

POISONOUS COSMETICS

Used to Hide Disease.

Women Who Use Them Run Terrible Risks.

Paine's Celery Compound Quickly Removes the Troubles and Diseases That Women Now Try to Hide.

IT GIVES NEW HEALTH AND GOOD LOOKS.

Kate Field, a prominent and honored American lady and a writer of note, declares that after a most complete investigation she finds that \$20,000,000 worth of poisonous cosmetics are sold annually in the United States.

It is well understood that the people who purchase cosmetics use them with a view to deceiving those with whom they come in contact.

Honor Thy Father.

Once upon a time there lived an old man who was very old but he could hardly walk. His knees shook under him; he could see little and hear less; and he had lost all his teeth.

One day his trembling fingers let the bowl fall to the floor, and it was broken. His daughter-in-law scolded him for this. He made no answer, and only sighed.

What are you doing, my boy? asked the father. I am making a bowl for mother and you to eat out of when your own old like gramps.

you after death give me good material to work on in your lives. There is so much good material in your work, which is so large, so magnificent, and which has extended so far, that I find it embarrassing to convey an adequate welcome.

Your motto is, "For God, and Home, and Every Land." Your Magna Carta is, "In the name of God, we will set up our banner." "Not by might, nor by power, but by my spirit, saith the Lord," has been the basis on which you have founded your work.

The drum beat of Great Britain commences with the dawn, and repeated hour by hour, is re-echoed round the world. The noontide hour of prayer is the drum beat of the W. C. T. U. We welcome you for your work for the home.

The three great institutions of the world are the Home, the Church, and the Nation. The home is the time of man's innocence when he is the only God given institution, and at the consummation of all things it will be the Home again with God the Father in the midst.

I never so earnestly longed for woman at the ballot as on the 29th, when I noticed your deep interest on this question. When you had obtained the privilege for which you have asked so long, you will vote as you pray. You have worked not for the abolition of the liquor traffic, but for its extermination.

Music followed, after which Mrs. Chesley, the provincial president, replied in a few chosen words of appreciation and thanks for the official welcome extended.

The president said that the W. C. T. U. was the child of the church, and it was only fitting that the church should extend a welcome to this Convention. On behalf of the W. C. T. U. she would very sincerely express thanks for the welcome accorded by the various bodies of workers.

Cause of Rheumatism. HOW THE DISEASE IS DEVELOPED AND CAN BE AVOIDED.

For years this trouble baffled physicians. Skill - New Understand and Easily Cured - The Result of Scientific Research.

From the Advance, Kemptville, Ont. There is a popular idea that rheumatism is caused by exposure to cold, and that some localities are infected with it more than others.

Scientists say that such conditions frequently promote disease, but from the fact that this ailment runs in certain families, it is shown to be hereditary, and consequently a disease of the blood.

Frequently an individual in whose family rheumatism has not occurred, develops the disease, and when a diagnosis of the case is made, it is generally found that the ailment is due to a derangement of the blood.

One such sufferer who has been cured is Capt. D. W. Becket, who lives in the township of Oxford, Grenville County, Capt. Becket is the owner of 275 acres, and lives in a beautiful farm home on the banks of the Rideau, some three miles from Kemptville. In addition to being a thrifty farmer, Mr Becket has taken an enthusiastic interest in our volunteer force, and has graduated from the military college at Toronto with a first class certificate, which entitles him to the rank of Major.

To a reporter of the Kemptville Advance, Capt. Becket, made the following statement: "Four years ago I was taken suddenly with rheumatism to both my elbows and right joints. The pain at times was something terrible. I took medicine and doctored for over six months, but continued to grow weaker and worse. My arms from the elbow joints to the tips of the fingers became numb and had a prickly sensation, and I was unable to do any work; in fact I could not lift my hand to my head. The pain I suffered in my hips was almost unbearable and my legs were nearly as useless as my arms. I had frequently read testimonials where Dr. Williams' Pink Pills had cured this disease, and at last I thought I would try them as an experiment. Before I had completed the first box I felt that I was helping me, and after I had taken the pills a little more than a month the pain had entirely left me, and I felt an altogether different man. I feel satisfied there is no other medicine could have wrought such a speedy cure, and I can truthfully say I met the enemy and defeated him through the aid of Dr. Williams' Pink Pills.

Dr. Williams' Pink Pills are a specific for all diseases arising from an impoverished condition of the blood or a shattered condition of the nervous system, such as St. Vitus Dance, locomotor ataxia, rheumatism, paralysis, sciatica, the after-effects of la grippe, loss of appetite, headache, dizziness, chronic erysipelas, scrofula, etc. They are also a specific for the troubles peculiar to the female system, correcting irregularities, suppressing and all forms of female weakness, building anew the blood and restoring the glow of health to pale and yellow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of any nature.

Protect yourself against imitations by insisting that every box you purchase bears the full name Dr. Williams' Pink Pills for Pale People.

Mr. Reeves, the next speaker, then gave a welcome from the Royal Templars of Amherst. He said: "We welcome you as a great body of temperance workers. If ever there was a time when temperance workers should heartily welcome each other, it is now, after our great victory. Let pessimists say what they may, it is a great victory, because we have written our names in history now than ever before. Though not permitted to record your notes in this campaign, by your prayers and your efforts you have had a large share in our success. Years ago this intellectual world would not have been possible; thus we see that temperance sentiment has been steadily and surely growing. In view of what has been so readily accomplished let us promise each other to do better work in the future. Once on a tombstone were inscribed the words, "They rest from their labours and their works do follow them." Below was written in pencil, "She loved me and lifted me from the gutter. I promised to meet her in heaven, and by God's grace I will." What could be more desirable than to know that our efforts have resulted in the salvation of even one soul.

Mr. J. E. Black next welcomed the Convention to the town on behalf of the "Good Templars." He eulogized our organization on account of the broad sphere in which we work, setting, "While we have our strictly temperance organizations, and large numbers of pledged adherents, other vices than drunkenness, equally injurious to society, are not kept in check by us as they should be. We have based the initials W. C. T. U. rendered thus: Women Continually Troubling Us. We trust that this will be increasingly true, and that the women will continually trouble all those who do wrong.

The Rev. J. H. Macdonald welcomed us on behalf of our work, which he said was a power the world over. "Who is the man that can welcome you as you deserve to be welcomed? We want to make it not merely a verbal but a real welcome. A writer of obituary notices addressed an audience on this wise, "If you want me to say good things about
