

# THOUGHT IT WAS CANCER

"Fruit-a-lives" completely restored me  
Sylvester M. N.S., Jan. 25th, 1920.  
"For many years, I suffered tortures from indigestion and dyspepsia. Two years ago, I was so bad that I vomited my food constantly. I also suffered with constipation. I consulted physicians, as I was afraid the disease was cancer, but medicine gave only temporary relief.

I read in the "Maritime Baptist" about "Fruit-a-lives" and the cures this medicine was making and I decided to try it. After taking three boxes, I found a great change for the better and now I can say "Fruit-a-lives" has entirely cured me when every other treatment failed, and I reverently say "Thank God for 'Fruit-a-lives'".  
EDWIN GRAM, Sr.  
"Fruit-a-lives" sweetens the stomach, increases the actual quantity of gastric juice in the stomach and ensures complete digestion of all assimilable food. "Fruit-a-lives" is the only medicine in the world made of fruit juices.  
50¢ a box, 6 for \$2.50, or trial size, 25¢. At all dealers, or from Fruit-a-lives Limited, Ottawa.

## Have You a Boy to Spare?

The saloon must have boys or it must shut up its shop. Can't you furnish one?  
It is a great factory and unless it can have 2,000,000 of each generation for raw material, some of the factories must close up and the operatives be thrown out upon a cold world, and the public revenue dwindle.  
One family out of every five must contribute a boy in order to keep up the supply.

Will you help? Which one of your boys will it be?  
Are you a father? Have you given your share to keep up the supply for this great public institution that is helping to pay your taxes and kindly electing public officers for you?  
Have you contributed a boy? If not some other family has had to give more than its share. Are you selfish? Voting to keep the saloon open to grind up your boys and then doing nothing to keep up the supply.  
Ponder these questions ye voters; answer them to God, to whom you will some day give an account for votes as well as prayers.

And ye mothers, wives and daughters, are you by precept, example and influence in every possible direction doing all you can to save the boys from the enticements of the legalized saloon and hasten the day when it shall be outlawed, and curse our fair land no more?  
If not, why not?

## The Opium War in China.

China is waging successful war against the use of opium. It is a moral war such as has seldom been waged since the dawn of civilization. What is little short of a miracle is being wrought in the thousand walled cities and the million hamlets of the vast and ancient empire.  
The truth of this assertion can be realized only by one who knows how enormous a task the Chinese government has undertaken in trying to stop the raising of the poppy.  
Although the opposition to the government's measures has been so strong and so unscrupulous as to be described as both Titanic and Satanic, the crop has already been reduced by one half, and hope is high that by 1924 the traffic will be wholly extinct.  
In this great reform China has the help of Great Britain. Although we see an enormous financial sacrifice in the protective loss in the export trade in India opium, we are now comprehensively supporting the crusade against an evil which, not many years ago, we were only too willing to encourage.

## Scotland's Record.

The 103,000 persons with drunkenness and disorder in Scotland during 1908, arising in the former entirely from the use of alcohol, and in the latter mainly so, provided the great bulk of work for the constabulary and courts, says a correspondent. But it has been found that drink is an important factor in the causes of more serious crimes. The bulk of assaults is brought about by it, but it is the common explanation of 589 sentences for cruelty to children. About 80 per cent. of charges for murder and culpable homicide arise from intoxication. But the influence of drink extends into other classes of crime which are not generally supposed to be affected by it. From five different careful investigations made among persons guilty of crimes against property, it has been found that in 60 per cent. of them the criminal was not sober at the time of committing the offense. Testators in this class rarely exceed 6 or 8 per cent. of the whole.

At New York, Friday, thirty-five thousand placards enjoining "No Smoking Under Penalty of Arrest" were ordered by Fire Commissioner Johnson to be posted in buildings where crowded cigar conditions make the use of pipes, cigars or cigarettes a menace to life and property. The signs are in three languages, 5,000 in Italian, 10,000 in English and 20,000 in Hebrew.

## A Curious Oath.

The following curious oath was until recently administered in the courts of the Isle of Man: "By this book and by the holy contents thereof and by the wondrous works that God has miraculously wrought in heaven above and in the earth beneath in six days and seven nights do I swear that I will, without respect to favor or friendship, love or gain, consanguinity or affinity, envy or malice, execute the laws of this 'isle justly between our sovereign lord the king and his subjects within this 'isle and between party and party as differently as the hearing's' backbone doth lie in the middle of the fish."

## Temperance Medicines.

It is becoming well known that the use of alcohol as a medicine is steadily decreasing, as shown by hospital statistics and the testimony of physicians in private practice. Dr. H. W. Wiley, chief of the United States bureau of chemistry, devoted a section of his address as president of the American Therapeutic Society recently held in Boston, to this decreasing use of alcohol in medicine. "I think," said Dr. Wiley, "there is a marked tendency in the medical profession to regard the virtues of alcohol as very questionable. The general result of this (alcohol) problem has been an accelerated movement to restrict or limit the use of alcohol in medical practice. A few years ago some alcoholic beverage was regarded necessary in the treatment and elimination of the disease. At the present time the use of alcohol in any form as a food product is extremely restricted. Both as a means of prevention of disease and as a remedy for disease, alcohol is rapidly falling into disrepute, and bids fair to become a mere memory in the Materia Medica and in the Pharmacopoeia." Winnipeg, Man., June 14, 1911  
"One day last winter while exposed to the weather I contracted a very severe cold, and I was several months getting rid of it. It left me in a weakened condition, and I became very nervous and nervous. Things went from bad to worse, and it was not long until I was obliged to stop work. I felt too nervous and shaky to work on high and dangerous places. I felt the need of a good tonic, so I bought up and tried several well known tonics, and my doctor prescribed me two or three times, but all without success. Finally, I happened to meet a friend, who claimed Dr. Morrissy's Blood Tonic never failed. I decided to try it. I bought a bottle and took it as directed. I felt better and better, and today I am as well as ever. I have no hesitation in saying that Morrissy's Blood Tonic is the safest and most accurate they could take."  
Dr. Morrissy's Blood Tonic is not a "stimulant" or "excitant" but a "restorative" and "rejuvenator." It restores the system to its normal condition. It is the safest and most accurate they could take."

## Learn why PURITY FLOUR is unlike any other brand

PURITY FLOUR is unlike any other brand of flour. No two milling companies follow exactly the same process of milling. In fact, no two different brands of flour in the world are exactly alike in quality. And here is another fact worth knowing: Every wheat berry contains both high-grade and low-grade portions.

The process of milling PURITY flour costs more than to mill ordinary flour. The low-grade portions are separated and excluded. PURITY is an ALL-HIGH-GRADE, hard wheat flour. It has greater strength, greater absorption and greater expansion. It is a thriffter, more elastic flour. It drinks more water and expands into more loaves. Use PURITY FLOUR for your next batch of bread. Count the loaves. You'll find you have made "MORE BREAD AND BETTER BREAD" from PURITY than when you've used an equal weight of weaker and cheaper flour.

## DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound  
Canifton, Ont.—"I had been a great sufferer for five years. One doctor told me it was ulcers of the uterus, and another told me it was a fibroid tumor. No one knew what I suffered. I would always be worse at certain periods, and never was regular, and the bearing-down pains were terrible. I was very ill in bed, and the doctor told me I would have to have an operation, and I might die during the operation. I wrote to my sister about it, and she advised me to take Lydia E. Pinkham's Vegetable Compound. Through personal experience I have found it the best medicine in the world for female troubles. For it has cured me, and I did not have to have the operation after all. The Compound also helped me while passing through Change of Life."—Mrs. L. E. PINKHAM, Canifton, Ontario.

I was very ill in bed, and the doctor told me I would have to have an operation, and I might die during the operation. I wrote to my sister about it, and she advised me to take Lydia E. Pinkham's Vegetable Compound. Through personal experience I have found it the best medicine in the world for female troubles. For it has cured me, and I did not have to have the operation after all. The Compound also helped me while passing through Change of Life."—Mrs. L. E. PINKHAM, Canifton, Ontario.

## DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound  
Canifton, Ont.—"I had been a great sufferer for five years. One doctor told me it was ulcers of the uterus, and another told me it was a fibroid tumor. No one knew what I suffered. I would always be worse at certain periods, and never was regular, and the bearing-down pains were terrible.
