FLOWERS THAT THE CRUSADERS PLANTED,

The Classmate in an article contributed by F. V. Bouldin, Chapel Hill, Texas, says that in Derbyshire, England, there are to be seen, growing herre and there, certain flowers unlike any in western Europe.

These strange, sweet eastern flowers have a story of their own, dating back many centuries.

These strange, sweet eastern flowers have a story of their own, dating back many centuries.

Long, long ago, in the far-away days of the Crusades, a knight from Derbyshire went to the rescue of the Holy Sepulcher. On his return, after many brave deeds, this crusader brought home with him some seeds of oriental flowers, and sowed them on his estate. They sprang up and flourished, and have flourished there, on alien soil and under western suns, ever since. The crusader's bones are dust; his family is extinct; his estates have passed to other holders; his deeds are forgotten, save by those who search old records. But the flowers he planted still bloom over the countryside, and keep his memory in the minds of all who see the rare blossoms.

The crusader's flowers are actual realities; but they are also symbols of all beautiful and noble influence. The little things that are done in the course of a good life take root and live and endure.

#### WOODSTOCK LADY RESTORED TO HEALTH

Mrs. D. J. McLeod, of Woodstock Mrs. D. J. McLeod, of Woodstock, has gone through a sad experience, as have hundreds and thousands of others, before finding the proper remedy for her trouble. When at last she discovered "Bu-Ju" and was cured of a distressing and long standing case of lame back, her good heart prompted her to write to the Claflin Chemical Co., Windsor, Ont., and tell them her experience so that others might be benefitted by the same remedy that cured her.

morrow—World's Temperance Les —Isaiah 28, 1-13. Golden Text—"They have erred through wine, and through strong drink are out of the way."

drink are out of the way."

The prophet here denounces this specific, shameless sin, of God's own chosen people; both priests and people have become slaves to the lust for drink, and their doom is pronounced. Satan well knows that "no drunkard can enter the Kingdom of God," therefore he makes use of strong drink to people hell.

Rev. Dr. Cuyler says, "The two unanswerable arguments against the drinking usages are these: An alcoholic beverage endangers me if I tamper with it; it endangers my fellow-man if I offer it to him. My Bible teaches me to let it alone for the sake of the weak and those who stumble. Ah, these stumblers! How many tombs they oven whose charitable turf hides out of sight what surviving kindred would love to hide from their memory. For Jesus' sake and the the sake of the easily tempted who will hide behind our example, let us who call ourselves Christians put away this demon which conceals damnation under its ruby glow and its mask of social friendship."

Thank God, many a poor slave of drink has become God's free man, and he who once was filled with this spirit of sin and shame has called on the Lord and has a heart now filled with the Spirit of God, and is not only saved from this one form of sin but also enjoys a full, free and present salvation, purchased by the precious blood of Jesus Christ our Lord, "for whoseever shall call on the name of the Lord shall be saved.
