FACTS ABOUT HEALTH

It is Easy to Keep Well if We Know How-Some of the Conditions Neces-

sary to Perfect Health. The importance of maintaining good health is easily understood, and it is really a simple matter if we take a correct view of the conditions required. In perfect health the stomach promptly digests food, and thus prepares nourishment. The blood is employed to carry this nourishment to the organs, nerves, muscles and tissues which need it. The first great essential for good health, therefore, is pure, rich blood. Now it is certainly a fact that no medicine has such a record of cures as Hood's Sarsaparilla. It is literally true that there are hundreds of people alive and well today who would have been in their graves had they not taken Hood's Sarsaparilla. It is depended upon as a family medicine and general regulator of the system by tens of thousands of people. This is because Hood's Carsaparil's makes the blood pure. This to the secret of its great success. Keep your system in good health by keeping your blood pure with Hood's Sarsaparilla, which absolutely cures when other medioines fail to do any good whatever.

AMUSEMENTS

MONDAY'S ATTRACTION AT THE GRAND. While "Alone in Greater New York"

is primarily melodramatic in theme and action, the comedy element is very strong, and the performances are invariably marked by alternating outbursts of enthusiastis applause and roars of laughter. In addition, a number of artistic specialties are introduced, including descriptive songs by dancing by John P. Kennedy; trampology by Ned O. Risley; vocal selections C. Eddie Morton; a fetching cake walk, led by Miss Lewis and Mr. Kento 9s. We anticipate a strong market | nedy, and other diversious by different members of the company. The date of the appearance of this attraction in this city is next week at the Grand Opera House, beginning Monday evening. Popular prices, 15, 25, 35 and 50 cents, will prevail during this engagement, and seats can now be reserved for any performance of the week at the box office.

MARKS BROS. house at the Music Hall last night to see "A Wife's Peril," a comedy-drama, with lots of fun and a good plot. It was produced in a first-class manner Tom Marks played the English dude. His quick wit and dry humor brought forth plenty of laughter. The specialties were fine, and the war views good, and well received. Tonight they play "Dublin Dan," with new songs will remain the same.

KOMOKA.

Komoka, Sept. 9 .- Anniversary services will be held in the Presbyterian Church on Sunday, Sept. 11, conducted by Rev. A Henderson, of Appin. Ser in the evening at 7:30.
Song service in the Methodist Church will be postponed next Sunday even-

visiting friends in Toronto and Niagara Falls.

Kidney Bladder Trouble.

There is no more serious menace to good health in the present age than Kidney disorders, and Vs an appalling fact, but a true one, that four-fifths of the country's people have the taint of this insidious disease with them.

It is said that the battle of Manila has caused an increase of from 80 to 100 per cent in the price of hemp. A DINNER PILL. - Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, and instead of being a healthy nutriment, it becomes a son to the system. Dr. Parmelee's Vegetable Pills are wonderful correctives of such troubles. They correct acidity, open the secretions and convey the food partaken of into healthy nutriment. They are just the medi-cine to take if troubled with indiges-

A tannery to tan the hides of dogs and wolves has been established in Chevenne county, Ks. FAGGED OUT .- None but those who have become fagged out know what a depressed, miserable feeling it is. All strength has gone, and despondency has taken hold of the sufferers. They feel as though there was nothing to live for. There, however, is a cure—one box of Parmelee's Vegetable Pilis will do wonders in restoring health and strength. Mandrake and Dandelion are two of the articles entering into the composition of Parmelee's Pills.

Children's Day at Western Ontario's Great Fair.

The Youngsters Find a Wide Field of Enjoyment.

The Buildings Crowded With Choice Exhibits-New Attractions Added to the Plethoric Programme - Preparations for the Visit of Sir Oliver Mowat on Monday.

The Western Fair has now become thoroughly roused. The wakening and shaking process is over, and with the exception of a snooze tomorrow, Queen's Park will be very much alive for several days to come. The incessant shouting of the refreshment vendors has set in. The merry-go-rounds have begun their ceaseless grinding of tunes. The hub-bub peculiar to the Western, with its varied notes, the color and motion of the crowds of spectators, streaming flags, banners and pennants were all apparent today. This was Children's Day, but the little ones did not flock to the grounds sun swung slowly up the cloudless sky, the chills of the morning departed and the enthusiasm of the youngsters grew and grew with the passing hours. The judges were busy in the various departments, and a crowd of urchins trooped always at their heels, looking on with curious eyes as choice honey, maple syrup, etc., were being sampled. The board have secured a list of un-

surpassed special attractions, several having been added since the official programmes were prepared. The usual accommodation under the open stage for the performers is much too small owing to the increased number, and several tents have been pitched near the stand for some of the troupes. The Nelson family; Zeno, Karl and Zeno; Zamora and the Watson sisters; Walburto, Burke and Andrus, all arrived this morning.

Another attraction will be the celebrated McKeough School Boy Band, of Chatham, which has been engaged by the fair board to give concerts from Wednesday until Saturday of next week. The boys have just returned from a visit to the Toronto Industrial Fair, where they proved a big attraction and were warmly complimented on all sides. The band is complete in every detail and is composed of about 25 members.

The reception of Sir Oliver Mowat on Monday will be considered at the board meeting this afternoon, and the details for the grand affair definitely

Notable Exhibits. GRAND MOGUL TEA.

Stand a moment at the western entrance of the main building, at the fair grounds. The crowd turns to the right and pauses. Over the face of the lady visitors there spreads a look of soothing and calming delight. Their nostrils dilate with pleasure, as they are assailed by the subtle, fragrant odors of Ceylon, India, China and Japan teas. The Grand Mogul Tea Company's exhibit is here—a pretty, quaint pavilion, canopied with red, white and blue, piled high within and without with packages of their cheering, soothing, invigorating teas, steaming cups of which, served free by dainty maids, testify to its excellence with an eloquence that puts words to Miss Dorothy Lewis; buck and wing shame. Every day and every evening next week the Grand Mogul Tea Company will demonstrate the surprising

qualities of their teas. FAMILIAR OBJECTS. No householder nor prospective householder can pass the splendid exhibit of the Buck Manufacturing Company without stopping to admire the products of their big factory. Happy Thought ranges and Radian Home baseburners are triumphs of art; the superb combination of the greatest convenience and utility, the greatest beauty of line and finish. But it is needless to describe at The Marks Bros. drew another big length what everybody knows, the admirable qualities of the Buck Manu-

facturing Company's stoves and ranges. It is sufficient to say they are on exhibition to speak for themselves, and the exhibit is of a thoroughly representative character.
Outside the main building are exhibited the celebrated Leader and Garnet furnaces, and the famous Atlantic furnace, equally adapted for

wood and coal. WHERE CROWDS LINGER.

Nowhere in the main building do the crowds love better to linger than about the exhibit of Heintzman & Co. A spacious alcove richly and tastefully furnished, on the north side, and near the east end of the building, gives an admirable setting for their magnificent display of musical instruments.

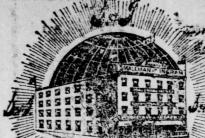

The best models of the famous Heintzman pianos are to be seen there. Great praise is due Mr. J. A. Croden, Heintzman & Co.'s popular local manager, for the perfect taste displayed in the decorations. An air of quiet richness and luxuriousness pervades the place, wholly in keeping with the superb mahogany and rosewood cases, marvelous examples of the carver's and finisher's arts. The effect on the eye is soft, sensuous, soothing and induces a fitting mood in which to appreciate the sweet melodies, which some practiced hand makes from the

"FUZZY-WUZZY."

The victory of Gen. Kitchener's army over the mahdists in the Soudan will probably teach "Fuzzy-Wuzzy" that it's no use in trying to whip white men and Europeans with spears. Still, the bravery of the mahdist will never need appraisement so long as Kipling's verses stick. Here they are:

We've fought with many men across the seas. An' some of 'em was brave an' some was not.

BALMORAL TO BE ABLAZE.

An Electric Lighting Plant to Be Installed in the Queen's Castle.

Balmoral Castle is to be lighted by electricity generated by water power at the upper part of the Gelderburn, about one and one half miles from the Castle. Provision is being made for two Gilkes vortex turbines, which, with a fall of nearly 80 feet, will give 80 horsepewer combined. This power will be utilized in driving the dynamos for charging a large battery of accumulators at the Castle, and also for lighting the lamps direct. The current will be transmitted by large cables laid underground all the way. The electric light will at first be limited to the Queen's private apartments, the ballroom and a few of the principal rooms in the Castle, and the installation is expected to be in working order by the time her Majesty returns to the north next month. Eventually more than 600 lights will be installed in the Castle alone, but if electric lighting is extended to the stables and outbuildings about 1,000 lights will be required.
