

When a Creameryman says :
"GOOD HEAVY CREAM"

He means skim with the

DE LAVAL CREAM SEPARATOR

THE DE LAVAL SEPARATOR CO.
 173-177 William St. Montreal

LANCASTER COUNTY, PA. is famous for thrifty people, who believe the best is the cheapest always; and that the proof of the roof is in the wearing. The illustration shows the splendid barn of Jacob Rouch, of Strausburg, Pa., which is covered with

CAREY'S FLEXIBLE ROOFING CEMENT

Mr. Rouch has the satisfaction of knowing his roof will outlast the building itself, for he has abundant proof that a Carey Roof resists moisture, heat and cold, will not blow off, dry out, rust, rot, melt, crack, spring leaks or catch fire from falling sparks.

Carey's Roofing contains neither tar nor paper. It is composed of Carey's Special Process Asphalt Cement Compound, Carey's best woolen felt and strong burlap—all compressed into compact, always flexible sheets. The Carey patent lap covers and protects nail heads, making neat, everlasting, weather-proof joints.

May be applied easily by common labor; is equally adapted to flat or steep surfaces, and may be laid over leaky metal or shingle roofs without expense of removal. Sold from our warehouses conveniently located all over the United States and Canada, insuring lowest freight rates and quick service.
