## BIG LEAGUE BALL TODAY.

National League Baseball Season Opens Today—American League on Saturday.

TIP O'NEILL RETAINED BY WHITE SOX.

Today marks the opening of major league baseball for the season of 1906 and from all appearances it will be a successful season. The National League season opens this afternoon. The champion New Yorks start out by playing four games at Philadelphia, then go to Brooklyn for three games, and on Friday, April 21, will begin the season at the Polo Grounds with four games with Brooklyn. Brooklyn will begin play at home on Thursday, having the Boston team as opponents for four games. After meeting the New Yorks at Washington Park and the Polo Grounds the team will go to Boston for four games.

The American League season begins in the East on Saturday, and in the West on Sunday. The Greater New Yorks start off with the ex-champion Boston, at American League Park, on Saturday and Monday. The champion Athletics open at Washington. The teams of the two leagues are sized up as follows by the well known baseball writer, Frederick P. O'Connell.

A Gruelling Finish.

"To me it looks like another gruelling race. It looks as if Boston, Cleveland, New York, Chicago and the Athletics are all in the hunt, with Detroit a dark horse. Washington and St. Louis can't be counted, except that they will bump the leaders now and then, and if Tom Hughes can do as well against Cleveland as he did last year Washington will help to keep Cleveland down.

With the lamented Cassidy, Washington would have been a tough club to beat. Place your money on New York to win the National flag, with Pittsburgh or Chicago to finish second and to make the Giants hustle, with Philadelphia and Cincinnati fighting hard to land in the first division. To me it looks like New York in a walk. Much of Pittsburgh's supposedly added strength depends on Nealon, the coast first baseman, whom John I. Taylor tried to sign. In practice Nealon has done well. Like all youngsters, however, he has got to show the fans what he can do in real going. Chicago has several new men. Steinfeldt will be at third and Schekard in the outfield. If Schekard doesn't come back into his old-time form Chicago will have a hard time.

While Tip O'Neill is retained the regular outfield for the White Sox is not apparently settled upon finally. In centre Manager Fielder Jones is of course a fixture while it is now said to be the intention to hold Donny Green in reserve and put "Hub" Hart, the former Georgetown University catcher, in his place at right and O'Neill in left field in place of Jimmy Calahan the recalcitrant. Of course Calahan may return to the fold at any time and Donny Green may "come back" and force a place for himself. In this event there would have to be some shifts. But O'Neill's ability to substitute in the infield should at least give him a job as utility man.

O'Neill's record last year up to the time of his injury was such that would lead one to feel that he was going to make good. In 90 games he was 301 times at bat, scored 65 times, hit safely 120 times, making 24 doubles, 5 triples and 6 home runs; 20 sacrifice hits were made and 23 bases stolen, giving a batting average of .262, which placed him 8th place among between 175 and 200 players. In the outfield O'Neill in 90 games had 100 put outs, 12 assists and 11 errors, giving him a fielding average of .941.

McLEAN STARTS WORK

Portland Teams Season in Pacific Coast League Has Opened

The Pacific Coast League opened its season on the 8th with Oakland playing at Los Angeles, Portland at Fresno and Seattle at San Francisco. The season's schedule consists of 135 games, the league being the first to open and the last to close.

Jack McLean is with Portland again this year and as there is a cast iron record of his contract calling upon him to "be good" he should do good work unless he runs amuck. McLean had a good record last season. In 180 games he was at bat 607 times making 187 hits, of which 41 were doubles, 3 triples and 1 a home run. He stole 8 bases and made 10 sacrifice hits, giving an average of .298, placing him at the head of his team and in 6th place in the whole league, or only 3 points below Joe Nealon, the midget talked of recruit for Pittsburgh's first sack.

HONOR FOR "TANKER"

Frederick Man Will Go Down in Fame.

The Gloucester Athletic Association has decided to have a roll of honor and the following are being proposed for honorary members, says the Gazette: F. W. Warren, J. W. Muggah, J. R. McIsaac, Chief of Police McDonald, Minnamin, Murray and "Tanker" McIsaac. All these have done much for the association. "Tanker" is given the honor for the services he rendered the association in the three years of baseball, football and hockey, enjoying the proud distinction of having played on the three champion teams of Cape Breton. It is proposed also to have a man who held their place on any team for two years.

WILL REPORT NEXT WEEK

McGuigan and McEachern are Thus Notified.

Allen McGuigan and Donald McEachern, the local men, signed to play for the Paterson team of the Hudson River league will leave St. John to join the team about Wednesday, April 18th. The St. John men have received word to report to the team at Paterson on the 21st inst. As the league season will not open until about May 15th, the players will have quite a bit of time to wear off the sharp edges. St. John Globe.

BOWLING.

A GOOD SCORE.

Yankee Roller Made Score of 1025 in 10 Strings of Candlepins.

LEOMINSTER, Mass., April 8. Lucius M. Cook, Leominster veteran and premier bowler, yesterday broke the alley record by the 10th alley for 10 consecutive strings at candle pins, making a total of 1025. The previous record, 1007, was held by his nephew, Fred H. Cook, and was made three years ago. Mr. Cook started in to qualify for the highest three-string total of 10 men, for the month of April, to be rolled off the first of May, with 134. Mr. Cook rolled 12 strings, and for the 12 in succession he rolled 1210. The first five strings gave a total of 531, and his three-string total was 346.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of grippe with all its miserable symptoms," says Mr. J. S. Eggleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, adding the same with a double dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip. Sold by all druggists."

TO HONOR CARNEGIE.

MONTREAL, April 11.—The governors of McGill University have decided to confer the degree of LL. D. on Andrew Carnegie, in person, at a special convocation on May 1, the honor being a recognition of that gentleman's public liberality and service for the advancement of education.

Good Blood

Good blood, good health; bad blood, bad health; there you have it. Why not help nature just a little and change the bad to the good? Bad blood to good blood; poor blood to rich blood. Ask your doctor how this applies to Ayer's Sarsaparilla, and how it applies to you! Could anything be more fair?

ACCIDENT AT SPRINGHILL

In Which Two Young Men of That Place Proved Their Heroism.

SPRINGHILL, April 5.—While two teams were driving down the ice from Keswick to Fredericton, each with a load of hay, the head team, which was driven by Henry Weary, broke through the ice. While endeavoring to save the horses, Mr. Williams, (who was on the load with Mr. Weary) and Mr. Weary broke through the ice. A large crowd arrived on the scene instantly, but of all only two were brave enough to face the danger at the risk of losing their own lives, they being James Goodine and Scovell Ferris. In the effort of saving Mr. Williams, Goodine broke through the ice, and went under, but Ferris managed to pull him out, then he and Goodine succeeded in saving Mr. Williams and Mr. Weary. They then cut the harness sufficient to save one of the horses. After these brave attempts they hitched the other team to the load, thinking to pull the load back sufficient to save the remaining horse. The water was too swift and they had to cut the ropes. The horse load and sled disappeared instantly. And in less than a quarter of an hour the ice on which young Goodine and Ferris stood while exhibiting such heroism, was gone, leaving an open glade of foaming water. At one time it looked almost impossible that Mr. Williams would be saved. But the good Lord gave strength and courage to those young heroes and no human lives were lost.
