

THE FARMERSVILLE REPORTER.

NEWS OF THE WORLD.

All the important events of the week.

The Scott Act went into force in Huron, Bruce, Simcoe, Dufferin, Oxford, and Norfolk, on Friday, May 1.

Since the uprising in the North West the price of meats of all kinds has gone up fully 6 cents per lb. in Winnipeg.

A Montreal telegram says smallpox seems to be spreading, as two new cases were discovered Monday and one death took place.

The advocates of the Scott Act in Essex have concluded not to submit the measure to the electors till some time near the close of the year.

It is reported that the Imperial Government has decided to drop the question of renewing the Crimes Act in Ireland, and revive the milder Peace Preservation Act.

In the Newfoundland Assembly Thursday night, the expediency of continuing relations with the United States involved in the fishery clauses of the Washington treaty was discussed for several hours with closed doors.

In Colchester, the other day, a refractory juvenile drew a revolver on a school teacher who threatened to whip him, and when the teacher talked of arrest the boy skipped to Detroit. His parents are now anxiously looking for him.

The Ontario Government have appointed Mr. Barre, of Quebec, professor of dairying in connection with the Creamery at the Agricultural College, and that gentleman commences his duties immediately. Mr. Barre will take charge of the creamery and experimental dairying, and will lecture on the subject in the College. He is said to be the best authority on the subject in the Dominion.

Wiggins and Francks, the two Toronto Tory ballot-box stuffers, were on Monday morning sentenced to jail for three months each by Chief Justice Wilson. In addition to this punishment they are liable to a heavy fine for every ballot wrongfully put in the box and are disfranchised, losing all the privileges of a citizen. The sentence meets with great approbation.

The Canadian voyageurs who have lately returned from service in Egypt will not be sent home in a special vessel but return independently at their own leisure. The Imperial authorities have provided the men with special tickets, good till used, so that they can see the Old Country before they return home or sail at once if they desire. The contingent now in Europe numbers 80 men.

Mr. H. P. Becket, a well-to-do farmer living near Victoria, Norfolk Co., met with a sudden death on Tuesday. He was out shooting, and it is supposed that in getting over the fence he put the gun over in front of him and in doing so it was discharged, the contents entering his abdomen and killing him instantly. He was found some hours after by neighbors sent in search of him by his wife, with one foot on the fence and his back against a tree. Mr. Becket was about 42 years of age and highly respected. He leaves a wife and four children to mourn his sudden death.
