

HOSTEL OF ST. PHILIP NERI.—A new school for girls in Toronto. It is a Catholic institution, and was purchased by the Catholic Extension Society.

SASKATCHEWAN CROP MAKES SATISFACTORY PROGRESS; AT MAPLE CREEK WHEAT IS UP EIGHT INCHES

Maple Creek, June 6.—Telegraphic reports from the Saskatchewan districts sent to the department of agriculture, state that the crops are making satisfactory progress.

Although not so far advanced as at the same time last year, being from a week to 10 days later, due to the dry weather, but with the showers of the past week, the wheat has improved in growth and is very well.

The average height of the wheat is up to 8 inches. At Maple Creek the wheat is eight inches, and at Melville, seven inches above the ground. The time of the wheat acreage has been the reason and there appears to be a lack of moisture in the ground with exception of a few isolated spots.

In the Battleford, Kindersley and Saskatoon districts some rain would be welcomed. Ninety per cent. of the oats acreage is seeded with an increase in the amount sown over last year of eight to ten per cent. Seventy-seven per cent. of the flax acreage is seeded but at present it is difficult to estimate what will be the increase, if any, of this crop.

Eighty per cent. of the barley acreage is now in the ground and shows at high winds. Some slight interference is noted with cut worms and an occasional showing of black rust.

The crops generally are making good progress and are very promising.

WOMAN WHO STOPPED KING'S HORSE AT DERBY DEMENTED

Lies in Precarious Condition at Hospital With Detectives Watching Her

London, June 6.—Miss Davidson, the suffragette, who created the sensation at the Derby by running on to the track and seizing the bridle of the king's horse, which fell on her and caused grave injuries both to the woman and the jockey, was still unconscious late last night. The doctors attending her are surprised that her recovery is so much more rapid than they expected.

She is thoroughly recovered. Detectives are now stationed at the hospital, and it is understood the police will take proceedings when the patient is better.

The question as to what action, if any, would be taken against Miss Davidson is being discussed. A high official says it is doubtful if any charge will be made against her.

It is quite likely the authorities will say that she has received enough punishment, but it is a matter for the director of public prosecution to decide whether the jockey himself, prosecuted by the Davidson.

The king was again present at Epsom today. The crowd gave him a warm reception by way of marking its sympathy with him over the deplorable happenings of the previous day.

A Splendid Achievement

Bravest for English prison treatment, the physically and mentally unbalanced her, was as much the motive of sympathy in assisting Miss Davidson, the woman who grabbed the bridle of the king's horse, Anner, at the Derby, according to an opinion voiced by Mr. Scott-Troy, the San Francisco suffragette.

The suffragette party says the woman's act was a splendid achievement for the cause, and that people the world over now hold only two

thoughts: "The tremendous courage of the woman who has taken her life into her hands to make this protest," and "the wickedness of those by whose refusal to listen to the voice of argument and reason, have driven women to these desperate courses."

The press as a whole, while unanimous that the act was one of dementia and alluding to it as a grotesque and meaningless kind of martyrdom in the fancied interest of a political cause, and at the cost of grave peril to the lives of others, takes serious ground.

KING'S SON ROMPED
IN MONTREAL STREETS

Montreal, June 7.—Prince Albert Frederick George, second son of King George V., spent a couple of hours here last night while en route from Quebec to Toronto in company with 67 fellow-cadets of H. M. S. Cumberland.

The prince saw little of the city, his visit being quite informal. He seemed content to romp through the streets in the vicinity of the Place Viger, playing leap-frog, smoking cigarettes and chattering French to the swarm of youngsters attracted by the natty uniforms of the cadets.

After tea at a local hotel the cadets broke up into groups and passed the time in various ways until 8 o'clock, when they returned to the hotel.

Arriving in Toronto this morning they will march to the Bay street wharf where they will embark for Lewiston, N. Y. From Lewiston they will take the Valley cars for Niagara Falls. After viewing the falls they will cross the bridge to Niagara Falls, Ont., and will lunch at the Clifton House.

They are scheduled to return to Lewiston, where a special train will carry them to Kingston, where they will board the Thousand Islands boat and travel down the St. Lawrence to Montreal and Quebec.

IRRIGATION LANDS TO BE RECLASSIFIED

The reclassification of the western portion of the C. P. R. irrigated lands east of Calgary will be undertaken within the next few weeks. The sum of money has been set aside by the government for the purpose, and at the beginning of July a large number of surveys will be made for the work.

It is expected that the work will be completed by the end of the month, and will not be finished for several months.

GREAT INTEREST IN MARCONI LIBEL TRIAL

The above picture shows England's champion of the Exchange, who is a witness at the trial of Cecil Chesterton for libel, which is being widely reported.

The observation arose out of articles written by the accused man, who is a member of the Eye Witness. He charged Marconi with libel, and the director of the Marconi Company, with corruption in connection with the British government's wireless contract.

DELBURNE

Delburne, June 6.—The roads leading into Delburne and through the main streets are being graded and leveled so that in a short time they will make a wide level road and be a credit to the town. A large number of men and teams have been engaged in this work for some weeks past and from here they go to grade further down the line. The line from the town to the depot has been fixed for building a switch line and will doubtless be finished shortly. A number of men are also working on the road along the town line from the lake into Delburne and the roads in that direction are now in splendid condition.

Mr. Scotland who has been running the store in Content for the past number of years is selling out and will leave for Calgary in the near future where he expects to reside. The sale in charge of Col. Hogg was well attended. A number of people from this part of the country attended.

Mrs. S. A. Gill and son Arnold are visiting Mrs. Gill's mother, Mrs. Reynolds at Olive, for a couple of weeks, prior to Mrs. Reynolds's departure for the coast.

Mr. and Mrs. Thompson have arrived from Trochu and are living on Second Avenue. Mr. Thompson is in partnership with the Guan Hardware Co. of this place.

Mrs. Charles Paxton returned Saturday last after a short visit with Clive and Lacombe friends. Mr. Johnson is working on Mrs.

WILL WAGER \$10,000 ON BRITISH POLO TEAM

New York, June 6.—Devereaux Milburn, back of the American team, which is practicing for the defense of the International Polo team, has practically recovered from injuries received Saturday when he fell from his pony, and will return to the games. He shows only a slight scratch over the right eye. The fears that he was hurt internally fortunately proved to be unfounded.

It is the report in polo circles today that a coterie of the London Stock Exchange members has put up \$10,000 as a wager to be laid against \$7,500 on the New York Stock Exchange, the Englishmen, of course, picking their team as favorite in the coming international match. It was said that thus far the English offer had gone begging.

The English church service on Sunday, June 1, was well attended. The ladies intend to hold a bazaar and social on July 1.

Mrs. Cox and Mrs. Cox left today for Lacombe to spend a couple of weeks.

NEW ALBERTA LOAN NOT PLACED; APPEARS TO BE IMPASSE ON FLOTATIONS

London, June 6.—The Canadian Associated Press learns that attempts to float a new Alberta loan have so far been fruitless. There appears to be a deadlock regarding new flotations, which applies all around, particularly to Canadian propositions. There is no feeling of actual alarm among well-informed city circles, but some times there are restless, uneasy symptoms among actual investors.

Germany has not money for a prolonged war.

Paris, June 7.—Some startling figures were given by Deputy Andre Lefevre as to the financial position of the Triple Alliance, composed of Germany, Austria-Hungary and Italy, and of the Triple Entente, composed of Great Britain, France and Russia, in the course of a speech on three years' service in the army of France, delivered yesterday. He said:

"Germany is unable to afford a long war. The banks of the countries forming the Triple Alliance possess only
