THE PROVINCIAL SECRETARY.

But it is with the Provincial Secretary's address at the opening of the Board of Agriculture the other day at Fredericton we set out to deal. The address would nearly fill our paper, so we must be content with reference. The address has drawn from every quarter, even from envious minds, expressions of high approval for its practical worth, as well as its other merits. We have always classed public men in Canada-anyone reading

We wish to be considered the fore- has not been practically acquainted and most among those who congratulate the then see the fund of practical wisdom farmer that the time has come when his after his own fashioning The most neglected man in this country, derburn thinks our farming and stock from the moment of its settlement up to raising here requires to undergo a now, has been the farmer. He has been revolution. We must he says, have a
