Where Canada Leads the World

In a strong article in the February issue of MacLean's MAGAZINE, Elmesley Bartlett brings out a host of interesting facts with reference to Canada's pre-eminence in certain lines. Silver, nickel, asbestos, furs, binders are among the products of the Dominion that are dealt with. Much has been done to bring the name of Canada into the limelight of foreign competition and to establish the possibility of a manufactured product from a "tenderfoot" country winning its place against a phalanx of freight rates, tariffs and

After reading this article you will gain a deeper pride in the land of your birth and a wider view of the possibilities that the future holds forth.

The February issue is full of other features that will appeal especially to business men. Here are some of them:
