Not Stuck-on Itself.

The built-in—not stuck-on—the like Dunlop Traction Tread is the only successful Anti-Skid. Manufacturers of the stuck-on type dare not make the corrugations big enough to prevent skidding without fearing to make them so big that they will destroy resiliency.

The Cheapness of Satisfaction.
The cost of the safety which you obtain by purchasing Dunlop Traction Tread tires is insignificant in comparison with the price of neglect.

Takes a Grip on the Road.
Dunlop Traction Tread grips the road. It doesn't matter where the road is or what it is made of.

Success is Always in Evidence.
We predict that Dunlop Traction Tread will become the standard Anti-Skid tire of this country. Watch the tires as the cars go by.
