TO-DAY'S Messages.

ENGAGEMENTS ON BRITISH FRONT.

LONDON, To-day.—The British official statement on the western campaign issued last night reads thus: We had a successful artillery bombardment to-day near Boiselle, Lebridou, Boesinghe. Near Boesinghe we exploded a bomb in the enemy's line; hostile artillery has shown activity near Gouneucourt. About Loos and Hooge the aircraft on both sides has been active. We maintained our supremacy.

BOMBS DROPPED ON DUNKIRK.

PARIS, To-day.—The following official was issued at the War Office last night: Two German aeroplanes this morning dropped about 15 bombs on Dunkirk and its environs. Five persons were killed and three wounded. In Artois cannonading has been very lively east of Neuville and in the region of Valley, where our fire silenced several enemy batteries. To the north, a German heavy battery which attempted to destroy the bridge at Berry-au-Bac, was damaged by the fire of our heavy calibre guns. On the heights of Meuse in the sector Mouilly, a small enemy detachment which attempted to approach our lines after a somewhat intense bombardment, was easily dispersed by our fire.

ATTACK ON BOARD OF TRADE.

LONDON, To-day.—The House of Commons yesterday passed the third reading of the Trading with the Enemy Bill without a division, after the adoption of amendments concerning minor details in the application of the measure. The feature of debate was several bitter attacks on the Board of Trade on the ground they had shown too much leniency to aliens and could not be depended upon to enforce the measure with sufficient vigor. A motion to remove it from the Board's jurisdiction was negatived without being put to a vote.

HEAVY FIGHTING IN FLANDERS.

LONDON, To-day.—The morning papers emphasize the renewal of heavy fighting on the Western front. It is believed there was a serious German attempt to break through the French lines close to the Flanders coast on Monday. They predict that the German activity on the West will probably reach its highest effort on Thursday, when the German Emperor celebrates his 57th birthday.

LORDS READ BILL A SECOND TIME.

LONDON, To-day.—The House of Lords, without a division, passed the second reading of the Military Service Bill, yesterday afternoon. The Marquis of Landsdowne, Minister without portfolio, spoke strongly of the necessity of enacting the measure. The Archbishop of Canterbury bestowed his benediction on the measure, saying regarding it: "Play straight forward and with an effort to meet a situation extraordinary and difficult. Earl Curzon in answering those who contended the Bill did not go far enough, said no one would like better to see a permanent measure passed than himself but it was out of the question to attempt to revolutionize the whole military system in the middle of a great war, and force upon the country a general system of conscription. Earl Derby, director of recruiting, said he was convinced the Bill, when imposed on the country, would not make a disturbance in industrial circles that many predicted, he believed it could be worked."

THE SWEDISH DIFFICULTY.

LONDON, To-day.—The controversy between Great Britain and Sweden over holding up mails by Great Britain and retaliation by the stopping of British and Russian mails, and the placing of an embargo on wood pulp by Sweden is still unsettled, but negotiations are under way for mutual concessions. Although nothing official has yet transpired, it is believed licenses for the exportation of wood pulp from Sweden will be granted in exchange for permission to import coal from England.

TURKS CLAIM BRITISH SUFFERED SEVERE REVERSES.

LONDON, To-day.—The Turkish losses in the battle with the Russians in the neighborhood of Ezerum are reported unofficially very heavy. The Turks lost 50 officers, four thousand men were made prisoners, and also scores of machine guns, and quantities of munitions were captured. It reports from Turkish headquarters, coming by way of Berlin, are exact the British forces in Mesopotamia have suffered a reverse in their endeavor to reach the besieged town of Kut el Amara on the Tigris River. LOOKING FOR WORK

Everywhere men complain about work, even boys and girls in school or business find work tedious and irksome, but it isn't the work half so much as their own lack of physical strength that makes it hard.

Rich blood, strong lungs and healthy digestion make work pleasurable in business, in school or even housework, and if these who are easily tired—who are not sick, but weak and nervous—would just take Scott's Emulsion for one month and let its pure concentrated food create richer blood to pulsate through every artery and vein—let it build a structure of healthy tissue and give you vigorous strength—you would find work easy and would look for more. Insist on Scott's.

of Kut el Amara, according to these advices, the Turks in a counter attack on the British drove them back several miles and the British are said to have left on the field about three thousand dead. The Turkish losses are declared to have been comparatively light.

JAPAN MAKES DEMANDS ON CHINA.

The Japanese Government has delivered to the Chinese Minister in Tokyo for transmission to his government, a note embodying seven demands which were included in the Japanese programme last spring. The Manchester Guardian learns from far eastern sources. The Guardian expresses the hope that this news will be authoritatively contradicted as the demands when presented to the Chinese government were full of danger to China's independence, and their general effect would have been to place China under tutelage of Japan. It is the aim and hope of the British policy, the newspaper continues, to see China strong and independent and developing peacefully without interference from any foreign power. It is a duty we owe both to ourselves and to China, says the Guardian, finally to help her in that direction, and we have enormous material interests with which to reinforce what is for us the only right and just policy.

The schr. Success, Capt. Churchill, arrived here last evening from Bahia in ballast to Jas. Baird, Ltd. On approaching this coast adverse weather was constantly experienced, but the vessel came through without mishap. The run occupied 53 days. The latter has since put into Barbados in a damaged condition and the other two vessels mentioned should soon put in an appearance here.

Particulars of Disastrous Fire.

ROBT. COSTELLO, AGED 4, BURNED TO DEATH.

From parties who reached the city to-day from that section we learn particulars of the disastrous fire which occurred at Conception Harbor, destroying the home of Mr. Maurice Costello, and in which the son Robert, aged 4 years, was burnt to death; also his wife and 9 year old girl were severely burned. Shortly after midnight Saturday last while all the inmates of the house were sleeping, Mr. Costello was alarmed by the cries of one of his children, owing to the room in which the child was sleeping being filled with smoke. After jumping out of bed he first ran to the kitchen which was in a mass of flame. He was unable to get back to the bedrooms again as the blaze had reached serious proportions, and he was forced to jump through a window and was badly injured as a result. Mrs. Costello was left in her bedroom with her three children, with poor chances of escape, as the fire was raging fiercely in every part of the house. When her bed caught fire she rose and tried to get out, but she was caught in a window and threw out her 9 year old girl and youngest child, Mike. She then searched for her missing boy Rob, but her own night clothing caught fire and she was forced to make her exit through the window. She had a narrow escape, as a minute or two after the building founded. Besides being badly burnt, Mrs. Costello and the two children she rescued suffered great hardship owing to being put out in the frost and snow in their night clothes. The remains of Robert Costello were burnt to ashes, while the little girl is burnt almost beyond recognition and not expected to live. Mr. Costello is burnt very much and sustained several cuts as a result of falling in contact with glass and nails jumping through the window. The Costello family are indeed to be pitied. They lost everything they possessed, as the house with its contents was razed to the ground. They will have the sympathy of the whole island in their sorrow and affliction.

Amusements.

THE EXPLOITS OF ELAINE AT THE NICKEL.

The mid-week programme at the Nickel Theatre has been very tastefully arranged, and to-day's is an exceptionally bright one, and all patrons should make an effort to see it. "The Exploits of Elaine" is continued, and the tenth episode shown. It is entitled "The Hour of Three" and is pronounced the most interesting of the whole story. Do not miss this to-day or to-morrow. Another big feature is the three part Broadway star film "In the Days of Pompeii". This is a grand melo-drama, magnificently produced by the Vitaphone company. "She Walks Alone" is a social drama, and "The Human Hound" is a Keystone Comic.

THE BLACK BOX.

A treat is in store for patrons who witness the fourth episode of The Black Box which will be shown at the British Theatre to-night. This chapter is entitled "An Old Grudge" and is one of the most thrilling of the whole series. The remainder of the programme is made up of a first class selection of pictures which with the solos: "A Dream" and "My Home O'er the Sea" by Madame Timmons will be sure to please the most exacting. Two reel feature entitled: "The Lass O' Killierankie" is one of the good old Scotch stories dramatized and a production of the Bison players. Another subject entitled: "The Sculptor's Dream" is a most beautiful picture of the De Leon's models de luxe. This is a splendid programme and should draw big houses.

A GREAT SHOW AT ROSSLEY'S.

Last night there was a fine house at Rossley's Theatre and its certainly a grand show, and being Burns night the whole company appeared in tartan kilts. The Scotch songs and dances were encored again and again, one number no less than five times. When Mr. Jack Rossley appeared he received such an ovation as is seldom given to any performer. Mr. Rossley has conducted this theatre for five years and every show has been put before the public without the slightest tinge of vulgarity. If on any occasion a performer, or persons calling themselves performers, engaged by Mr. Rossley trying to put in vulgarity for what they thought funny business their engagement ended rather abruptly. Mr. and Mrs. Rossley have been with us now so long and catered to the public in a manner that has appealed to all, both the classes and the masses.

Train Notes.

The local via Carbonara, arrived at 12.30, bringing but few passengers. The Southern Shore train reached the city at 11.45, with several passengers, including Hon. M. P. Cashin, Judge, Mrs. H. B. Hamlin.

Last evening's outward express left Port Blandford at 7.15 this a.m.

A cross-country freight train which reached the city at 10.45 last night, brought along another large amount of paper from Grand Falls. The R. N. Co. are now using every available car in the carrying of this paper.

In reply to repeated demands upon the Turkish government to begin war against Egypt, Djemal Pacha, commander of the Turkish forces in Syria, declared, according to a report in Rome from Cairo, that he would not initiate an attack before having placed at his disposition 25,000 German soldiers, as well as a strong Turkish army and official aid provided with all necessary equipment.

Djemal Pacha added that he had not forgotten the lesson of the first expedition and desired that the German should take their share of the risks of a new attempt. Wise man is Djemal.

It is officially stated in London that the German armed steamer "Kriegsmo" surrendered on Dec. 26th, to the British naval expedition on Lake Tanganyika, in Central Africa. The action lasted ten minutes; all the German officers were killed and the steamer, despite its sinking condition, was brought into port.

The Paris Liberte says that the Germans have already begun to replace their shortage of men with an increased number of weapons. According to this report a few of them are armed with deadly non-recoiling automatic rifles, capable of firing ten shots before they are recharged. Machine guns concealed in invisible concrete

shelters replace an entire company. The French officers also are impressed with the profusion with which field glasses have been distributed. They now form part of the equipment of nearly every captured German private.

"Burns' Celebration."

A very enjoyable "At Home" was held at their club rooms, Smallwood Building, last evening, by the members of St. Andrew's Society, Mr. John Browning, President of the body, presiding.

The following programme of songs and recitations proved most enjoyable. Pianoforte Solo—Mr. King. Address—"Burns"—Rev. Mr. Sutherland. Song—Miss Mitchell. Song—Mr. W. Cornick. Song—"My Ain Folk"—Miss Ryan. Quartette—Messrs. Young, Herchell, Kerr and McIntosh. Song—Mr. King. Recitation—Miss Hanlin. Song—Miss Herder. Song—Mr. McCowan. Song—Mrs. King. Double Quartette by Old Comrades consisting of Messrs. F. Seymour, McIntosh, Kerr, Dewlin, Young, Dr. Howlett, C. J. Fox and Somerville.

As each item was given, the plaudits of the large audience showed the favor with which the various selections were received, and when at the close this morning the singing of Auld Lang Syne and God Save the King brought the affair to a close, one and all declared that they had spent no more enjoyable an evening for a long time.

It is a real tonic containing cod liver extract, extract of malt, wild cherry and hypophosphites—a splendid combination.

FINN-McGRATH.

A very pretty wedding took place at St. Patrick's Church, Carbonara, on Sunday, 23rd inst., when Mr. Thomas P. Finn and Miss Maggie G. McGrath were united in the holy bonds of matrimony, in the presence of a large gathering who had assembled to witness the ceremony. The bride was very becomingly attired in a gown of blue corded silk trimmed with chiffon and gold lace, and was attended by Miss Josie Cullen, while the groom was supported by Mr. W. B. Finn, brother of the groom. The wedding was necessarily quiet, owing to the recent death of a very near relative, consequently the party consisted of none but immediate friends. After the nuptial knot was tied by Rt. Rev. Monsignor McCarthy, they drove to the residence of the bride's mother, where a reception was held and the toast of the occasion was proposed by Mr. W. B. Finn, who spoke the sentiment of the community when he referred to the bride as one of our most popular ladies, and was in full accord with a large circle when he conveyed the best wishes for a happy and prosperous voyage over the matrimonial sea. The groom pleasantly responded. The bride was the recipient of many handsome and useful presents attesting the esteem in which she was held. The groom's present to the bride was a cheque and to the bridesmaid a brooch. The happy couple were received in their new home Water Street by the groom's parents. We join with their many friends in wishing Mr. and Mrs. Finn many years of wedded bliss.

His Sacrifice.

A Telegram reporter was shown a letter last night written to his mother, Carter's Hill, by Volunteer John Fitzgerald, just previous to his heroic sacrifice of life to aid one of his injured comrades serving with him in the Dardanelles. Poor Fitzgerald's letter was one of hope. He speaks of the good work of the Ambulance Brigade of which he was a member, and relates many incidents of succor on the part of the brave "Red Cross."

AT THE CRESCENT.

"In the Dark" is the great feature that the Crescent Picture Palace is showing to-day. This masterpiece is produced in three reels by the Lubin Company and is one of the strongest social dramas of the season; Ethel Clayton, Joseph Kaufman and Rosetta Bryce and a strong Lubin caste. A fine Essany drama is "His Regeneration" presenting G. M. Anderson. "The Professor's Painless Cure" is a classy Vitagraph comedy with Mr. and Mrs. Sidney Drew.

Mr. Dave Parks, baritone, the man with the voice sings a new and pretty ballad "My Sweet Adair." Don't miss seeing this big mid-week show.

RIOTS LAST WEEK BETWEEN STRIKERS, STRIKE SYMPATHIZERS AND ARMED GUARDS AT THE SHEET AND TUBE COMPANY'S WORKS AT YOUNGSTOWN, OHIO, RESULTED IN THE DEATH OF THREE MEN, WOUNDING OF EIGHTEEN AND DESTRUCTION BY FIRE OF SIX CITY BLOCKS, WITH A LOSS OF NEARLY A MILLION DOLLARS AS THE RESULT OF THE RIOTING. THE RIOTERS STOLE DYNAMITE, BLEW UP HOMES, LOOTED GROCERIES AND BEHAVED SO VIOLENTLY AS TO NECESSITATE THE PRESENCE OF STATE TROOPS. THERE IS GREAT MYSTERY REGARDING THE ORIGIN OF THE TROUBLE, BUT TWO AUSTRIANS HAVE BEEN ARRESTED WHO SAID THEY WERE SENT FROM NEW YORK TO STOP AMMUNITION MAKING FOR THE ALLIES.
