January 27th, 1933.

The Right Honourable Arthur Meighen, K.C.,
c/o The Senate,
OTTAWA, Canada.

Dear Mr. Meighen:

I enclose copy of letter just written to
General McRae, for your information.

I know that you are entirely sympathetic
with the Defence Forces and appreciate the very fine record
of the Seaforth Highlanders in particular.

They have struggled for over twenty-one
years with headquarters in tumble-down frame houses. It
has been a remarkable thing that the spirit of the
Regiment has been such that they have stuck together and
maintained their efficiency and record against odds that
have appeared impossible.

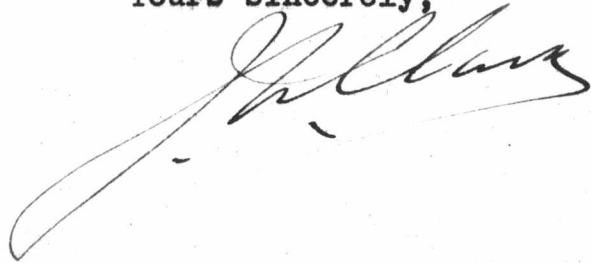

I wrote the Prime Minister on this subject *(sometimes)*
and I would appreciate it greatly if you would lend your
support to the movement as we all hope that definite approval
to the programme of construction will be given at this Session
of Parliament.

The proposal put forward is on the basis
of a rental purchase, the rentals being paid to a trustee
over a period of years for the purpose of discharging
capital expenditure. The Government will not be asked to
provide the initial capital.

With kindest regards, I am,

M.
Enc. 1.

Yours sincerely,
