## "Almost a miracle"

That is what Rabbi M. Shallit of Edenbridge, Sask., says regarding a cure by Zam-Buk, of which he gives the following particulars:

"A short time ago," said the Rabbi, "a man brought his little son to me and asked if I knew of anything that would cure the child of a terrible skin disease, with which he had suffered for three years. The child's forehead, eyes and ears were covered with sores. The sight was shocking, and the child had not been able to see for two years. As he was an only child, the father said he would give anything to have him cured, but as he had already been treated by many doctors, each of whom had given up the case as incurable, he had about despaired of ever finding a cure. Having great faith in Zam-Buk, I recommended it, and to cut a long story short, perseverance with Zam-Buk has now completely cured the child."

### THE FATHER'S ACCOUNT

The following letter from the father of the boy expresses his gratitude: "The Zam-Buk Company, Toronto. Dear Sir: I beg to testify that my boy suffered for three years with a severe skin disease, which doctors tried to cure, but in vain. The sores on his eyes were so terrible that for two years he was quite unable to see. Zam-Buk, however, has worked a complete and permanent cure."

The Zam-Buk treatment was recommended to me by Mr. M. Shallit, Rabbi of Edenbridge, for which I shall be grateful to him forever. With hearty thanks to you, I remain, Yours faithfully, (Signed) E. ROMANUK."

Zam-Buk is just as good for scalp sores, ringworm, salt rheum, running sores, old wounds, boils, ulcers, abscesses, pimples, blood-poisoning, skin rashes, itching, and all skin injuries and diseases. All druggists and stores of Zam-Buk Co., Toronto. See box of Zam-Buk.

### The Test of Victory.

(London Times.)

Liberty has never advanced through the arguments of philosophers, but through the devotion and self-sacrifice of its believers. It is as the victor in a hundred fights that it has come down to us. Again and again it has proved its inherent value by the sacrifices it has been able to command. Lives have been paid the toll for every step of its advance. And if in the present struggle the toll is heavier than ever before, it is because the crisis is greater, because from the national scale the controversy has passed to the international. Our race has often bled for English liberty; it is called upon to-day to bleed for a European, a world-wide liberty.

Moreover, its enemy is of like proportions. It would seem as if the Prussian state had been destined to set apart from the beginning to rally the forces of tyranny for their last encounter. By sheer efficiency, by the superiority not only of her military genius, but of her intellectual defence of tyranny which exist in Europe. It is the little states that breed the big ideas. Palestine is one example, Greece another; yet a third is Prussia. The first stood for spiritual liberty, the second for intellectual liberty, the third for the tyrannical ideal complete in action and in thought.

### Citizens' Committee

Chairman A. Soper Says Resolution Was Railroaded Through in His Absence.

Chairman Mr. A. Soper presided at last night's meeting of the Citizens' Committee.

A letter received from the Colonial Secretary in reply to a communication from Secretary Smith, enclosing a copy of the law relating to fire escapes was read, as was also another letter from the Colonial Secretary acknowledging receipt of resolutions passed at a previous meeting, relative to the deferring of the Municipal Act.

The deputation to the Joint Select Committee then reported the proceedings of the past two meetings.

Section 261 relative to bank taxation was deferred till a future meeting. The Chairman and Vice-Chairman were appointed as a sub-committee to gather information on the subject to gather information on the subject. With regard to Section 263, which deals with preferential claims on bankrupt estates, wherein Municipal taxes come next to the claims of the Crown, it was decided that wages should rank next to the Crown and taxes after.

Section 381. The committee recommended that owners of buildings in restricted areas be allowed to make temporary repairs to the extent of ten per cent. of their value.

Business arising out of the reading of the minutes of the previous meeting was the next subject for discussion. Chairman Mr. Soper intimated that he wished to place himself on record as being entirely against the mode of procedure which was adopted at the last night of meeting in relation to the resolutions to the Executive Government asking that the Municipal Bill be not passed at the next meeting of the Legislature. Since the Committee was first instituted about one year ago he had given much of his time, often at great personal sacrifice to his home and business, and he regretted that a resolution of such great importance which could have been deferred there being no great urgency in bringing it up at that particular time, should have been passed without due notice being given him, he being at the time unavoidably absent from the city. In view of his proven loyalty to the work to which he had been appointed by the citizens of St. John's, he deeply regretted the passing of the resolutions; in conclusion Mr. Soper was of the opinion that the resolutions were railroaded through, but at the same time attributed no ulterior motives to the proposer.

V-Chairman Kelley who had introduced them said that his ideas for proposing the same were plainly stated in it, viz: the shortage of representatives of the City of St. John's in the Legislature. He stated that the proposition was put through in the proper form and in introducing it he had no intention of showing discourtesy to the Chairman. He was satisfied with the opinion expressed by the public and further that a number of the Select Committee approved of his action.

Mr. Soper replied that in any case he thought notice should have been given.

Mr. Kelly stated that he was not aware Mr. Soper would be absent when the resolutions were introduced.

Mr. T. Peal again took occasion to express himself as against the resolution which he considered was ridiculous, and produced editorials from the Evening Telegram and Daily News bearing out his argument.

Messrs. Merrils and Joyce gave their reasons why they supported the resolution.

The meeting adjourned at 10:45 till 8 o'clock to-morrow night.
