# The Blue Ribbon Sale of Nineteen-Twenty

FEATURING

THE PETTIT-ELLIOTT OFFERING OF

## Imported Shorthorns

Sixty-five Females  
Twenty Cows with Calves

SEVENTY LOTS

Five Young Bulls  
Forty-five Bred Females

Never before in the history of Shorthorns in Canada have Canadian Breeders had an opportunity of buying in an open sale ring sixty-five females with the quality averaging so high.

SELLING AT THE FARM OF J. A. PETTIT (One o'clock p.m.)

### Freeman, Ontario, Wednesday, Sept. 29th

(BURLINGTON JUNCTION)

#### 23 Females in Calf to Millhill's Comet

Of the thirty-five bred heifers selling, nineteen are in calf to the great young sire, Millhill's-Comet (imp.). Four other young imported cows are also bred to this great \$34,000 youngster. These females, bred to Millhill's Comet, without exception are entitled to, and should establish, a new high record for Canada.

#### 20 Cows with Calves at Foot

With three or four exceptions only, the twenty cows with calves at foot are all imported. The calves are in most instances got by bulls now in use as the chief sire in service of many of the stronger herds in Scotland, and it is from these same herds the femals were drawn. Several of the best cows in the lot have bull calves at foot, which have promise of making show bulls and great sires.

#### 12 Choice Heifers in Calf to British Service

An even dozen imported heifers in calf to British service are also selling. Several are due shortly after sale time, and they too are bred to good sires. In two or three instances only are they calving under 25 months of age, and a more uniform lot of excellent breeding heifers has seldom been catalogued for public sale in any country.

#### 5 Young Bulls

Only five young bulls have found their way into this offering. All are of serviceable age, and, like the females, they sell fully guaranteed. Of the five, probably the most outstanding youngster is the year-old calf, Gartley Record, got by the 450-guinea Clipper-bred bull, Corsair, and dam a Bruce-Roswood cow, got by Golden Clipper. The breeding will probably make this calf a favorite, but he is only one of five good calves.

**As Regards the Offering:** A summary of the 70 lots selling shows 65 females and 5 young bulls listed. Twenty of the cows will have calves at foot by sale time; ten more will be well forward in calf, and the remaining 35 females are bred heifers, ranging in ages from 15 to 24 months. All are selling guaranteed breeders, and the same guarantee applies as regards the health of each animal sold. The pedigrees are, in every instance, of the best Scotch tribes, including Rosewood, Flower Girl, Kilblean Beauty, Broadhooks, Bruce-Mayflower, Claret, Butterfly, Duchess, Mary Gold, Marr-Maud, Rosemary, Charlotte Corday, Campbell-Bessie, Simmers-Beauty, etc., etc.

In being able to present an imported offering of this quality to the Shorthorn Breeders of the Dominion, Messrs. Pettit & Elliott have every reason to feel that they have added much to the advancement of the Shorthorn in America. Probably no importation of the past has received so favorable press notices in Scotland when the purchases were being made as did the Elliott cattle when they were selected last May, and in looking over the Pettit importation a few days ago Mr. Johnson, of the Shorthorn World, Chicago, pronounced them to be one of the strongest lots of imported breeding females he had inspected in years. Combined, the two importations make up an offering that will be pleasing to all, and add strength not only to the herds into which they go, but also to the general advancement of the Shorthorn breed.

STRENGTHEN YOUR HERD WITH ONE OR MORE OF THESE BRED FEMALES
