James Wood Pogue, Esq., Vice-President,
The Sheldon School,
200 Fifth Avenue, New York.

Dear Sir:

The acknowledgement of your letter of the 27th ult. has been delayed owing to my absence from Ottawa, and to the letter itself having been forwarded from here there and returned in the interval.

I note what you say as to the qualifications of your friend, Mr. R. W. Russell of Olean, N. Y., who is desirous of assisting in the investigation I have undertaken for the Rockefeller Foundation. Until my plans are more fully matured it will not be possible to say what assistance may be necessary. I am pleased, however, to have the names of persons whose services are likely to be of value should they be required, and I shall therefore file your letter with other applications received and shall be glad to give it further consideration whenever occasion may arise.

Very truly yours,

W. L. MACKENZIE KING
