

LOYD GEORGE IRISH LEADERS TO LONDON MEET

Question is to be the Possibility of a Settlement of the Irish Problem.

SUPPORTS APPEAL OF HIS MAJESTY

Ulster Premier Likely to Accept and it is Expected "Pres." Will Agree Also.

(Continued from Page 1) The Sunday Independent referring to the letter says: The prime minister's letter is a document of the greatest political importance. It is a welcome admission of the fact that we have insisted upon—that an honorable peace in Ireland is achievable only through direct negotiations with the elected representatives. It is for our representatives to gauge the full and real significance of this appeal.

Ulster Decides Tuesday

Belfast, June 26.—A meeting of the Ulster cabinet has been called for Tuesday by Sir James Craig, the premier, to consider the letter of Premier Lloyd George inviting the leaders of north and south Ireland to a conference for the purpose of trying to bring about a reconciliation between the factions in Ireland.

The letter of Mr. Lloyd George reached Sir James Craig by special courier this morning, simultaneously with the Sunday newspapers commenting on the letter.

Sir James replying, informed Mr. Lloyd George that he was summoning a meeting of the Ulster cabinet for Tuesday and that he hoped to secure the attendance of all the members.

"You may rest assured no time will be lost in considering the result of our deliberations," the message of Sir James concluded.

Today Sir James was in conference with his chief supporters. The general feeling in Belfast is that the Ulster men will demand that the terms to be discussed at the proposed conference shall be strictly limited, especially excluding the subject of a republic.

SAY CRIMINAL TRAITS WERE INHERITANCE

French Murderer's Grandfather Was Guillotined for Cold-Blooded Deeds.

WAS PLANNING FOR ANOTHER MURDER

Police Believe He is Responsible for Several Unsolved Crime Mysteries.

Paris, June 26.—A remarkable instance of what appears to be inherited criminal tendency was found in the case of Dagubert, the garage keeper at Marquise, near Boulogne, who shot an Englishman named Gourley to luncheon with him and to have shot him in the head while he was signing a receipt for the sale of an automobile. To draw the noise of the shot, Dagubert had kept a phonograph playing "Tipperary" as loudly as possible the while time.

He kept the body hidden in his garage all day and buried it in the garden at night, in a hole, which, it is stated, he had dug in readiness the day before.

According to the police, Dagubert has been involved in several other crimes, and was at the time of his arrest planning to murder another man with the intention of getting hold of some automobiles without payment.

Grandfather Guillotined

And now the curious fact has been discovered that one of the grandfathers of this particularly cold-blooded murderer was guillotined in 1871 after having terrorized the district for many years. This man's name was Ledoux, and according to local tradition he was involved in half a dozen murders which he carried out so skillfully that he was never suspected till an accident betrayed him. As his grandson did in the case of Gourley, he murdered his victims in the simplest way, and then laid a false scent to take suspicion away from himself. Robbery was usually his object, although among his victims were women as well as men. All were murdered in circumstances which pointed to careful premeditation and utter contempt for life.

Dempsey Reached Peak of Training

Will Box Only Four More Times Before Big Fight—Celebrated His 27 Birthday.

Atlantic City, N. J., June 26.—With the passing of his twenty-sixth birthday Jack Dempsey will resume training tomorrow to put the finishing touches on his condition for the defense of his title against Georges Carpentier at Boyle's Thirty Acres, a week from Saturday. The champion has reached the peak of his training in a highly satisfactory manner and will pull on the gloves only four more times before crawling into the ring to face the European title-holder.

Dempsey celebrated his birthday by taking a complete rest as far as routine training is concerned. He slept later than usual, abandoned his road work and loafed around his camp until late in the afternoon, reading five hundred or more telegrams extending birthday greetings and wishing him good luck in his coming championship contest.

Carpentier and his manager, Francois Descamps were among the first to remember the champion on his birthday. "Many happy returns of the day," was Carpentier's message. Descamps sent a similar greeting. From his mother in Salt Lake City Dempsey received a message to which he had looked forward all day. She wished him good luck with all of a mother's affection.

Dempsey jumped on the scales this morning and it was announced that the scales registered 192 pounds. The champion hopes to scale around the 190 pound mark when he strips for action. He probably will not have any difficulty reducing to this figure as the weather has turned blistering hot, which will enable him to perspire freely in his workouts.

The champion will gradually taper off in his work with the resumption of training tomorrow. He will work with the gloves Saturday and Sunday. A rest Monday will be followed by the final days of boxing Tuesday and Wednesday. Light air will be the programme on Thursday and Friday will be the departure for Jersey City.

Dempsey was entertained tonight by a newspaper correspondent, vaudeville actors and a jazz band. The visitors serenaded at the camp until 9:30 o'clock when the champion drove them out and went to bed.

DEMAND LIQUOR PROBE

North Sydney, N. S. June 24.—A resolution asking the Provincial Attorney-general's department to appoint a commissioner to hold an investigation into the circumstances surrounding the mysterious disappearance from the town hall of large quantities of liquor, was unanimously passed at the regular meeting of the Town Council here tonight.

JEWELERS IN PARIS TAKING PRECAUTIONS

Police Armed Following Series of Daring Robberies and Cold-Blooded Crimes.

ELECTRIC CAGES OVER SHOW CASES

So Many Robberies That Merchants Are Getting Desperate Over Situation.

Paris, June 26.—The Prefect of Police has issued an order that the Paris police force shall carry revolvers when on duty, by day as well as by night. The order is the reply of the police authorities to last Sunday's robbery of a jeweller's shop on the boulevard by armed men in broad daylight in the face of the daring and determination shown by the gang, whose members planned and carried out that affair, it has become evident to everyone that unarmed police are quite unable to cope with such a situation. Even in France such utter callousness in the taking of life has never been known as has been shown in many recent crimes and with such successful attempts the daring of the gang is becoming greater. Sunday's was the second daylight jewel robbery of its kind in which the perpetrators got away without being recognized, and next time the police intend to make no mistake but shoot at once.

Jewelers preparing. At the same time jewelers are taking their precautions, and in the Rue de la Paix they are experimenting with fine cages of electrified wire to be placed over their showcases. Another scheme provides for the mechanical displacement of a whole window display by a touch of a button inside the shop. In case of an alarm all that the assistant or watcher would have to do would be to touch a button with the result that the display cases in the window would immediately disappear through the floor.

Sunday's robbery was the fifth of its kind in the last year, and the need for doing something has become pressing.

CAR THIEVES SENTENCED

Moncton, June 24.—Rowald Steeves, William Campbell and Edward Abraham appeared in the police court here this morning charged with the appropriation of a Chevrolet car, on Wednesday afternoon, the property of Mr. George Balse. All three pleaded guilty and were sentenced to three months in the Dorchester Common goal, with the alternate, that the three make up a fine of \$200. They chose the alternate, serving over the money today.

New Additions To Georges' Camp

Dave Rose, Dave Rosenberg and Chris Arnold Are Latest—Carpentier Likes Trio.

Manhasset, N. Y., June 2.—Driven to rest by the sweltering heat, Georges Carpentier indulged only in a light road session this morning and permitted himself to be entertained in the afternoon.

Trainer Wilson took Georges to the woods immediately after he had finished breakfast and kept him hustling for more than two hours. They returned to the camp at ten-thirty o'clock. Carpentier was perspiring freely and whistling as he hurried the last fence on his way home.

The heat became so intense at noon that trainer Wilson declared an afternoon of idleness for Georges. Then the telephone rang. Willie Lewis, one of the most ardent admirers of Carpentier, said that he was coming out with a bunch of entertainers. Wilson told him to come ahead. The party arrived shortly after two o'clock.

There was a jazz band, some dancers and a number of singers. They turned up and were going at full speed fifteen minutes after their arrival. Carpentier applauded every number and when it was over he said he was delighted.

For an hour in the gymnasium this afternoon, Georges' new sparring partners, Dave Rose, Dave Rosenberg and Chris Arnold, worked hard in preparation for another workout with Georges tomorrow afternoon. Carpentier expressed himself as greatly pleased with these new additions to the camp. "He likes them because they do not complain when he hits them," said trainer Wilson.

Children Do You Like Ice Cream!

Cut This Out and Show It to Mother

CHILDREN! You all love ice cream. Here's a chance to show your mother and father that you should have ice cream as often as you would like to have it. Just tell them to read this.

Ice cream is the best food for growing children. One dish of ice cream is equal to nutriment to a meal. It contains the concentrated rich food value of cream.

The More You Eat of This Ice Cream the Better!

Carbonated Ice Cream is the invention of a noted scientist, Prof. W. P. Heath, who has discovered a way of manufacturing it without air. Ice Cream manufacturers have been using all precautions to keep their ingredients pure ALL BUT ONE—and that one is the air which is mixed into the ice cream by the paddles in freezing to keep it from getting as hard as ice.

Common air is never perfectly pure. Prof. Heath has found a way to substitute a sterile, germ-free atmosphere for the air, one that is a thousand times purer than air.

Mother Will Like It Best Because It Is Purest

This process of manufacturing a super-pure ice cream is called carbonating because the same atmosphere is used in making this ice cream that is used in making carbonated water. Mother will be glad to know these facts about our ice cream.

It makes an ice cream that is always super-pure and which tastes more delicious because carbonating brings out the flavor of the ice cream and increases its richness. When you order ice cream be sure it's carbonated. Your dealer can get it for you. Insist that he should have it.

RAISED \$45,972 FOR CHURCH WORK

Rev. F. L. Atherton Elected Moderator With Rev. Z. A. Fash Secretary.

Special to The Standard
Woodstock, N. B., June 26.—The third session of the N. B. Western Baptist Association was opened by devotional exercises, led by Rev. C. N. Barton, after which the association gave itself to business. The report on constitution was read by Rev. L. E. McKinnon. This report, after some discussion on various sections, was adopted.

The report of the nomination committee was presented and adopted, clause by clause. Revs. S. L. J. Ting, L. B. Cameron, of Ontario; A. L. Tedford and Licentiate A. W. Brooks were invited to seats in the association. The following officers were duly elected:—Moderator, F. L. Atherton; assistant moderator, Rev. E. A. Trites; clerk, Rev. Z. L. Fash; assistant clerk, Rev. J. E. Gosselin; treasurer, S. J. Hallett; executive, the officers of the association, Lic. F. H. Long, Rev. N. A. McNeil, L. Burton Clarke, Harvey Young. To preach the annual sermon, Rev. G. C. Warren, alternate, Rev. E. A. Trites.

Church Make Gains
Rev. Z. L. Fash presented a digest of the reports from the churches in the four districts of the 110 churches, reports were received from eighty of these, which showed that 377 had been baptized and 175 otherwise added, making a total of 552, a net gain of 472. These churches have eighty-one houses of worship and thirty-five parsonages with a value of \$146,972. They have raised \$45,972, of which \$14,644 is for improvements. These reports show there are ninety-four Sunday Schools, of which sixty-two report an enrollment of 4,504 pupils and 530 officers, with a total amount raised of \$1,877. Twenty schools report special evangelistic services.

Women Meet
The W. M. Union held a business session, which was well attended and elected the following officers:—President, Mrs. W. C. Kesteven, vice-presidents of association, the four district presidents; secretary, Miss Pauline Hildeout. They raised \$8,160, an increase of over \$2,000.

In the fourth session business was continued, the report of church summary of statistics. This report was fully considered and action taken. A committee was appointed, consisting of ministers and laymen to consider the problem of the needy, pastorless churches in this association and to report at district or quarterly meeting a plan whereby the needs of these churches can be met. It advised an associational Sunday School Board, composed of two members from each county, which shall similarly consider the Sunday School problem and associate itself with the board of religious education to devise ways and means to open and maintain Sunday Schools in needy districts. On motion this matter was referred to the nominating committee to name the above committee.
