### WONDERFUL GAIN IN WEIGHT REPORTED

Young Woman Only Weighed 76 Pounds—Now Weighs Over 100 And Is Gaining Every Day

"Before I began taking Tanlac I only weighed 76 pounds, I now weigh over one hundred and am gaining every day," said Miss McRae Davis, of Chattanooga, Tenn.

"I bought my first bottle of Tanlac at Gas City, Ind., and it helped me so much that I continued using it. I have always been very delicate and suffered a great deal from stomach trouble and rheumatism. I rarely ever had any appetite and simply could not relish anything. I fell off until I only weighed 76 pounds and was so thin I looked perfectly awful. This is the condition I was in when I began taking Tanlac. "Oh, I feel so different now. Even my complexion is improved. My appetite is good and I can hardly get enough to eat. Tanlac is simply grand and I can truthfully say it is the only medicine that has ever done me any good."

Tanlac is sold by all leading druggists everywhere.

### THOSE WHO MAY VOTE IN COMING FEDERAL ELECTION

The inauguration of a general election campaign directs attention to the franchise and its operation, to the citizen's rights as an elector and the manner in which he will be called upon to exercise those rights says the Montreal Gazette. The election to be held this fall will see the first general application of the new, or remodelled, Dominion Electors Act, and it is possible that some uncertainty may prevail as to the manner and extent in which the position of the elector is affected by the provisions of that act. There is, or ought to be, no room for confusion in this respect; the act as amended embodies the same fundamental practice as was contained in preceding legislation, that of what is virtually universal suffrage. This has been known in Canada as manhood suffrage, the right to vote being enjoyed, theoretically, by all adult males, but the extension of the franchise to include women, upon practically equal terms with men, renders the term "universal suffrage" more appropriate. The fact that women will have the right to vote in all provinces necessitates the preparation of what will be substantially new lists, and will add, incidentally, to the expense of the election.

The voters lists for federal purposes are based upon the provincial lists, provided the latter are not more than two years old. In this Province the provincial lists are those of the municipalities and are revised, either annually or bi-annually, by the municipal authorities under statutory direction. These lists will be employed in the coming election as far as they go, but as being based upon the manhood not being based upon the manhood suffrage principle, and does not accord to women the right to vote, very considerable additions will have to be made. This will be done by registration.

The qualification of electors under the provisions of the Dominion Elections Act requires that every voter, whether male or female, shall be:  
 (a) A British subject;  
 (b) Twenty-one years of age;  
 (c) Shall have ordinarily resided in Canada for one year immediately preceding the date of the issue of the writ of election;  
 (d) Shall have ordinarily resided in the electoral district for the two months immediately preceding that date; and  
 (e) Is not expressly denied the right to vote.

### WHO IS RESPONSIBLE?

This morning I had an interesting conversation with a street car conductor.

"How's things?" I asked as we stood waiting for a car.

"Not too bad," he replied. The only thing I see wrong is the way prices are keeping up. I expected prices to drop when the war was over."

"The prices do keep up." I continued. "But there is quite a drop on several articles."

"The prices do keep up." I continued. "But there is quite a drop on several articles."

"Darn few!" he exclaimed. "Take my own case, Rent \$35 coal \$17.50, food is down a few cents, and boots, but not much. Can't see that there is any change to brag about."

"What do you think about the chance for things getting better?" I questioned.

"Not a chance in the world!" he said with some force, "until we have an election."

"How's that," I asked.

"What is the government doing to make things better? If they were any good they would make lots of work, and give everybody a chance."

"If everybody had jobs and money he continued in a moment, "we wouldn't give a hoot about prices. That's the way everybody was during the war. Everybody got good wages and spent it and everybody was happy."

"You fellows didn't benefit much from war conditions," I interjected. "You had good wages but not excessive. How did the high prices get you?"

"Pretty hard!" he replied. "I know I have found it mighty hard to make both ends meet."

"Who was to blame for that?" I questioned.

He paused for a moment. "Guess it was the reckless way that the war-workers bought," he replied. "They had lots of money and they bought regardless of price, and for the future and prices went up."

Well, who was to blame for that?" I queried with interest.

"That's plain to see," he answered. "We all were." Queer I never looked at it that way before.

His car came along and he boarded it.

### Children Cry for Fletcher's

# CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

### What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. ## YOUR CUP OF TEA

Your cup of Tea means much to you. It is more than an item in the daily fare. It is the one thing that "rounds off"—or spoils—an enjoyable repast.

Tea is fortunately so cheap in this country that there are few who cannot afford Choice Tea. The cost per pound is only slightly higher than ordinary Tea, while the increased pleasure you get from every cup you make is worth many times the difference. It is true also, that a FLAVOR-FULL Tea like KING COLE Orange Pekoe will actually spend further—that is, make more cups to the pound. KING COLE Orange Pekoe is prepared particularly for lovers of Choice Tea.
