

SHE CRUMPLED AND WENT DOWN LIKE A STONE

Stephano Survivors Describe Scene when Kingston was Sunk.

WOMEN HAD BRIEF TIME TO GET AWAY

With a Rough Sea or a Stormy Night Stephano's Passengers Would have Shared Fate of Lusitania Victims.

New York, Oct. 9.—Twenty-nine women and fourteen children, survivors of the Red Cross line steamship Stephano, sunk yesterday by a German submarine off Nantucket, arrived here late today and were taken in charge by representatives of the American Red Cross. The passengers agreed that 36 shots were fired at the Stephano before she was torpedoed and sunk. Mrs. Charles W. Bostwick, of Hudson, N. Y., who was returning from Nova Scotia, said eight minutes elapsed between the submarine's first and second shots, then the captain ordered everybody to take to the lifeboats. She said the officers did everything to help the passengers and assist them to put on life preservers. "We women and children were particularly frightened over the prospect of going down over the side of the steamer into the lifeboats," Mrs. Bostwick said, "as we had only fifteen minutes to get off the ship. If the sea had been rough, or if it had been a stormy night, undoubtedly we all would have been drowned."

"The submarine went up to within three hundred yards of the Stephano and fired a torpedo into her, her last torpedo, as one of the submarine officers told one of the Balch's officers later by signalling. The most thrilling sight of all was when the poor old Kingston was torpedoed and sent to the bottom. We saw that very plainly, for when the submarine had trouble in sinking the Stephano they turned their attention to the Kingston, and as it was still light we saw her hit. She crumpled and went down like a stone."

GOVERNMENT TO FIND WORK FOR IDLE COIN

Special to The Standard.

Ottawa, Sept. 9.—To meet the case of those investors who desire their funds to be available for the war expenditures of the government and who may have money on hand from time to time in the intervals between the war loan issues, which they would like to invest safely and profitably, the finance department has created an issue of Dominion five per cent, three year debenture stock, principal maturing October 1st, 1919, with interest from date of purchase payable by cheque free of exchange.

This stock may be purchased at par at any time and will be accepted by the government as cash and accrued interest in lieu of cash in payment of any allotment under future Canadian war loan issues. Further particulars will be given in the advertisements, which will shortly be published. This debenture stock issue which is intended to attract funds available for investment, which might otherwise find their way into foreign securities was forecasted in the last budget speech of the Minister of Finance.

The issue is entirely distinct and separate from the issue of war savings certificates of small denominations now under consideration for promoting national saving. It is hoped that from the sale of this debenture stock substantial further funds may be made available for the purchase of munitions and supplies in Canada.

AUSTRIANS BEATEN IN MOUNTAINS

Italians Defeat Enemy in Fierce Battles Above Clouds.

VIOLENT FIGHTING IN ALPINE REGION.

Enemy Driven Down Precipitous Slopes and Then Shelled by their Own Guns Captured by Allies.

Rome, Oct. 9, via London.—Violent fighting has taken place in the Trentino region, northwest of Trent, according to the official statement issued by the war office today. Austrian attacks on Saturday against Bussa Alta resulted in the forcing back of the Italian right wing. On Sunday, however, it is added, Italian reinforcements arrived and the Austrians were driven out again.

"On the whole front the activity of the enemy artillery is reported to be increasing, particularly on the Asiago plateau, along the Cerna river, from the Upper But to the head of the Pontebana Valley, in the Gorfia area and on the Carso plateau.

"In the mountain region between the Avisio and Vanoiismon Valley there have been attacks and counterattacks, all preceded and supported by extremely violent bombardments. On Saturday evening the enemy successfully attacked our positions on Gardinal and Bussa Alta.

"During the night they made a further violent attack on Peaks 2, 4, 5, 6, forcing our right wing to fall back a short distance. As soon, however, as reinforcements arrived Sunday morning our troops, with the support of accurate artillery fire, drove the enemy out once more and chased them into the precipices of Bussa Alta, inflicting very heavy losses.

"Further details on the success we gained on Monte Costabella, in the Pellegrino Valley, on October 5, show that our Alpine troops captured one mountain gun, six machine guns and a large quantity of ammunition. The

THE DUTY OF NEUTRALS TO BELLIGERENT SUBMARINES

Text of Memorandum Recently Sent by Allies to all Neutral Governments Respecting Admission of Submarines to Neutral Ports or Waters.

London, Oct. 9.—The text of the memorandum recently sent by the Allies to neutral governments respecting the admission of belligerent submarines into neutral waters or ports, is as follows:

"In view of the development of submarine navigation, and by reason of acts which, in present circumstances, may be unfavorably expressed from enemy submarines, the Allied governments consider it necessary, in order not only to safeguard their belligerent rights and liberty of commercial navigation, but to avoid risks of dispute, to urge neutral governments to take effective measures, if they have not already done so, with a view to preventing belligerent submarine vessels, whatever the purpose to which they are put, from making use of neutral waters, roadsteads, and ports.

"In the case of submarine vessels the application of the principles of the law of nations is affected by special and novel conditions:

"First—By the fact that these vessels can navigate and remain at sea submerged, and can thus escape all control of observation.

"Second—By the fact that it is im-

SERBIANS CAPTURE A BULGAR VILLAGE

Allied Forces Successfully Prosecuting Campaign in Macedonia Although every Point is Stubbornly Contested.

Paris, via London, Oct. 9.—The following official communication, dealing with the fighting in Macedonia, was issued today:

"East of the Struma engagements occurred between British troops and Bulgarian rear-guard detachments, who are retreating toward the railway. It has been confirmed that during the recent fighting in this region the Bulgarians suffered considerable losses. At one point alone 1,500 bodies of enemy dead were found on the ground.

"Between the Vardar and Cerna rivers the Serbian forces have advanced in the mountainous region of Dobrovolje and taken 100 prisoners. On the left bank of the Cerna river, after desperate fighting, the Serbians have again defeated the Bulgarians and the village of Skochivir has fallen into Serbian hands. Despite violent counterattacks the enemy failed to recapture his lost ground, and has been driven a kilometre northward. Two hundred prisoners remained in the hands of our allies.

"Further west the Serbians continue to cross the Cerna between Drobnevi and the Brod. The Bulgarians have retired north of the Brod. On our left wing Franco-Russian forces have reached the new line of Bulgarian defense from Kenali to Lake Presby."

LITTLE GIRL'S TRAGIC DEATH

Three Year Old East Florenceville Child Fell from Team and was Killed—Welcome to Popular Physician.

Special to The Standard.

Hartland, N. B., Oct. 9.—Sadness came suddenly to the home of Mr. J. Chip Hunter at East Florenceville on Saturday morning, due to the sudden taking away of their three year old daughter. The little one was riding on a team driven by her father and loaded with potatoes. In some way she fell from the wagon and the load passed over her body crushing out the young life. Mr. Hunter and his family are bowed down with grief at the untimely death of their little one. The funeral arrangements on Sunday were under the supervision of J. W. Adams & Son, of Hartland. Rev. G. A. Ross of the Methodist church at East Florenceville conducted the services at the house and grave.

Although the actual time of arrival here was not generally known, there was a large crowd at the station this noon to give a hearty welcome to Dr. Macintosh, who left here a year ago last June to join the Royal Army Medical Corps with which corps the doctor has seen much service in Egypt and other parts of the eastern war zone. When the doctor stepped from the train he was besieged by a good natured crowd and was kept busy for some time shaking hands with all from gray haired men and women to little tots of boys and girls, all of whom have a warm place in the doctor's heart for the general medicine. The doctor looks well after over a year spent in the hottest spots on the earth. His friends, and he has many from the country round about, will give Dr. Macintosh a most hearty welcome as he goes about his professional duties after resting a bit.

GERMANS ADMIT FORCE OF THE ALLIED ATTACKS

Official Statement from Berlin Concedes that Serbians have Progressed on Cerna River—Violent Fighting on Somme Front in Transylvania and Galicia.

Berlin, Oct. 9, via London.—The official account of operations on the Macedonian front issued today concedes that the Serbian troops, which have been attempting to force a passage of the Cerna river have obtained a foothold on the northern bank.

"The statement follows: 'West of the Monastir-Florina railway attacks by the enemy were repulsed. East of the railway the enemy succeeded in obtaining a foothold on the left bank of the Cerna.'

In Transylvania. Berlin, via London, Oct. 9.—The Roumanians in Transylvania are retreating along the whole line, the war office announced today. The Austro-German forces have captured Toerzburg.

The statements says: "The Roumanians sent in reinforcements from the north in an effort to check the Teutonic forces in the neighborhood of Kronstadt. These reinforcements took part in a battle northeast of Kronstadt, but were unable to stay the advance of the Austrians and Germans."

Toerzburg is fifteen miles southwest of Kronstadt, and only seven miles from the Roumanian border. Berlin, via London, Oct. 9.—Troops of Field Marshal Von Mackensen, by a surprise attack, obtained possession of the island in the Danube northwest of Sistova. It was announced officially today. They captured six guns and the Roumanian troops on the island.

Violent Fighting on Somme. Berlin, Oct. 9, via London, 4:51 p. m.—No important changes on the French front.

sions for the army and the navy and the question of man power in the field are two matters likely to occupy the parliamentary deliberations, while the government may expect severe criticism on the question of the food supply and prices. Walter Runciman, president of the board of trade, will make an important statement tomorrow in reference to the wheat supplies. In addition the independent attitude threatened by the Irish party towards the government is calculated to give the ministers some trouble through the possibility that the members of this party will unite with the smaller groups which are critical of the government's administration in war matters.

It is not believed that the government will yield to the agitation to apply conscription to Ireland, which is only possible by the introduction of a special bill entailing long and acrimonious debates. Whatever decision is taken, the question of securing more men for the field is certain to lead to exciting discussions.

WHO IS RESPONSIBLE

for the health of the family? The mother, of course! She is naturally particular to give her children only the purest of internal medicine, but she may not always know that a remedy applied to the skin enters the child's system, by absorption, just as surely as a medicine that is swallowed. This is a fact, and the mother should, therefore, use only the purest ointment obtainable.

Scientific analysis has proved Zam-Buk to be absolutely pure. The great English Chemist, Mr. W. Lascelles Scott, says: "I have made an exhaustive analysis of Zam-Buk and have no hesitation in certifying its purity and its inestimable value for skin ailments and injuries."

Although the healing powers of Zam-Buk are beyond those of other ointments, it is at the same time so refined that it agrees with the most sensitive skin—even the skin of a baby. Mothers who have once used it say they cannot do without Zam-Buk.

It is best for eczema and all skin diseases, ringworm, blood-poison, scalp sores, ulcers, boils, pimples, piles, burns, scalds, cuts, etc. All druggists or Zam-Buk Co., Toronto, 50c. box, 3 for \$1.25.

TOLL OF U-53'S VICTIMS STILL REMAINS AT SIX

Continued from page one.

It was the commandant's opinion that Kingstonian's crew had been picked up by an eastbound steamer which did not care to divulge her position to lurking submarines by reporting the fact by wireless. Notwithstanding the hull in submarine activities today, shipping men were by no means reassured. If only one raider were concerned she might be waiting only to replenish her supplies, they believed.

This gave rise to a renewal of reports that elaborate methods of supplying foreign submarines from American bases had been perfected.

In order to dispose, as far as possible, of claims of this sort as applied to the Narragansett Bay district, William H. Walcott, deputy collector of customs made a careful investigation today to learn if any merchant boat or yacht had cleared from Newport Saturday or Sunday, which might have carried supplies. The investigation, it is understood, was made on orders from Washington. Mr. Walcott found no indication that any such supply boat had cleared.

Another report persisting in shipping circles was that the call of Captain Hans Rose, of the U-53 upon American naval officers here, was to give an intimation that rescue ships might be needed in the vicinity soon, as well as to exchange formal visits of courtesy.

WON'T APPLY CONSCRIPTION TO IRELAND

London, Oct. 9.—The British parliament will reassemble tomorrow for the autumn session, which will deal almost entirely with matters pertaining to the war, there being virtually no legislative programme. Premier Asquith is expected to move a new vote of credit on Wednesday, and thereupon review the war situation and the nation's ability to bear the war's strain of the war.
