kind, and purify and restore to perfect soundness old and inveterate sores. Among the diseases to which this ointment is adapted are the following:—SWELLED BREASTS and SORE NIPPLES of Nursing Women, FELONS and RING-WORMS, SCALD HEAD and an invaluable dressing for BURNS, SCALDS and DRAWN BLISTERS, SHINGLES, ERYSIPELAS, and PILES. Inflammation of the Eye yields to its power immediately. All BRUISES and FRESH CUT WOUNDS are cured with great rapidity. FEVER SORES and SCROFULOUS SORES are soon changed into a healing condition, and frequently entirely cured. The first great and distinguishing power of this ointment is its ability to REDUCE INFLAMMATION. It is vain to hope for relief or cure in any complaint unless the inflammation attending it be conquered or cooled. Dame Nature will not give healing or health to any part or junction of the body while throbbing or fretting with inflammation. The moment inflammation subsides, nature comes kindly to the sufferer's relief, and at once institutes the healing process.
