

MONEY IN POTATOES!

Yes, plenty of it, if you grow them right. To grow them **Right** you need the right machinery—it will save labor and give you a bigger crop—**More Profits.**

O. K. CANADIAN POTATO MACHINERY

is just right for every purpose. Planting potatoes is as easy as raking hay—when you use an O.K. Canadian Potato Planter. And at every stage of the work there's an O.K. Canadian machine that's just as big a help—Cultivators, Hillers, Sprayers, Diggers, Seed Cutters—each one the very best of its class. Designed on the correct principles and made from the highest class materials, by the most skillful workmen. They are machines that will be good for many, many years' service, and save their cost to you time and again in bigger profits and less work.

We have an interesting booklet, "Money in Potatoes," which contains pretty nearly everything the farmer needs to know about their cultivation. We know that you will be interested in it. Write for it to-day, it is absolutely free, to the
