AN UNDERTAKING OF MAJOR PROPORTIONS

The Kamloops Division of the RCMP Veterans' Association is compiling a service history of all who have served as Regular Members of the Force from 1873 to date (over 46,000). This information is being gathered for future historical reference by the RCMP Museum and the Veterans' Association. The computer file contains information such as "where known", reg. no., final rank, service date and divisions, relatives in the Force, items of historical interest, current address, or

date and place of death, where applicable. The organizers would like to hear from all members and former members who:

- have relatives who also served or are serving in the Force and were already mentioned in the *RCMP Quarterly*;
- know of the date of death and burial place of former members never included in *Quarterly* Obituaries and,
- know of current careers and addresses of former members who do not belong to the Veterans' Association.

SEARCHING FOR "BIG LITTLE BOOKS"

A serving member in "H" Division is an advanced collector of RCMP books. Although the majority of his collection consists of factual accounts of the Force, he wishes to acquire "Big Little Books" written by Zane Grey in 1936-1939 and published by the Whitman Publishing Company. These books are of the series "King of the Royal Mounted" and there were nine published in the series. The collector is willing to either purchase or trade for these books, as he does have some duplicates in his collection. If anyone has any information or interest pertaining to this matter, please contact:
