The Dorchester correspondent to the London London Fress says:—On Saturday last, a line after being broken, contained crude oil in a small cavity. Of late several have been broken which produced the same ingredient. The stone was brought from Brussels quarry, on the London, Huron and Bruce Railway.

W., F. and C. R. Vanstone have purchased their mill in Missouri instead of Arkansas as we stated last week. They have also purchased 4,000 acres of timber limits where the mill is situated. They expect to be able to average 25,000 feet per day. Their timber and mill is about 200 miles from Kansas City. A store is also in operation and will be under the careful attention of Jas. Ballantyne, of Brussels.

A HURON PIONEER. - Mr. Alexander Broadfoot, Sr., of Tuckersmith, arrived in the Huron District from Scotland 49 years ago last Saturday, having made the journey from New York, where he landed, by way of Albany, thence by the Erie Canal to Buffalo, which was at that time a mere village; then by Lake Erie, the Detroit and St. Clair Rivers, and Lake Huron to Goderich—a long and tedious route. Mr. Broadfoot found the Huron Road chopped out the full width and cleared, but no turnpiking was done, the wagon track twisting and turning around great stumps, through mud holes and over corduroy crossways. Master C. S. Hatch, artist, of Woodstock, was visiting his friend, Geo. Stewart, this week. Mrs Edwin Gledhill, from Detroit,

with her little boy, is the guest of Mrs. and Mr. J. Miller. Master Thomas Heddle was visiting

friends in Kincardine this week. The fall wheat is pretty well stored away in this vicinity, the injury by rain

very slight. Mr. R. H. Morrish is spending hi holidays at home and at Goddrich.

Mr. A. Heddle, (carpenter), has bout finished his contract for Mr. Rich. Rowden, of Colborne. The building is well done, and is a credit to its builder. Mr. Jesse Gledhill has been delayed

with his work on account of the breaking away of the flumes of his woollen mill. He has now got it repaired, and is running again.

SORGHUM AND CIDER. -- Mr. J. C. Le-Touzel does not intend to fit up his sorgum mill this season, as so little of that article has been planted. The yield, however, has been about double that of last year to the acre. Mr. LeTouzel intends going largely into the manufacture of champagne cider, we understand to the extent of 4,000 or 5,000 gallons. His bottled cider is in great demand.

The Rev. A. E. Smith and wife have returned from a visit to friends near Woodstock. They appear to be very much benefitted by the trip.

Mrs. S. Snell, while returning from Wroxeter, last week, met with an accident that might have had a serious ter-mination. In the big swamp between Wroxeter and Morrisbank a team loaded with the machinery of a saw-mill up-set both horse and buggy into the ditch, Mrs. Snell being underneath the box. Had not the horse been thrown on its back, and thus preventing it from running away, the result would doubtless have been disastrous. ## Str. John's Sent Protested

Napanee, Aug. 14—There has been a definite decision to make a vigorous legal protest against the election of Sir John A. Macdonald for Lennex, and on Saturdry last the necessary legal papers were served on him personally at River Du Loupe, where he is now recruiting for some weeks. Evidence has been collected, and it is now asserted that it can be clearly proved, that the most shame-ful acts of bribery were resorted to in order to avert defeat. The facts are most damaging, both to Sir John personally, and to some of his leading supporters in this county and elsewhere.

The case is in the hands of Messrs. Deroche & Madden, of Napanee, assisted by Mr. Bethune, Q. C., of Toronto. They are wisely keeping very quiet about the evidence already in their pos-session, but in due time some refreshing views of Tory arguments and persuasion will be published.
