ed in the Police Court to-day on the charge of criminal libel preferred against him by the Earl of Euston. The Earl in his testimony admitted that he had visited the house in Cavendish-street where the alleged unlawful claimed he visited there for a lawful purpose The Earl further testified that while walk ing in Piccadilly one evening a stranger approached him and handed him a card on which the house indicated on the card a week after. A man opened the door and demanded a sovereign before he would allow him to enter. The Earl gave him a sovereign and asked where the pose plastique could be seen. The man said that there was none there but he could have boys in an adjoining room. The Earl thereupon threatened to knock the man down, after which the Earl left the house and Mr. Parke was committed for trial.

One instance we will refer to as a sample of the whole. It was stated in every paper in foronto that the electric wires set fire to Mr. 3. S. McConkey's premises several times and states that nothing of the kind occurred, and that the statement was false in every partien lar and without the slightest foundation.

Now we recognize that it is the especial province of the newspapers to supply the publi subjects. To this we do not object. If statements made regarding us are true we are prepared to stand or fall by them. We are proud of our record in Toronto and everything con-nected with our operations.
