Mails—Summer Arrangements.

The Mails for the Neighbouring Provinces, &c., will until further notice, be made up and forwarded as follows:

For Nova Scotia, *viâ* Pictou, every Monday and Thursday, at 12 o'clock, noon.

For New Brunswick, Canada, and the United States, *viâ* Shediac, every Tuesday and Friday morning, at a quarter past 8 o'clock.

For Newfoundland, every Monday, at 12 o'clock, noon.

For England, Bermuda, and the West Indies, every alternate Monday, at 12 o'clock, noon, *viz:*

Monday, April 29; May 13, 27; June 10, 24; July 8, 22; August 5, 19; September 2, 16, 30; October 14, 28; November 11, 25.

HOUSE OF ASSEMBLY.

AFTERNOON SITTING.

The letter from the Board of Education, requesting £150 for procuring books on Agricultural Chemistry, was taken up. The House concluded that it was inexpedient to grant the sum desired.

The letter of John D. Woodman, Harbor Master, Cascumpec, was again read, and his report was made an order of the day for to-morrow.

The Letter of J. Craig, Light Keeper, Richmond Bay, was referred to the last preceding Committee.

The report of Richard Heartz and other Commissioners appointed to examine and report on a desired road along the Gulf Shore, Cavendish, through the farm of John Lockerby, was read again.

Hon. Mr. Haviland moved that it be referred to the Committee of Supply.

Hon. Mr. Thornton moved in amendment to substitute after the word "that"—"it is inexpedient to grant the amount required as compensation, in the said report," which was carried in the affirmative.

The report of Superintendent of Public Works, on Panmure Lighthouse, was referred to the Committee of Supply.

The petition in reference to the breakwater at St. Peter's Bay, was taken up and elicited a lengthy discussion. Hon. Mr. Whelan supported the petition. He said the inhabitants in the locality had expended three hundred pounds on the object out of their own pockets, and had raised a breastwork of 300 yards in length, which produced the effect of deepening the channel 2 feet, and argued that the exertions of the people should be seconded by a small grant from the Legislature. During the 15 years he had had the honor of having a seat in the House, he said he never got a special grant for any object for the District which he represented. The testimony of persons competent to judge was, that the work undertaken would accomplish the object for which it was designed.

Other hon. members doubted the practicability of the undertaking and argued that there was not a competent engineer in this Colony to decide.

Hon. Col. GRAY said he had occasion to remark last year—though he could not find anything on the point in the Reporter—that it was his impression it would be better for the people in that District, and he hoped the hon. members from the East Point, also would turn their attention to what was the natural outlet for the Townships in that part of the Island. As Cascumpec was the natural outlet for 11 Townships, so he thought Grand River was the same for the Townships on St. Peter's Bay. The distance to that river from the Head of St. Peter's Bay was only a few miles, and in his opinion it would be of much greater advantage to the people to turn their attention to the construction of a tram-road between these two places. He thought it would have the effect in a short time of making their farms quadruple in value, and answer the purpose much better than a breakwater at the mouth of St. Peter's Bay. For his part, he was opposed to conflicting with the elements, which some hon. members would have the House to do by constructing the proposed breakwater. He knew a place on the North side in which there is now 7 or 8 feet of sand, where, seven years ago there was a green field half a mile from the sea shore. The whole of the property in that District—30,000 acres—once belonged to his grandfather, and he would have given £10,000 to have had a proper harbor at St. Peter's, but the object desired was considered hopeless.

This subject was fully discussed by hon. members, and after the discussion, Hon. Mr. Whelan moved that the petition be referred to the Committee of Supply. Division—Yeas: 13 Nays: 12

The petition of Peter Gregor, Brackley Point, was referred to Supply.

The petition in reference to the Dredging Machine was referred to a special Committee to report by Bill or otherwise.

The petition of James Mahoney, Charlottetown, was, after being discussed for a long time, refused, on motion of Mr. J. Yeo, moved in amendment to Mr. Beer's, that it be referred to Committee of Supply For the Amendment: Hons. Messrs. Kelly, MacAulay, Perry, Whelan, Coles, Laird; Messrs J. Yeo, Montgomery, Ramsay, Howat, Cooper, Sinclair, Sutherland, Conroy, Owen—15 Against it: Hons. Messrs Thornton, Wightman, Haviland, Longworth, Hensley, Gray; Messrs Beer, Doyle, Holm, McNeill—10.

A petition of Margaret Harding was presented by Mr. Beer, which was referred to Committee of Supply.

Hon. M. Laird presented a petition of Charles Hazzard, Benj F. Wright, and others, members of the Agricultural Society, which came with the request that Mr. Laird would present it, Mr. Howat second, and that Hon. Mr. Hensley would support it. The petition was received and read. It set forth that they viewed with extreme regret the rapid decline of the Society, compared with its once prosperous condition, and they were of opinion that the infusion of a political spirit had something to do with its decline. They prayed for a reorganization of the Society on such a basis as would insure more general support and inspire confidence.

Mr. Howat made a few remarks on the petition, and Mr. Hensley said he thought he should have had the reading of it before he was called upon to speak to its behalf. He would reserve his remarks till a future occasion.

Hon. Mr. COLES said he would move that the House go into Committee on the petition. The Bill for the establishment of the Society stated that if its funds fell below a certain amount it would become defunct, as he thought the present one should wind up its affairs and pay into the Treasury the amount which the stock on hand would bring. He agreed with petitioners that politics and mismanagement broke up the society. An unfortunate circumstance occurred a few years ago. At an annual meeting, and at the time of a Grain Show there happened to be a great snow storm, and few persons got present with their grain; in fact he (Mr. C.) was the only member of the Committee who was present, with the exception of Mr Clark. They agreed to postpone the meeting for a fortnight; but parties present who were not even subscribers of the society, would not consent. They appointed a Chairman and a Committee and went into business. After that he (Mr. C) did no more for the Society than he could barely help, he subscribed, but took no active part in its affairs. He regretted the Society was in a state so low, for, notwithstanding its losses, it had been of great benefit to the country. In its prosperous days the funds amounted to £2000, but now they are down to £400. A new Society should be formed under an Act of Incorporation.

Mr. COOPER said he agreed with the remarks of the last speaker, that the affairs of the Society should be wound up. The petition before them had only 19 signatures, of whom not 9 followed farming as a business. He would suggest that agriculturists in the country form themselves into Societies of from 200 to 250 persons, and ask for a law to satisfy themselves. He thought the idea of taking action on such a matter at the suggestion of a few individuals, not all of whom were following agricultural pursuits, was unreasonable; and to speak of incorporating a Society not in existence was absurd.

Mr. BEER said it was true the Society had been in a declining state for some years, but he felt inclined to go back further, in looking for the cause of its decline than the hon. member who had just spoken. The meeting referred to took place he (Mr. B.) believed three years ago, and though there happened to be, on that occasion, a snow storm—as on several other occasions—still there was a full average quantity of grain brought forward for competition, and many persons present were from a distance of 10 to 15 miles. There were even some from Cascumpec, Crowhead, Hunter-pec. Lots 65 and 49, and some from Covendish. When the parties who had brought forward samples of grain, and others found that two or three individuals wished to have the meeting put off, they were very much annoyed, and a large majority decided that the Grain Show should take place forthwith, as well as the annual meeting of the Society in accordance with the provisions of the Act. The truth was the society had been in a declining state for several years from a variety of causes, its funds were frittered away in different ways. A considerable amount was expended in stocking—what was called—a model farm, with pure breed cattle. £80 were given to a certain member of the Committee for four cows and calves, two of which were small heifers, and which afterwards turned out to be mongrels. A young bull imported by the Society was kept by the same member for some 12 months, it being understood his services were to go against his keep, but when he was returned, the Committee were charged about £10 for keeping him. On another occasion the Society owned a very fine boar, previously kept at the Society's expense. The same member offered to keep him free of charge—he being in the habit of breeding a large number of pigs. The pig was handed over to him; he kept him long enough to answer his purpose; then stated to the Committee at one of their meetings that the boar was become so unruly he could do nothing with him, that some other member must take him for a while. Having given the boar such a bad name, no one offered to keep him; and neither the Committee nor Society heard anything of the boar from that time. Pork was then very dear, and the boar weighed about 500 lbs., and this disinterested member of the Committee quietly put the knife into the boar, and sold the carcase for 7d. a pound. He then put the money in his pocket, and strute off, saying to himself—"I think *as how* from my position in the Agricultural Society, and to the Government, no one dares call me to an account." He (Mr. B.) did not wonder that the funds of the Society were low, when they had been frittered away in such a shameful manner. It was nothing more than could be expected.

Hon. Mr. COLES said that the House had been treated to the bull and the boar story, by the hon. member from the city before, and that it was a pity he had not told the *ham and shoulder* story too, for there had been a considerable loss about the transaction. As regarded the stock bought for the Model Farm, he (Mr. C.) thought Judge Peters could form a pretty good estimate of the quality of the animals which were purchased; and from the prices which they brought when sold, he thought the Society did not lose much by the transaction. The hon. member was fond of telling stories about boars, but he (Mr C.) thought that the hon. member himself was the greatest boar in the House. He was in favor of the House going into Committee on the petition, for it was clearly set forth that the Society was not then in existence, as it appeared the funds had fallen below what was specified in the Act.

On motion of Hon. Mr. Coles, the House agreed to go into Committee of the whole on the petition to-morrow.

Adjourned at 7 o'clock. J. D. GORDON, Reporter.

CHILDREN TEETHING

MRS. WINSLOW.

An experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP,

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening sup reducing all inflamation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS

We have put up and sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years' experience, AND PLEDGE OUR REPUTATION FOR THE FULFILMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY and DIARRHŒA in CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—DO NOT LET YOUR PREJUDICES, NOR THE PREJUDICES OF OTHERS, stand between you and your suffering child, and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world.

Principal Office, 13 Cedar Street, N. Y.

PRICE ONLY 25 CENTS PER BOTTLE

W. R. WATSON, General Agent for the Island.

Aug. 11, 1860.

CRAMP & PAIN KILLER.

THE WORLD IS ASTONISHED AT THE wonderful cures performed by the CRAMP and PAIN KILLER prepared by CURTIS and PERKINS. Its equal has never been known for removing pain in all cases; for the cure of Spinal Complaints, Cramp in the Limbs and Stomach, Rheumatism in all its forms, Bilious Colic, Chills and Fever, Burns, Sore Throat, and Gravel, it is decidedly the best remedy in the world. Evidence of the most wonderful cures ever performed by any medicine, are on circulare in the hands of Agents.

W. R. WATSON, General Wholesale Agent for the Island, and sold by Merchants everywhere.

August 11.

Health and Ease to the Sick!

HOLLOWAY'S OINTMENT.

DISEASES OF THE SKIN.

Universal approbation has been awarded to this Ointment for its efficiency in removing diseases of the skin. For scrofula, scurvy scald heads, and all eruptions of the skin both in infancy and mature years, no remedy can be applied which so quickly cures as Holloway's Ointment. In the nursery it should always be at hand to ease the many skin affections to which the majority of children are liable. In all heat and tooth rashes, the Ointment is wonderfully cooling and curative. To soldiers, sailors, miners, and travellers in foreign lands, it is invaluable.

SORES, WOUNDS, BAD BREASTS, BAD LEGS,

In this class of maladies, an improvement in the appearance of the disease of the patient, follows the first dressing with the Ointment.

It must not only be smeared on the wound, or sore, but be briskly rubbed for some inches around about the disease swollen or painful parts. It will penetrate to the blood vessels, nerves, and muscels, and even to the bone, and will exercise the most wholesome power over every tissue requisite for through reparation. The effect of the Ointment is increased by fomenting with warm water before the Ointment is rubbed in; but sores when healing should never be cleansed with sponge or any thing else, as the young and new flesh which appears like a cream, would be washed away.

BLOOD TO THE HEAD, APOPLEXY.

Nothing gives so much ease in these complaints from which so many suffer as Holloway's cooling and healing Ointment. When rubbed upon the spine, it acts most energetically in drawing surplus blood from the brain; even to children in teething; this Ointment has a miraculous effect in preventing fits, and convulsions, so often attendant on tooth cutting. The Pills should be used according to the directions.

RHEUMATISM, GOUT, STIFF JOINTS.

Every one suffering from these painful affections should use this purifying Ointment, as it has rescued thousands from a life of torture after every other means had been tried in vain. The Ointment should be well rubbed into the skin at least twice a day, after it has been properly fomented with warm salt and water, and dried. The inflamation soon yields, and the patient no longer helpless, resumes his accustomed occupation.

GLANDULAR SWELLINGS, BRONCHITIS, MUMPS, SORE THROAT, AND DIPTHERIA.

To combat these diseases with success, a remedy is required which will have the whole absorbed system under its control. Such a remedy is Holloway's Ointment, when rubbed on the skin, it penetrates to the gland, and removes any obstruction or impurity which may be impending their healthy action. This Ointment acts on the very mainspring of life, for through the glans pass all new matter required for the body's reparation in all the above classes of cases, the Ointment and Pills used conjointly, will act so eccurchingly, and certainly, as to effect cures in the most deplorable cases.

FISTULAS ATD PILES.

All inflammations and ulcerations of sensitive parts may be presently relieved, and ultimately cured by the diligent use of this cooling and healing Ointment, aided twice daily by bathing the parts in cold water. Immediate ease springs from this treatment; perseverance is necessary to effect a permanent cure.

ASTHMA SHORTNESS OF BREATH.

In these complaints the Ointment should be well rubbed twice a day upon the chest, and between the shoulders, it will penetrate to the lungs, stimulate them to renewed exertions, prevent stagnation of blood, moderate the pulsations of the heart regulate the current of air through the bronchial tubes, and thus effect a permanent cure.

Both the Ointment and Pills should be used in the following cases.

Bad Legs	Contracted and Stiff Joints	Sore Nipples
Bad Breasts		Sore Throats
Burns	Elephantiasis	Skin Diseases
Bunions	Fistulas	Scurvy
Bite of Mosquitoes and Sand-flies	Gout	Sore Heads
Coco-Bay	Glandular Swellings	Tumors
Chigo-Foot	Lumbago	Ulcers
Corns (soft)	Piles	Wounds
Cancers	Rheumatism	Yaws
	Scalds	

N. B.—Directions for the guidance of patients in every disorder are affixed to each pot.

There is a considerable saving by taking the larger sizes.

Sold at the Establishment of Professor HOLLOWAY, 244, Strand, (near Temple Bar) London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices, viz.—1s 1½d, 2s 9d, 4s 6d, and 11s. sterling.

July 6, 1861.

AYER'S SARSAPARILLA,

for Purifying the Blood,

And for the speedy cure of the subjoined varieties of Disease:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease is gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully,

Yours, ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous attack of *Malignant Erysipelas* by large doses of the same; says he cures the common *Eruptions* by it constantly.

Bronchocele, Goitre, or Swelled Neck.

Zebulon Sloan of, Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre*—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes: "A dangerous *ovarian tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 28th Aug., 1860.

Dr J. C. AYER. Sir: I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration of the face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M.D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.

Dr J. C. AYER. Sir: I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. PRAM.

Jules Y. Gotchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr Espy, advised me to try your Sarsaparilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement. Ulceration, Caries, and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

AYER'S CHERRY PECTORAL,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients, in advanced stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

Price, 25 cents per Box, or 5 Boxes for $1.

JOHN HIGGINS.

Charlottetown, June 22, 1861.

PERRY DAVIS'

VEGETABLE

Pain Killer

We ask the attention of the public to this long tested and unrivalled

Family Medicine.

It has been favorably known for more than twenty years, during which time we have received *thousands* of testimonials, showing this Medicine to be an almost never-failing remedy for diseases caused by or attendant upon—

Sudden Colds, Coughs, Fever and Ague, Headache, Bilious Fever, Pains in the Side, Back, and Loins, as well as in the Joints and Limbs; Neuralgic and Rheumatic Pains in any part of the system, Toothache and Pains in the Head and Face.

As a Blood Purifier and Tonic for the Stomach, it seldom fails to cure *Dyspepsia, Indigestion, Liver Complaint, Acid Stomach, Heartburn, Kidney Complaints, Sick Headache, Piles, Asthma or Phthisic, Ringworms, Boils, Felons, White-swe, Old Sores, Swelled Joints, and General Debility of the System.*

It is also a prompt and sure Remedy for *Cramp and Pain in the Stomach, Painters' Colic, Diarrhœa, Dysentery, Summer Complaint, Cholera Morbus, Cholera Infantum, Scalds, Burns, Sprains, Bruises, Frost Bites, Chilblains*, as well as the *Stings of Insects, Scorpions, Centipedes*, and the *Bites of Poisonous Insects and Venomous Reptiles.*

See Directions accompanying each bottle.

It has been tested in every variety of climate, and by almost every nation known to Americans. It is the almost constant companion and inestimable friend of the missionary and the traveller,—on sea and land,—and no one should travel on our lakes or rivers without it.

Price, 12½ cts, 25 cts, 50 cts, and $1.00 per Bottle.

PERRY DAVIS & SON,

MANUFACTURERS AND PROPRIETORS,

PROVIDENCE, R. I.

Sold by dealers every where.

AGENT—T. DESBRISAY,

Apothecaries' Hall, Charlottetown, P. E. Island.

CURE FOR PIN WORMS

A NEW DISCOVERY.

THE ASCARIDES OR PIN WORMS, the removal of which has ever baffled the skill of the most eminent physicians, and universally considered by them as beyond the reach of medicine, are entirely expelled from the human system by the use of

Dr. E. G. Gould's Pin Worm Syrup.

A Cure warranted in every case.

Relief afforded in twenty-four hours.

This Syrup is purely a vegetable preparation, and harmless with the youngest child.

SYMPTOMS.—In case itching, biting and distress in the lower part of the rectum and about the seat, often is mistaken for the Piles, disagreeable sensation in the epigastric region or lower part of the bowels, restlessness, wakefulness, starting and screaming in the sleep, fainting, and not unfrequently spasms or fits.

CAUTION.—The genuine has the name, "Dr. E. G. Gould's Pin Worm Syrup," blown in each bottle, his portrait, and a fac simile of his signature on the wrapper.

HERVEY & MOORE, SOLE PROPRIETORS.

Address GEO. C. GOODWIN & Co., 11 and 12 Marshall St., Boston, Mass., General Agents for New England.

☞ Sold by Druggists generally.

JUDSONS'

MOUNTAIN HERB

WORM TEA.

Herbs, Barks and Roots

VERSUS

Poisonous Minerals and Drugs.

MOTHERS TAKE HEED!

Do you when observing the uneasy actions of your children, consider that it may be more than a mere whim that inflicts them? Is nine cases out of ten, the cause of the little sufferer's anguish is WORMS, and should be at once foiled it.

HEADS OF FAMILIES

Do not let your children suffer, when we present you in

JUDSON'S WORM TEA

A SAFE AND PLEASANT CURE FOR WORMS.

How much better and safer would it be to have it always in the house. A little delay when a child is taken ill may often be the cause of its death, while selling without delay, and by giving the *MOUNTAIN HERB TEA* immediately, you will not only save the child a long and tedious illness, and yourself much expense, but also feel happier in knowing that you have done your duty, and purchased a real life.

This medicine is combined purely of,

HERBS AND ROOTS

NOT A PARTICLE OF

Calomel or Mineral

IS USED IN IT.

No more Sticky Vermifuge will be used by those who take this Tea. The only active principle of all the Worm Lozenges and Worm Syrups is MERCURY.

GIVE NO

POISON

TO

YOUR CHILDREN.

Use this Simple, Safe, Vegetable Medicine.

This Worm Tea was discovered in an unusual way among the Wilds of Northern Maine—a full account of it you will find in our Almanac. Ask for the "*Source of Rich Absorbent*," of the Agent, and when you have read it, send it to your neighbors, that they may also know of and be cured by this GREAT REMEDY!

JUDSON'S WORM TEA

KILLS WORMS,

Never Harms—is Pleasant to Take.

GET A PACKAGE—PRICE 25 CTS.

CAUTION.—Always find the Name and Signature of E. L. JUDSON & CO., and the portrait of Judson, on each package of this Worm Tea.

E. L. JUDSON & CO.

SOLE PROPRIETORS,

80 Leonard St. New York.

Judson's Worm Tea is sold by one Agent in every Village, and by all Druggists.

Sold by WM. R. WATSON, Wholesale Agent for the Island.

Also by—T. DesBrisay, & Co., M. W. Skinner, Charlottetown, and by one agent in every Settlement at Wholesale by M. S. Burr, & Co., Boston.
