUMES THE OFFENSIVE

HORRORS OF WORLD'S BIGGEST WAR DEPICTED BY AN ARTIST IN THE FIELD.

The Cut and Thrust of a Cavalry Encounter Between Germans and Frenchmen. Drawn by F. Matania, from the Sphere.

Mr. F. Matania, special artist of the London Sphere and this paper, has drawn the above picture to show a cavalry mêlée when conflicting bodies of cavalry got jammed up in close quarters in a country lane, as here shown. This is the moment for good horsemanship and quick action. It is here that good swordsmanship tells. The lessons learned in the épée club mean the difference between life and death at such a moment. The snap shooter with carbine and pistol finds his skill brings him through. Sword and pistol are not weapons to be neglected. In the encounter here pictured a cavalryman was thrown from his horse during the course of a charge. The country was very hilly and the cavalry was forced to operate in small detachments. Suddenly his horse reeled under him and fell forward; he was shot into the air. Next moment the charge had passed over his body without, however, inflicting any injury upon him. The sight of the Germans crowding the small bridge over the river was unforgettable. The artillery broke them up; they were wiped away.

SEAT OF GOVERNMENT MOVED FROM ANTWERP TO OSTEND.

Amsterdam, Oct. 7, via London, 7.37 p. m.—The News Van Dem Dag says that the Belgian government today was moved from Antwerp to Ostend.

The paper says that the German commander of the forces besieging Antwerp sent an officer carrying a white flag into the city this morning to announce that the bombardment of the temporary capital would commence at 9.30 o'clock this forenoon. Many refugees left for Holland, and at noon the government was transferred to Ostend.

London, Oct. 7.—A despatch to the Exchange Telegraph Company from Ostend says:

"Several ministers with the personnel of the Ministries have just arrived.

KAISER'S SECOND SON HURT IN FALL FROM HORSE

London, Oct. 7, 5.57 p. m.—A despatch to the Reuter Telegram Company from Berlin, by way of Amsterdam, says that Prince Eitel Fridrich, the second son of Emperor William, was thrown from his horse in a recent battle, and injured his knee.

The Emperor's youngest son, Prince Joachim, who has recovered from a wound received in battle, is awaiting his father's permission to return to the front.

London, Oct. 7 (11.55 p.m.)—A Reuter despatch from Amsterdam says the municipality of Amsterdam has published a decree fixing the price of wheat.

No Anti-Russian Movement in Persia.

Petrograd, via London, Oct. 7, 11 p. m.—An official statement declares to be "absolutely without foundation" the report from Vienna that a formidable anti-Russian movement was in progress in Persia, and that the Russians had been defeated in a battle there It is asserted that only insignificant skirmishes with brigands from Turkey have taken place and that these brigands were driven across the frontier.

Several High Officials Among Refugees from Antwerp.

London, Oct. 7, 11.45 p. m.—An Amsterdam despatch to Reuter's Telegram Company says:

"Among the refugees who left Antwerp this morning were Cardinal Mercier and the Minister of Justice and other high officials. They travelled by automobile to Flushing, from which point they proceeded to Ostend.

"More than 10,000 fugitives have arrived at Rosendaal, at which place the bombardment of Antwerp can clearly be heard."

London, Oct. 7, 10.50 p. m.—An Ostend despatch to the Exchange Telegraph Company says that a German detachment numbering about 1,000 men with artillery arrived Tuesday evening at Courtrai where it took up quarters.

The men seemed very tired. One of them said he had been for 48 hours without food. The detachment came from Metz by way of Liege.

Bulletin—Rome ,via Paris, Oct. 7, 11.30 p. m.—A telegram received here from Berlin says:

"The civilians of Lanaeken, Belgium, having attacked German troops, reprisals were necessary. Lanaeken was bombarded and its church destroyed. Along the road between Lanaeken and Tongres all the houses were burned."

Both Lanaeken and Tongres are in the Province of Limbeurg.

Folkestone, via London, Oct. 7 (10.25 p.m.)—The number of Belgian refugees arriving here is steadily increasing, more than 2,000 landing today. Many of them came from Malines and Alost; about six hundred came from Antwerp. The sole possessions of most of the fugitives are contained in the bundles they carry.

Russian Artillery Battering Down Przemysl Forts.

London, Oct. 8, 3.28 a. m.—Despatches from Lemberg, according to the Reuter correspondent at Petrograd, say that the Russian heavy artillery is continuously bombarding Przemysl and gradually destroying the fortress and the town where the shells set fire to many houses. All Austrian efforts to relieve the garrison have failed and their attempts, the correspondent adds, have resulted in considerable losses.

LAXITY IN OBSERVANCE OF SUNDAY DEPLORED AT METHODIST CONFERENCE

Golf Playing, Sunday Drug Trade and Travelling Deprecated in Committee's Report.

Ottawa, Oct. 7—Playing golf on Sunday, the Sunday drug store, Sunday business of restaurants and hotels, work done on Sunday by exhibition boards—Toronto and Edmonton being picked out for special mention—social teas on Sunday, Sunday travelling, were all deprecated by the Methodist General Conference at the closing session this afternoon.

The committee on Sabbath observance reported that the Sabbath as a day of rest and of consequent spiritual opportunity is menaced at the present time in a three-fold manner.

"First—We are passing through a period of mental unrest and new ideas are making it much more difficult for the men of today than it was for their fathers to solve the problems of life and conduct. This is especially true of problems which have to do with religious life.

"Second—This movement toward greater laxity in the Christian observance of the Sabbath, due to changed ways of thinking has been furthered in material wealth which has come largely through the exploitation of the marvelous natural resources of our land and the consequent rapid advances in material. With the days of the week given up to a feverish quest for material wealth, and a hectic devotion to social duties, Sunday has become more and more a day for sensuous pleasure and recreation.

"Third—The third element in our national life which constitutes a menace to the integrity of the Sabbath in its generic function as a day of rest is the great tide of immigration which has inundated our land during the past decade.

"We would deplore the increasing tendency to make church attendance a matter of convenience rather than of holy habit," the committee stated. The report was adopted.

The conference closed with a prayer offered by Rev. Dr. Carman.

SECOND CONTINGENT TO EMBARK AT HALIFAX

Ottawa, Oct. 7.—The character of the additional expeditionary force of 22,000 men whose mobilization the government has announced will depend on advices from the war office. It will probably include a large quota of mounted infantry, raised in the west and infantry drawn mostly from the east. Mobilization and equipment will take place at divisional headquarters, instead of a central camp like Valcartier, and the whole force will be assembled at Halifax for embarkation.

GERMAN STAFF TAKES OVER CONTROL OF AUSTRIAN ARMY IN GALICIA

Milan, via Paris, Oct. 7 (11.25 p.m.)—A despatch from Vienna to the Corriere Della Sera confirms a previous report that the Austrian army in Galicia has been placed under the control of the German staff, despite the opposition of Emperor Francis Joseph.

The despatch adds that Major General Conrad, chief of the Austrian General Staff, has virtually been deprived of all power on account of his alleged condition resulting from the death of his son, who was killed in action.

Dealing with the removal of Gen. Auffenberg from his command, the correspondent asserts this action was taken ostensibly because of the General's ill health, but that in reality it was due to his move on Lublin, which was considered an enormous mistake and responsible in great part for the Austrian defeat.

Powers Trying to Have Dardanelles Reopened

Petrograd, via London, Oct. 7 (7.05 p.m.)—M. Sazanoff, the Russian foreign minister, announced today that the powers comprising the Triple Entente (Russia, Great Britain and France) are taking steps to secure the re-opening of the Dardanelles.

Another Trawler Destroyed by Mines

London, Oct. 8 (12.51 a.m.)—The South Shields trawler Lily has been blown up in the North Sea, according to a despatch received here by the Central News. Some of the survivors landed at South Shields. Seven members of the crew are reported to be missing.

LONDONERS TAKING NO CHANGES IN EVENT OF ZEPPELIN RAID

London, Oct. 7.—London is insuring against visits from Count Zeppelin's airships. Just why Londoners should suddenly decide there is danger of bomb dropping is not clear, but the fact remains that Lloyds today had a number of orders for insurance of private property in the city and the immediate neighborhood.

Underwriters are willing to accept much lower premiums than in the early days of the war, and a large number of private dwellings are being covered at 3s. 6d. per cent., the policy insuring against damage of all description due to hostilities. Private persons can be insured against death or ace to the integrity of the Sabbath in injury from the enemy at 1s. 6d. per its generic function as a day of rest cent. per annum, provided they continue to reside in England during the period of the policy.

Army of 1500 Industrial Workers of the World Heading for Butte, Mont.— Force Train Crews to Let Them Ride Free.

Helena, Mont., Oct. 7—Presumably headed for Butte, 1,500 Industrial Workers of the World are scattered along the route of the Great Northern Railroad between Great Falls and Fargo, N. D., according to information given to Governor Stewart today by railroad officials.

Governor Stewart immediately telegraphed warnings to the sheriffs of counties through which the Great Northern, the Chicago Milwaukee and St. Paul and the Northern Pacific railroads enter Montana.

The railroad reported to the governor that many of the men were armed and were forcing the railroad men to permit them to ride free. It was reported to the governor today that a band of fifty Industrial Workers of the World had left Havre yesterday morning.
