Jacquet River, 4th June, 1832.

Dear Advocate:—In his County we have no less than four diddates for the Dominion Parliament, three Conservatives and one Liberal, and the chances are that with so many on one side and only one on the other that Restigouche will again have the disadvantage of being represented by an opposition member. There is no doubt that only one Conservative should be brought against Mr. Haddow (our liberal member of the past, who is offering its services again.) In that case the Govt. Andidate would be certain of his election. It is to be hoped that some arrangement may be made before nomination so as to give the Electors a fair nomination so as to give the Electors a fair chance of polling their votes for and against the Government and not for the men, and there is no doubt that the majority would be

in favor of the present administration.
