ANNOUNCEMENT of a NEW BOND COMPANY

Of interest to financial men and to the public generally is the formation of the Bankers Bond Company Limited, with a capital of One Million Dollars, headquarters at Toronto.

The President of the Company is Mr. F. W. Baillie, the Vice-President, Mr. F. P. Wood, and, in addition, a group of prominent Canadian banking men are interested both as investors and advisors.

The Bankers Bond Company will conduct the customary bond and preferred stock business, and aims to be of special service to the public in other ways.

It will assist worthy industries, business men and others who have not access to the customary channels for capital, to expand by financing the needed money. Canada has many industries only needing capital to become large and prosperous concerns.

Directed by men experienced in both investments and banking, the Bankers Bond Company should render valuable service to investors and business men. This should especially apply in a country such as Canada, so replete on one hand with opportunities for investment wherein judgment and foresight are needed, and, on the other, with opportunities for business expansion, provided financial assistance is forthcoming in either small or large amounts at crucial periods.

The Bankers Bond Company is the outcome of steady and important growth of the investment business done by the firm of Baillie, Wood and Croft, Bankers and Brokers, Toronto, during a period of ten years. The latter firm will hereafter confine themselves to Stock Exchange business.

The Bankers Bond Company Limited, have engaged as premises the ground floor of the Imperial Life Building, Victoria St., Toronto.
