Local Market. London, Thursday, April 5. Marketing was an agreeable occupation this morning, and a fairly large number of purchasers found their way to the square. Although unrivaled weather prevailed, the condition of the roads had a counteracting influence upon the attendance of farmers. Generally speaking, the supplies were not large, with the exception possibly of maple syrup, the price of which has not dropped below \$1 per gallon. It is enticipated that it will be offered in smaller quantities this year than has been usual, on account of the lateness of the gasson. Purchasers who were the season. Purchasers who were looking for poultry had no abundance of choice, the supply being small and prices unchanged. There was the usual large amount of meat offered. A number of butchers attended from Ingersoil, Woodstock and St. Thomas. During the past week the local retail trade in butter has not been brisk, notwithstanding the lower prices, al-though in wholesale markets it has been moving easier at the decline. In all probability there will now be a gradual lowering in the price of butter. There is little doubt but that the price will be 12c per lb wholesale, and about 14c retail within three or four weeks. Eggs are none too plentiful, although greatly more so this week than last. The price will rise, in all probability, and there will be no doubt about the Easter supply being too

BABE IN A CISTERN. Chatham, Ont., April 5.-The 2-year-old daughter of Joseph White, of Cross, very nearly lost life from drowning yesterday. Shortly before noon Mrs. White went to hang out some clothes, leaving the baby playing in the house with her sister, five years, old. Mr. White was in the house at the time in another in the house at the time in another room. In a few minutes the mother returned and inquired for the baby, and when search was made she discovered its clothes in the ecistern. The child had fallen through a small hole in the ice, from which position it was quickly rescued by the father. The child was resuscitated in about fifteen minutes, and by the time a doctor. minutes, and by the time a doctor arrived was out of danger.

"PIMPLY" FACES.

What a Bane-But Dr. Agnew's Oint. ment is a Sure Cure.

Chas. H. Lilly, 412 Luzerne avenue, W. Pittston, Pa., writes: "I am a barber and meet many people troubled with pimples. I have tried many preparations claiming to cure such, and without success, until I used Dr. Agnew's Ointment. Within the last few weeks I have used it on three very stubborn cases, and in each case it has made a cure; has cleaned off all the pimples and blotches, and left the skin clear and soft. It's the greatest skin remedy I've heard of and a boon to 'pimply' faces." Sold by C. McCallum & Co

Boer Reports of British Reverses Near the Town.

Late War Office Bulletins Fail to Confirm the Statements.

Gen. Roberts Has Been Waiting for Horses Which Are Now Arriving in Large Numbers - Second Canadian Contingent Sent to the Front.

London, April 5-1:55 p.m.-A specia dispatch from Lorenzo Marquez says sharp fighting occurred April 2 in the neighborhood of Mafeking. The garrison made a sortie, while Col. Plumer's cavalry attacked the Boers at Ramathlabama. Both attacks were re-

London, April 5.-A Lorenzo Marquez dispatch says that after the attack by Plumer's cavalry, 20 of his men were found dead on the field, and six others were made prisoners. The federal losses were small.

WAR OFFICE REPORTS.

Mafeking, Friday, March 23 .- There has been little excitement during the past week. The Boer shell fire comes in fitful gusts and has little effect. The British casualties are also nil. The Boers seem to be breaking up their a relief force. The sharpshooters keep up a steady interchange of fire. It is rumored that relief is near. The usual Sunday truce enables the garrison to continue playing cricket matches. Mshete, a native chief southward, has broken out against the Boers. There was heavy fighting in the direction of his chief kraal March 22. An Irish-American trooper, of the protectorate regiment, has deserted to the Boers. A reward of £50 has been offered for his capture, dead or alive. RECONNOISSANCE BY PLUMER. Gaberones, Bechuanaland, Wednes-

day, March 28.—Col. Plumer, with a force of British mounted infantry, started on a daring march on Sun-day, the 25th, with the object of threatening the Boer lines of communication. After two rapid night marches through the territory they ar-rived, at dawn, March 27, within 12 miles of Zeerust, and distinctly heard the bombardment of Mafeking. Having reconnoitered the country with a view to future operations, without sighting a single white man, Col. Plumer crossed the railroad south of Lobatsi, which he found in possession of a Boer force, and returned. Thence. finding the railroad hence damaged by Gen. Snyman's main force, he returned to the vicinity of Mafeking.

Rumors reach here that a relief col-umn is approaching Mafeking from the south.

REVIEW OF THE SITUATION. London, April 5.-Detached bodies of Boer horse, numbering from 500 to 1,000 each have appeared at several places to the southward and eastward of Bloemfontein, threatening the railroad, but communication by wire and rail is not in the least affected. One of these forces is near East Springfontein, on the Bloemfontein railroad, and Gen. Gatacre's forces are reported to be about to engage it. Lord Roberts, ex-cept to safeguard the railroad, seemingly declines to send columns chas-ing the Boer bands. He is reserving his cavalry and transport animals for the forward movement. Explanations having indirect origin in the war office es to why Lord Roberts is inactive are that there has been a lack of horses for remounts. Now horses are arriving by train hourly. The pressure on the railway is so great that private parcels and the officers' newspapers have not been forwarded from Cape Town for three weeks.

The situation in the Free State remains far from clear and is unsatisfactory to British observers.

The sickness among the Boer prisoners at Simontown continues to increase. Five men died April 3. The prisoners who were on board the troop ship Mongolian have been transferred to Spore Camp. Unless the sickness abates it is not likely that more prisoners will be sent to St. Helena.

A dispatch from Cape Town, dated yesterday, announces the departure yesterday, announces the departure for the front of the second contingent of Canadian mounted infantry. Rudyard Kipling has returned to

SOLDIER'S GOOD FORTUNE Gunner Napoleon Comtais, of the R. C. A., Cured by Dodd's Kidney Pills.

Cape Town.

Quebec, April 2.- Napoleon Comtais, gunner, No. 2 Company of the Royal Canadian Artillery, stationed at the citadel here, considers himself a lucky man. He will wear the Queen's uniform for years yet. He expected at one time that kidney disease would necessitate his quitting the service. But he heard of Dodd's Kidney Pills. Gunner Comtais received a letter re-cently asking about his cure. He re-

plied as follows: Royal Canadian Artillery Library.

Dear Sir,—I received your letter, and hereby certify that I was cured of Kidney Disease by Dodd's Kidney Pills. By them I can be a soldier a few years yet. GUNNER N. COMTAIS, No. 2 Co., R. C. A., Quebec.

WHERE OUR LINENS COME FROM. The Queen is now in Ireland—the land where the best Linens in the world are manufactured. Her Majesty hasn't visited the Emerald Isle for a great many years. We visit it twice every year, and buy our Linens first-hand, buy largely and import direct. We have just received a large shipment of Table Linens, Napkins and Towels, among them being some manufacturers' seconds in Towels and Tablecloths. These are slightly imperfect in weave, but only an expert would detect the imperfection. Are selling these seconds at marvelously low prices.

TRACING THE MURDERER

Definite News Concerning Missionary Rijnhart's Disappearance.

The Christian Worker contains the following letter concerning the murder of Rev. Peter Rijnhart, in Thibet.
Mrs. Rijnhart and her sister, Dr.
Jennie Carson, are well known here:
Ching tu, Jan. 10, 1900.

Bear Pastor Roffe,—A short time ago I learned through Mr. Laughton that definite news of Mr. Rijnhart's murder had been received. I expect you have received particulars before this, but in case you have not I send you what I have learned.

A lama from Kum Bum-I have not heard his name; from the description I believe it to be Mr. Rijnhart's old teacher, Ahsi Ni Ma. On hearing of Mr. Rijnhart's disappearance he set out on a pilgrimage to find out what had happened to him. First, he came to where the baby died and was buried, then to where they were turned back, and later to where he disappeared. As he was a pilgrim he heard the story as to how he was killed, and, on finding out the man who did the deed, he returned to Kum Bum, and at Sining applied to the missionaries, giving them the full story. The official took it up, and offered money to get the man. He refused the money, say-ing it was not for money he did it, but because he loved Mr. and Mrs. Rijnhart, and showed the skirt which he wore, saying Mrs. Rijnhart made it for him on the sewing-machine. He said if the official would send an escort of soldiers, he would get the man, so the men were supplied and the party started. I believe the head men in the lamasary tried to persuade the Si-ning officials that the man was an imposter, and out of his mind, but the official paid no heed. This dear Ti-betan knew something of what lay be-fore him—two long journeys. Not only the risk of losing his life by the robbers and the people where Mr. Rijn-hart was murdered, for they hold up the man who slew the foreigner as a hero, but the people in his own mon-astery will kill him if they can catch All this he knew when he set

out on his second fourney.

If all this is true, as we believe it is, then we may ask what more could a man do for his brother than this follower of Buddah has done for a for-

eigner?...
If he is the man I take him to be, more than four years ago he professed to believe that our religion was the true one, and wanted to get out of the monastery, but the question arose Where would his support come from? and he had not wet faith to come right out and trust God. This is no oubt the secret of his present action. Yours truly,

BRAINS, BRAWN AND BRAVERY

It matters little how recklessly brave be the private soldiers of any army, if they be not properly led. The officers should be, not alone brave, but wise and keen. To have healthy bodies and clear brains, proper food is necessary, and no food is as health-giving, and as body-building, and as brain-feeding as our Granose and Granola. Read what Major-General Nelson A. Miles, Commander-in-Chief of the United States Army, says of our foods:

Sanitarium Health Food Co., Battle Creek, Mich. Gentlemen-I have examined you health food (Granose) and to some extent have tested and used it, and, as far as I am able to judge, it is a very excellent and healthful food. By your method of preparing this food, you seem to have retained the sustaining qualities and removed the objectionable elements, in a way that makes the food very desirable and valuable. Your great work of charity is also most commendable.

Very sincerely yours, NELSON A. MILES, Very sincerely yours,

Major-General, U. S. A. A postcard to us brings you particulars.
