TURKISH BLACK SALVE.

UNDER THE PATRONAGE OF THE HONORABLE THE EAST INDIA COMPANY.

THIS SALVE, prepared from the original Receipt procured from a celebrated Turkish Doctor (physician) of Smyrna, in Asia Minor, after many years of experiment and unprecedented celebrity in the Levant and the East Indies, from the application and use of which by it in both these countries, it was first introduced into Montreal, and as might be expected, its popularity has increased, and is increasing to an astonishing degree among all classes.

The contracted limits of an advertisement positively precludes entering into any details of its merits, but, for the information of those who have not used it, it is intended to publish, from time to time, such statements of cures as have or may come to hand, and can be used for the following complaints, to which it has not complete success:—Sores of the Glands, Broken Breasts, White Swellings, Scalds from Steamboat or other causes, Burns, Fever Sores, Sore Nipples, Carbuncles, Sore Throat, Gun-shot Wounds, Bruises, Boils, Wens, Chilblains, Ulcerated and Contracted Sinuses, and Bunions. If used in time, Cancers, also, Swellings from a blow on the Breast, Ring Worm, Sore Back, Rheumatism, Gout, Pains in the Palpitation of the Heart, Complaints in the Side, Heartburn, Hip, Rushing of Blood to the Head, Sweetbread Sore and Toothache. In fact it is impossible to enumerate half the complaints it has been cured by the application of.

Truth for the Million.

A great number of parties, (including the most eminent physicians of the Province,) who have resorted to the efficacy of these waters, while they have held them high in the estimation of the public, have induced some other proprietors of sedentary springs, to try to put their waters on the same footing with the Plantagenet. Nothing can be more absurd than this. These other springs have been known to the public in the immediate vicinity for fifty years, and in that time what have they done? Have they anything to show for the patronage they have received from the public? How have they stood since the Plantagenet Waters were first brought into the field? It is now only three years since the Plantagenet Waters were introduced to the Public, and in that short space of time has become of other Springs, which were known before them? Can any amount of puffing make the public believe that they deserve to be named in the same breath with the Plantagenet? It may be safely said that no one who has once used the Plantagenet Water will ever use any other water. Their inferiority is so great, and they are comparatively so worthless, that many have declared that they would not pay two pence more the price for Plantagenet Water, than for the best of them. Yet these Springs have a great advantage over the Plantagenet, in as much as they are natural, and are accessible, (if they are worth seeking,) to all classes without distinction.

The great cause of this preference is the distinct character of the Plantagenet Water, and more particularly its solidity of body, and the glutinous quality it possesses, which distinguishes it in a remarkable degree from all other waters. It will appear poor and thin in comparison with what may be truly said to have done more for public health in four years, than any other remedy has ever performed in fifty, and some of the cures effected are truly miraculous. Many of these facts are already before the public, and others can be ascertained at Plantagenet, where parties are invited to judge for themselves. In cases of rheumatism and other chronic diseases it is almost infallible, a number of cases having occurred where parties who had lost the use of their limbs have been restored to health and use by the use of it. The public are invited (in addition to this fact) to peruse the numerous testimonials of medical men and others, and particularly that of Dr. Nelson, who speaks of effects in members of his own family. Such is the case, it cannot be wondered at that the Plantagenet Water has driven all competitors from the field, and that its value should be placed so far above all other Springs ever discovered in the Province.

In evidence of this, it is only necessary to refer to the names of the eminent Physicians, and public and private individuals, who have certified to the virtues of the Plantagenet Waters, and who have used it as a boon to the country.

Conclusion: It is but borne in mind, that it is brought to us as a safe drink that these Waters are beneficial, but because they have an oily, fatty property, unknown to any Water besides. It is in fact, but one Plantagenet spring, and more than that is known, the higher its reputation. The more all others sink into insignificance by it.

It is enough to read the names given below, of those who have used the Plantagenet Waters, to be satisfied of their superior excellency over all others:—Doctors Crawford, W. Nelson, W. Frazer, John Nelson, George W. Campbell, Archibald Alex. McCallum, Robert L. McDonnell, Edmund E. H. Trudel, H. Mount, J. L. Lasnier, S. C. Sewell, F. Badgley, H. Peltier, J. E. Lemieux, L. F. Tavernier, G. D. Gibb, Rev. James Grant, L. H. Masson, W. B. Lindsay, W. P. Smith, P. Manson, T. Ledan, W. Hunt, L. Boyer; the Hon. A. N. Morin; the Hon. Peter McGill; the Hon. Louis Joseph Papineau; C. Wilson, Esq., Mayor; E. Fabre, Esq., Mayor; — Bellerose, Esq., Mayor of Quebec; J. Beaudet, Esq.; Louis Boyer, Esq.; — Holmes, Esq.; J. Beile, N. P.; J. Maurice Roux, Esq.; J. S. Cameron, Esq.; and many others.

Sold by all Druggists and Storekeepers throughout Canada and America, and in Carrillon by Mr. C. W. Schnider.

CAPITAL—ONE MILLION STERLING.

Empowered by Special Act of Parliament, 5 Vict., Chap. 9.

REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at much lower Rates of Premium than those of any other Assurance Company) assuming business in Canada.

The Directors have also resolved to extend to British North America the advantages afforded by the HALF CREDIT RATES of PREMIUM which have been so highly appreciated, and are now generally adopted by Public Institutions in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may proceed by sea or land, to other parts of North America without affecting their interest in their respective Policies.
