From the North of Scotland Gazette. LINES ON THE DEATH OF "ILLO," MY FAVOURITE DOG.

Puir Illo's gane for ever mair, As' happit ap in death's cauld lair : Had it been Foggie. I wad ne'er Hae felt the loss, But now, I own, my heart is sair, Wi' sie a cross ;

For mony bygane day an' year, He's been a trusty servan: dear : When grief was mine, he cower'd wi' feor. As if he knew What caused the briny scalding tear My checks bedew.

When mirth an' gladness, wi' their train, Came back to cheer my leart again, He lightly bounded o'er the main, Like o'y deer, As if to worry care an' pain. Should they come near.

When trachl'd sair on hill or len. An' dewy sleep had clos'd my e'e. He laid his head upn' my knee. To watch the hour. The drowsy god should fetter me In slumber's bower.

An' yon cauld spring, when wreaths o' snaw Were pil'd like ony Roman wa' Our hogs wad perish'd, ane an' a'. For lack o' food, Had he nae watch'd them ly the shaw Or back o' wood.

An' ae dark night, when on a knowe, Nae man wad kent a heather cowe. Or heard a tricklin' burnie row Aneath the snaw, 'He led me o'er the mountain brow Lang Scota miles, twa.

When simmer days grew warman' lang, An' glegs an' flees began to stang, An' geuder (sunny beams amang) On crummy's side, She broke the tether wi' a lang, An' wadoa bide ;

While herdies coost their plaids an' shoon, An' ran, like clouds across the monn-As seen's he heard the hasty croon, He flew like fire, An' brought her free the marshes soon Back to the byre.

150.000 ! persons.

A BLACK EMPEROR.

It is none of Faustin I. It seems that for several days previous to the 25th, there had been circulated for signature in Port and Prince petitions to the

'Neath mellow autumo's sober sun. When howkin' bykes was ance begun, How nimbly hae I seen him run. O'er bogs an' leas, To join the sportive younkers' fan, An' catch the bees.

When'er we gaed wi' nets an' creels To catch the alippy trouts an' cele, Poor Illo doited at our heels, Wi'l little patter, Case ony turn'd, wi' circling reels, Buck to the water.

Lang gullie knives naide are laid, Or turn'd into a spurtle blade. An' auld wives dowie hang their head, For goid kail brose, On whilk Auld Santia's sons war frd. Wha bang'd their foes—

The wedders now came frac the hill, The weaters now came tractice init. An' plunder kail-spatial at their will : What the' the shepherd-whistle shrill, An' mak' a fyke, There's name the lougin' slap to fill, Or guard the dyke.

'Mang mornin' mist or crenin' dew, He held awa the pirate crew, Aa' hungry mawkins weel might rue Their thievish citle ; He gart them tak the hills, I trow, Wi' a' their mettle.

When auld tod-lowrie frae the fens When auid tod-lowne trac the tens Cam down amang cur cocks an' hens, He drave him aff, wi' forious stens, To seek his prey, "Amang the labely haughs an' glens, Some ither way.

When moles or mice, by plough or harrow, Were tummel't up aboon the furrow, He put an end to a' their sorrow, Wi little pain; I ken I'll never get his marrow On earth again.

Hae ye who sit 'neath sorrow's mist. Fond brooding o'er some luckless twist, Deep grave my nome in your black list, Since death has laid amang the dust My faithful Illo. Lochlee, 9th April, 1849.

A Yankee down South said that he had pumpkin vine that grew so long that he had never found the end of it-to which the Southerner replied, that he had a squash

The manner in which manure is applied to the soil is frequently more injurious than beneficial. It is thrown in large heaps which remain until the ground is ready for that grew so large that the government

which remain until the ground where ready to tillage, when they are only spread so much that the plough can with difficulty pass through them. This treatment injurces both the crop and the soil. Vegetation grows more luxuriantly on the manured spots, causing the grain to fall down and rot; while on the unmanured, it languishes because of an insufficient supply of mutiwhich he overheard a few mornings since in one of the cotton mills : Gal-" Mr. Jones. I understand that you Gal-" Mr. Jones, I understand that you

rot; while on the unmanured, it languishes because of an insufficient supply of nutri-tion, the pero parts become poorer and the rich richer. For this, two reasons may be assigned, - First-By the thick growth of result of the suit she had the thick growth of the election, and now they must make it up regration the soil is shaded from the sun's rays, and its meisture and volatile substan-ces fetained, while the bare parts are dried and scorehed. Second — Plants radiate heat by economizing."

Gal-" Well, sir, do you suppose I care THAT (snapping her taper fingers) for them | despatch. nore rapidly than earths, or in other words or their 'lections ; do you suppose I'm going

more rapidly than earths, or in other words, cool down sconer. The vapours of the at-mosphere are thus condensed and precipita-ted upon them. Thus the strength is taken from one portion and given to another—in-perions alike to each. Should you deem these hits, so cludely set forth, worthy of a place in your paper you will confer a favor on a practical farmer.—Dollar Newspaper. to worh again in that room for less than the usual wages ?" Overseer-"I am obliged to do as the

owners say." Gal-"I aint though ! And I'll see you

and the owners all at Tophet, pumping

The Great State A vicultural Fair las closed. It passed off with that hearty good is cling, and under anspices so glorious, that none have an excuse for a compliment.— The assemblage has been immense—the display on the grounds far beyond any pre-vious exhibition, and they hole affair one of unauradised excellence. The State State

insurpassed excellence. The State Socie- "You does'nt think I'ze a female boy, duz unsurpassed exertience. I no State Socie-ty has marked itself now, if never before, as-a distinct and prominent body, and one that is destined to continue its organization and usefulness for years to come. PROFITS OF THE FAIR.—Very few will

probably give anything the a correct esti-mate of the benefits, to our city, arising (rem the Fair being held here. None but those present will believe anything like a

once, that no matter whom you marriel, you would find afterwards you had married a different person. INDENIOUS DREENCE.—A soldier on trial for habitual drunkenness, was eddressed by the President—"Prisoner, you have beard the prosecution for habitual drunkenness, what have you to say in yaur defence ?'— "Nothing, please your honor, but habit. "Baldher if" in restinate of the members present during the three days. It exceeded a'l expecta-tions, and excelled in numbers all previous Pairs by tens of thousands. At the lowest, what have you to say in yaur defence?"— calcolation, there were in cur city, during the three days of the Fair, not less than, 150 0001 presens. ual thirst !"

MANURES.

The best manner of preparing and increas-ing the value of manners, is of the highest importance to every one engaged in agricultural pursuits.

York Observer.

COMICALITIES.

By a long continued succession of crops the woll becomes exhausted, and unless sup-plied with those materials necessary for the nourishment of vegetation, ceases to, pro-duce. Vegetable and animal matter, un duce, vegetable and annual infact, on-dergoing decomposition, are of all substan-ces the most suitable for raviving land-worn out by excessive cultivation. Labor cannot be more profitably employed on a farm, nor renlevel more productive than in O acquiring and taking care of manure. O this the experience of a few years will con one, however skeptical he may be

on the subject. If the havy straw, and other materials, c which stock is fed, are rotted, unexposed ! the action of the rain and sun. the manure is much better than that prepared in the usual manner. Much of its subsistance is washed away and wasted by dashing rains: and by the action of the sun's rays, its more volatile ingredients are exhaled, and thus

Cattle ingredients are exhibed, and the lost to the husbaodman. Cattle should be housed during winter. In this there is not only a great saving of manure, but a much larger number can be kept in good condition on the same quantity Cattle should also be provided Amiable forethought ! of todder. Cattle should also be provided with a yard in which to remain some part of the day when the weather is not too in element. The sorface of this enclosure becomes enriched during the winter. Early in the spring, just after the frost begins to go out of the ground—say when it is thawed shout two Inches deep—showl up the mul-

and have in the ground—sny when it is that we and harts about two inches deep—shovel up the mud the mile, and haul it to some convenient place: there atimuble. mix it with straw or stable manure and

line, a layer of each being placed alternate-ly. This makes an excellent compost which may be put on as a top-dressing in the fall when small grain is sown, or it may be put on as any other manure; great care in the water, and raising a cry that a sea

being taken to spread it evally. If the cattle are not kept stabled, the barn vard should be constructed in the form of a basin, so as to preserve all the fluid parts of asked by his officer 'What's your height? basin, is as to believe an the part of a second by means of the man, that means the man that means the man that means the man that means the pounded in so, as to make permanent bot-from. After this is done, dirt may be was either one or the other.'

A remedy for Costiveness, Pains and Gid-diness in the Head, Disorders of the Liver, Stomach, and Bowels; also, Indigestion.— Directors of the Liver, Por THE CURR OF On the same day on which the decree

> HEWLETT'S Apperient Family Powders.

In the same day on which the decree was passed, the Representatives with the Senate, and all the principal civil and mili-tary-functionaries at the seator for overmanic assembled at the place, for the purpose of witnessing the coronation. The Pre-sident of the Senate placed the im-perial crown on the head of the new Empe-tor, a cross of gold at his button-hole, and a chain of great value around the neck of the Empress : after which shouts of Vive The public functionaries then accompanied the readed Maines in the Head, 13 Stemach, and Bowel. The public functionaries then accompanied the readed functionaries then accompanied the superintendence of a Jesuit, who had been created bashop for the occasion. The city of Port an Prince was illuminated for several nights subsequest to the coroma-tion; but this must not be regarded as evi-dence of the real sentiments of the people : Stomach, and the set of the superintendence of a desuit, who had and costiveness. The tions on the Stomach, and a standaria the biges tions in the Head, 13 Stemach, and Bowel. \mathbb{C}^{\ast} To the many the taking of Pills, to ommended, and for to several nights subsequest to the coroma-tion; but this must not be regarded as evi-dence of the real sentiments of the people : Stomach, act as a FOR BOTH SEXES.
