

HOW MUCH SHOULD

her
?

When customers want you to fill old measures with oil you don't know exactly what to charge unless you have a **BOWSER SELF-MEASURING OIL TANK**. You may guess **high** and lose their **trade** or guess **low** and lose **your profit**. Get a **BOWSER OUTFIT** and cut out the guesswork. Make a profit every time you sell oil, have a clean store, avoid loss of oil and damage to other goods. "Cut out the dripping and keep all the profits." The **BOWSER** is equipped with a float gauge which shows how much oil you sell and how much is left in your tank. It is in plain sight and can be read 20 feet away from the tank. It also has an automatic cut-off that stops the flow of oil as soon as you cease to pump and **prevents dripping**. Send a postal card for our **FREE BOOK**, telling how to **MAKE MONEY** out of oil.
