NOTED MUSICIAN OF MONTREAL

Advise The Use Of "FRUIT-A-TIVES", The Famous Fruit Medicine.

MR. ROSENBERG
589 Casgrain St., Montreal.

April 30th, 1915.

"In my opinion, no other medicine in the world is so curative for Constipation and Indigestion as 'Fruit-a-tives'. I was a sufferer from these complaints for five years, and my sedentary occupation, Music, brought about a kind of Intestinal Paralysis—with nasty Headaches, belching gas, drowsiness after eating, and Pain in the Back. I tried pills and medicines of physicians, but nothing helped me. Then I was induced to try 'Fruit-a-tives', and now for six months I have been entirely well.

I advise any one who suffers from that horrible trouble—Chronic Constipation with the resultant indigestion, to try 'Fruit-a-tives', and you will be agreeably surprised at the great benefit you will receive". A. ROSENBERG.

CLEAN STOMACH, CLEAR MIND.—The stomach is the workshop of the vital functions and when it gets out of order the whole system clogs in sympathy. The spirits flag, the mind droops, and work becomes impossible. The first care should be to restore healthful action to the stomach, and the best preparation for that purpose is Farmelee's Vegetable Pills. General use for years has won them a leading place in medicine. A trial will attest their value.

QUESTIONS TO ANSWER.

See How Well Posted You Are and Figure Out Your Percentage.

Raymond A. Kent, assistant professor of education and principal of the University high school, gave an examination to the junior and senior classes of the College of Education to test their general knowledge.

Fifty questions were asked, as follows:

Name the vice president of the United States; governor of Minnesota, ruler, with title, of England; ruler, with title, of Germany; United States senators from Minnesota.

Locate Petrograd, Vatican, Coliseum, Parthenon, Golden Horn, Golden Gate.

Who was the "Little Corporal"? Played the harp before Saul? Invented the telegraph? Discovered the Pacific ocean? Wrote nine symphonies? Received the Ten Commandments?

What is the motto of the United States? Is the triple entente? Is the blood forcing organ? Is the center of the nervous system? Is the normal temperature of the body? Is the maximum weight carried by the parcel post?

Who wrote "Captains Courageous"? "Treasure Island"? "The Virginians"? "The Virginian"? "Franklin's Autobiography"? "Paul Revere's Ride"?

Complete the following: "Fools rush in"—"It's a long way"—"Give me liberty"—"What is so rare?"

Why are the following famous: Alexander Graham Bell? Father Damien? Daniel Boone? Edward McDowell? Florence Nightingale? Fritz Kreisler? Mary Pickford?

In what books do the following characters appear: Aladdin? Shylock? Little Eva? Rowena?

Some fell as low as 16 per cent on the examination, and the general average was not high. The same test was given to high school students, and they fell still lower in percentages earned.

BATTLE WITH A BOG.

Redmire's Suction Tore the Leather Gaiters Off a Man's Legs.

Readers of "Lorna Doone" can never forget the terrible-drowning of Carver in the bog. That death trap is still to be seen in the Exmoor country, and not long ago a valuable hunting horse was engulfed in the mire, and his rider barely escaped with his life. S. Barling-Gould, who had a narrow escape from a similar English bog, tells of it in his "Book of the West." The author was with an official from the Ordnance survey, who was correcting the map of the country.

"In the dusk we lost our way and got into Redmire. It was winter, the bog was unusually wet, and we could scarcely trip from one stone to another. Six bullocks had been lost in that very spot during the year.

"All at once I snuck above my waist and was rapidly being sucked in farther. I called to my companion, but in the dark he could not see me. The water reached to my armpits. Happily I had with me a stout bamboo six feet long. I placed it athwart the surface and held my arms as far extended as possible. By quickly jerking my body I gradually lifted it, and then I threw myself forward as far as I could. Finally I managed to cast my self full length on the surface. The suction was so great that it tore the leather gaiters off my legs.

"For a quarter of an hour I lay stretched out, gasping, before I got breath enough to worm myself along to dry soil."

When a sociable man has a minute to spare he goes and bothers some man who is busy.

ADVERTISING

is simply making your business known. As such it is perfectly consistent with anybody's dignity or modesty.

It is not necessarily boasting or self-pushing. In fact, a bragging advertisement defeats its purpose; it repels and does not attract.

All advertising should be clear. It ought to state just what your business is and where it is, giving your precise address. Don't assume that everyone knows where the "Jones Dry Goods Store" is, nor how to get there. Tell them. You cannot make things too plain.

It should be regular and constant. People trade with the firm whose name is familiar to them. The newspaper ought to be your partner. If you are in business permanently, let your advertising be permanent.

The local newspaper, going into the homes of the people, is the best medium for advertising. It's where the public naturally turn when they want to see where to buy.
