U. S. ELECTIONS STILL IN DOUBT

Norfolk, Haldimand and Brant Counties to be Grouped For Recruiting

THE GERMAN-AMERICAN VOTE DISAPPEARED ON ELECTION DAY

This is the Conclusion Reached by the New York Times and it Presents an Analysis in Proof of That Claim— Says the Vote in Question Was Split

By Courier Leased Wire New York, Nov. 9.—According to The Times this morning the German-American vote which cut such a large figure in the campaign, disappeared on election day. The centres of German-American population, with the exception of Cincinnati, cast their votes against Hughes, who was almost the unanimous choice of the German-language press.

Hughes lost Milwaukee, he lost St. Louis. He carried Cincinnati, but by far less than its normal Republican plurality. There was evidence that

Wilson had been knifed by German-American Democrats in some districts of Hoboken, but this was hardly perceptible in the state returns. The Democratic vote slumped in all parts of this city, but the slump was little more pronounced in Queens and in districts in Manhattan, where men of German birth or ancestry are numerous.

A close analysis of the vote, precinct by precinct, in German-American districts, may make it appear that ballots were cast now and then to punish Wilson for not favoring an embargo on munitions, but a survey

The above is a portrait of Lance-Corporal Brown, who as recorded in The Courier of yesterday was killed at the front. He enlisted in Brantford with the battery, was then transferred to the 84th and finally to the 75th. He was 19 years old and a bright young fellow having many friends in Brantford. His father is Sergt. W. Brown, 108 Chestnut Ave.

THE PRESIDENTIAL OUTCOME STILL REMAINS VERY MUCH IN DOUBT

Wilson is in the Lead but Final Results in Doubtful States Will Tell the Concluded Story—How the Figures Stand as at Present Appears

The Courier leased wire today has carried a mass of despatches from all over the States with reference to the Presidential election. Many of them have been conflicting and the rival sides are still claiming the victory. As far as matters can now be figured out the standing seems to be:

Table with 2 columns: State and Votes. Includes Connecticut (7), Delaware (3), Illinois (29), Iowa (15), Massachusetts (18), Maine (6), Michigan (15), New Jersey (14), New York (45), Pennsylvania (38), Rhode Island (5), South Dakota (5), Vermont (4), West Virginia (8), Wisconsin (13), Oregon (5).

The number of votes necessary to win in the Electoral College is 264.

Portland, Ore., Nov. 9.—Returns representing approximately 93 per cent of the vote of the state of Oregon, tabulated up to an early hour to-day, showed a lead for Hughes for president of 6,272 votes. The returns included figures from every county except one; it was estimated that the missing precincts would not ma-

terially affect the result. The figures were: Hughes 105,898; Wilson, 99,626.

Looks Like Wilson Concord, N. H., Nov. 9.—With returns complete, but only partially verified, Wilson led in New Hampshire this morning by 93 votes, according to Secretary of State Edwin C. Bean. Discovery of errors in official reports was a factor in reversing the lead which Hughes had last night.

Close Thing in California San Francisco, Cal. Nov. 9.—President Wilson was leading Charles E. Hughes early to-day by a margin of approximately 4,400, with all but 570 of the state's 5,917 precincts accounted for. Of the missing precincts 143 are in southern California where the Republicans have shown the greatest strength and the remainder are scattered throughout the northern section of the state, where the Democratic vote has been heaviest.

In the city of Los Angeles the returns from 118 precincts were held under guard of the United States marshal and his deputies last night and to-day they are to be tabulated.

The possibility of a split electoral vote in California, was discussed here. In 1912 two of the Democratic electors overtook the two low men on the progressive ballot, making California's election to the electoral college even for Roosevelt and two for Wilson.

ARE YOU WORKING? IF NOT GET BUSY NOW THIS MINUTE

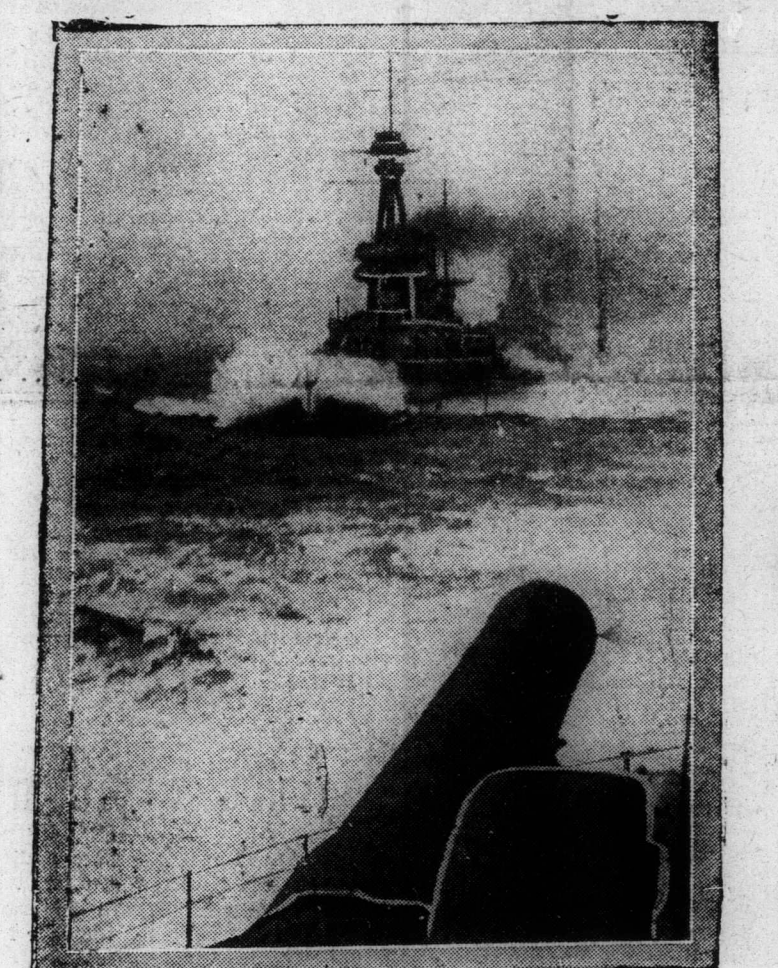

A Million Votes Easy if You Will Get Out After Them, They Will Not Come to You Without Being Solicited by You

Two more days of this great vote offer remains. What have you done? Been out hustling or waiting for some one to bring you their subscriptions. If you have, then you must feel very confident of winning the Grand Prize auto or in fact any of the prizes for you know they are almost certain to go to the loafer and not the one who gets out and hustles, or at least that is the way that some of you think, but wake up, shake the cobwebs off your brain before it is too late. Get right out this minute and get busy. Do not wait until tomorrow, as to-morrow never comes. Act now, that is the only way to get results.

and Saturday night, you can. Just stop and consider how far that would put you in advance with what you have already got.

Big Out in Votes. The time is here when the big cut in votes must be made and if you do not get in with your promises all cashed, then you have no one to blame but yourself, for you have been warned time and time again that the votes would be cut down and the time is here now, and you will have to get in if you want to get the big votes. All candidates will have until Saturday night to collect all the free 25 vote coupons that have been in the paper, and that their friends have been saving for them. As to-night is the last night for them it will give you ample time to collect them. Do not come in Monday with them for they will not count for you then.

WORKMEN OF BELGIUM ARE EXILED AND SENT TO GERMANY

Forced by Huns to Replace German Laborers Who are Thus Enabled to Enter the Army

By Courier Leased Wire

Havre, France, Nov. 9.—Charges that the German Government is rounding up and sending to unknown destinations practically all the able-bodied men in occupied Belgium are being made by Baron Beyens, Belgian Foreign Minister, in a statement issued by him to-day. Baron Beyens says: "The German Government is

rounding up large numbers in the towns and villages of occupied Belgium such as Alost, Ghent, Bruges, Courtrai and Mons—to name only the first-to-be victims of the measure—all men fit to bear arms, rich and poor, irrespective of class, whether employed or unemployed. Hunchbacks, cripples and one armed men alone are excepted. These men are torn from their families (15,000 alone from Flanders) and are sent to Germany where they are sent to work in the munitions factories.

WEATHER BULLETIN

Norfolk and Haldimand Counties Added to Brant

For the Purposes of Recruiting—Inspection of the 215th Battalion Was Satisfactory

By Courier Leased Wire

Chicago, Nov. 9.—Reports that British purchases this week in the United States and Canada have amounted to several million bushels, did a good deal today to lift wheat prices here. Advances in the New York State Market tended also to favor the bulls. Besides there were further reductions in estimates of the Argentine exportable surplus. The opening which ranged from the same as yesterday's finish to 1 3/8 cents higher with December 1.87 to 1.87 3/4, and May at 1.88 1/4 to 1.89 1/4, was followed by decided gains all round.

together to discuss the question of recruiting. He brought back the definite confirmation of the rumor that the counties of Norfolk and Haldimand would be added to Brant for recruiting purposes. Col. Morris stated this morning that he intended to get into communication with the recruiting organizations of these counties immediately so that the work could be prosecuted as soon as possible.

Roumanians Take Hirsova

By Courier Leased Wire

Bucharest, Nov. 9.—via London.—The war office to-day announced that Roumanian troops had re-occupied the town of Hirsova, in Dobruja, on the Danube, forty-five miles north of Tchernavoda.

The dental department of the battalion, which is in charge of Capt. Dolson, has not as yet commenced operations, owing to the delay in the transportation of the necessary equipment. When established, the headquarters of this branch will be in the room formerly occupied by the bugle band. Capt. Dolson will be in Toronto to-morrow to arrange for the remainder of the supplies to be forwarded so that the work can be gone on with as soon as possible. While there, he expects to attend a banquet given in honor of another draft of the Army Dental Corps, which is to proceed overseas in the near future.

Lt. Col. Morris of the 215th, returned to the city this morning from Toronto, where he was attending a conference of the Commanding Officers of this military division, called

TWO OFFICERS OF 34TH PRISONERS

Lieuts. Howard and Devlin Are Captured by the Enemy.

Lieut. Francis Carl Howard, who had a commission in the 84th Battalion, is reported prisoner of war. He was first reported missing. No particulars are available.

Lieut. Harry Lyman Devlin, who was in the 84th, is also a prisoner of war. He is twenty-one and an undergraduate of the University of Toronto, and lived at 71 Delaware avenue, Toronto. On September 6 Lieuts. Howard and Devlin were in command of a party sent out to secure information, when machine-gun fire seems to have opened on them and both officers were seen to fall. When a search was made later they could not be found, and it was feared that they had been killed. Both officers were Toronto men.

PRES. WILSON STILL DOESN'T KNOW WHETHER HE IS OR IS'NT

He Remains in a Cheerful Mood and Thinks Matters Will Turn Out Alright For Him

By Courier Leased Wire

Long Branch, N. J., Nov. 9.—President Wilson got up shortly before eight o'clock this morning to hear again that the outcome of Tuesday's elections was not yet certain. His first questions had to do with California, Minnesota, New Mexico and North Dakota, the states on which he was told before going to bed last night that the result largely hinged.

When informed that definite word had been received from none of those states, he realized that he would have to wait longer for the final outcome. It was taken for granted among officials here that there would be recounts in several of the very close states and it was believed that weeks might pass before questions involved are settled. Officials said that the results would be watched very closely in order to insure a fair verdict.

The president remained in a cheerful mood to-day and believed that the result would eventually favor him. As the returns began coming in this morning at the executive offices, they were promptly telephoned to him at Shadow Lawn.

AMERICAN ELECTION FOLLOWED WITH DEEP INTEREST IN PARIS

Believed That Either Candidate Will Have Little Effect on the United States Policy

By Courier Leased Wire

Paris, Nov. 9.—The American election is being followed with the deepest interest. The morning paper commentators, mindful of the dramatic surprise yesterday when the supposedly certain Hughes victory was turned into a possible defeat, are reluctant to commit themselves.

The majority of the commentators is similar to that of Stephen Pichon, in The Petit Journal, who expresses the belief that the victory of either candidate will have little effect on

American policy as far as the big questions interesting France are concerned. It is also pointed out that the present administration will remain in any event in power until March 4, and that many things may happen between now and then.

The Matin remarks that while a victory for Mr. Hughes might mean a more vigorous international policy, it would also mean a protectionist regime. The Matin comments that this change, while unimportant in time of war might be awkward for French business interests on the return of peace.
