HARD-

N.B.

PRICE has always been of secondary importance in the blending of KING COLE Orange Pekoe. It has to be, if that characteristic rich flavor is to be maintained. Unusually choice teas are continually sought for it, and the cost of these is frequently changing.

KING COLE Orange Pekoe is for the real tea lover to whom a fine cup of tea is a delightful necessity. Any lowering of the quality would be treason.

The price of KING COLE Orange Pekoe has changed slightly from time to time, and may again be higher or lower according to market conditions, but its original exclusive flavor remains unaltered.

"The Extra in Choice Tea."

IT'S the careful systematic saving of small sums each month that enables men and women to become buyers of good Bonds and so establish themselves on the road to financial independence.

Our Partial Payment Pias for Buying Bonds has been devised particularly for those who wish to draw up a conservative, workable plan of saving and investing a portion of their income. The Pian is quite simple and will appeal to those who wish to scoure the maximum income return, consistent with safety.

Buying Bonds on the Pertial Payment Plan is fully described in a special booklet. Use the coupon below to obtain a copy and full particulars as to how you can become the owner of a safe \$500 or \$1,000 bond during the part faw mouther.

Indians Celebrate Opening Banff-Windermere Road

1. Indians, gaily caparisoned, await the judges' pleasure. 2. Lieutenant Governor Nichol smokes the pipe of peace—to the delight of the oldest members of the tribe (3).

4. Car-No-Sic-Klmeet and the Indian chief.

THE Indian, though reticent and undemonstrative, is ever ready to show his appreciation of the fact that the pale face is I friend, a brother to him. More often than not, he takes advantage of his fetedays to show this appreciation and good-will in simple ceremonies which honor the white man by bestowing upon him the name of one of their own, and a seat in their family and council circles.

The opening of the Banff-Windermere Motor Highway on June 30th occasioned the gathering of a large number of Kootenay Indians from various reserves, at Invermere, B.C. Here they entertained and were entertained by a host of, visitors to the district who, having attended the opening ceremonies were easily induced by the glories of the country to stay for a few days. On this occasion the Kootenay honored Lieutenant Governor W. C. Nichol of B.C., who had officiated, with Governor Brett of Alberta, at the opening,

Cloverdale Notes

A number of men are passing through this place to the lumber woods at Nashwaak.

Alonzo Jones, Kenneth Wallace John Crabb, Ed and Herb Herrington are hunting. We expect them to supply the place with game. Mr. and Mrs. Willard Crabb and

Mrs. James Crabb spent Tuesday at Willard Crabb's camp. Mrs. Albert Jones and Mrs. John

Hill were guests of Mrs. Robt.-Morgan and Mrs. James Billing one day last Mrs. Chas. Jones and son Alonzo

and family motored to Hartland Sunday and were the guests of her daugh ters, Mrs. Elias Crabb and Mrs. Fred and a good time.

"My Hands Trembled and I Could Not Sleep"

Mr. Thomas Honey, Brantford, Ont., writes:-

"When I began taking Dr. Chase's Nerve Food, I was so nervous that when I picked up a cup of tea my hand would tremble like a leaf, I could not sleep well, could not rethings, and there were neuralgic pains through my body. After taking seven boxes of Dr. Chase's Nerve Food, however, I am in perfect health.

Here and There

Protection of migratory birds has been added to the duties of the Canadian Pacific Railway's constabulary.

Airplanes attached to the On-tario Forestry Department are now equipped with radio sending appa-ratus so that they can keep in con-stant touch with the chief and other

There was an increase of sixty-three per cent in the number of im-migrants to Canada during the last three months as compared with the corresponding period of last year.

Canadian Pacific agents in Britain recruited nearly five thousand men for work in the harvest fields of Western Canada and, through lack of steamship accommodation closed their doors on as many more who, attracted by the special harvest rate, sought to enter Canada.

The branch lines program of the Canadian Pacific Railway carried out this year will bring into operation on the prairies a larger mileage than any one year since 1914. Of the 431 miles of line under construction. 281 miles will be ready for handling grain in the Fall, and of the balance, 115 miles will be ready for steel by the winter freeze-up.

A building has been acquired by the University of Toronto to be entimely devoted to the manufacture of insulin. This will be the only factory in Canada to manufacture the curative fluid in commercial quantities and, although it is manufactured in the United States, Great Britain and Denmark, the Canadian product will be sold throughout the world.

Dawson City recently celebrated the twenty-seventh anniversary of the discovery of the Klondyke. In an exhibition of Yukon products cabbages 16 inches in diameter and weighing thirty pounds, potatoes as big as a man's head, pumpkins as big as watermelons, wheat, oats and barley bore witness to the fertility of the Yukon soil. Side by side with these ranged gold nuggets, gold dust and silver bars. Dawson City recently celebrated

pr. James Inches, Commissioner of Police, Detroit, and a guest at the Canadian Pacific Bungalow Camp at Nipigon, helds the record for the biggest speckled treut caught in the Nipigon River this season, having captured a fish weighing 7½ pounds. This catch was above the average, but a large number of six pounders have been taken from the Nipigon this season. Several years age, and from practically the same place, Dr. J. W. Cook, of Fort William, caught the world's record speckled trout, which weighed fourteen and one-half pounds, and was more than two and pounds, and was more than two and a half feet long.

A record was established recently when one of the latest type of Canadian Pacific locomotives drew a train of 42 cars of newsprint, weighing more than 1,100 toas, from the plant of the Abitibl Pulp and Paper Company, Navth Ray, to Taranta withof the Abitibi Pulp and Paper Company, North Bay, to Torente, without mishap. Ordinarily, it would have taken two passenger engines to haul such a load for the 320 miles. After proving its worth by this feat the huge engine, together with an all steel train consisting of the latest model tourist, dining and sleeping cars, and a baggage and compartment ear, formed part of the Canadian Pacific exhibit at the National Exhibition at Torente.
