The following is the report:

To the Warden and Councillors of the Municipality of the County of Annapolis.

In accordance with our recommendation of last year, the treasurer's books were closed 31st December, 1881, and in consequence, the business transactions of the year as shown below extend over but one month.

In examining, comparing and checking the several entries, we find two orders drawn by the clerk and paid by the treasury, bearing dates respectively June 7th, amount \$16.50, and June 25th, amount \$10.00, making total \$26.50, whereas the total amount appearing on the presentation and confirmed by the Municipal Council is \$22.04. We also find overpaid in another bill the sum of 11 cents.

We find a bill paid to H. S. Piper, for printing, bearing date Oct. 4th, 1881, amount \$75.00, which does not appear in the presentation, and which has never been audited as provided and ordered in the proceedings of Municipal Council at annual Meeting of 1881. The same remarks apply to the bill paid for stationery and postage of the clerk.

We find an item of \$250 paid by the treasury, and for which no voucher is filed. With the exception of the above irregularities the books and accounts of the treasurer are correct, with vouchers agreeing.

We find a balance brought forward from last year's audit in favor of the Municipality, of \$5,932.14, which, with 20,105.77, the amount received from assessments and other sources, making total receipts up to 31st December 1881, of \$26,037.91.

In the debit account, the total amount paid out as shown by detailed statements is \$20,889.72, showing a balance to the credit of the Municipality, Dec. 31st, 1881, of \$6,148.19. Among the items in the expenditure account, we find \$4,222.50 paid to the Union Bank on Railway account; paid on the order of inspectors of schools, \$8,192.15 on contingent charges; \$1,294.42; grand and petit jurors, \$723.50; Municipal expenses, \$388.57; hospital for insane, \$532.59, which with sums

paid as shown by the treasurer's books, make the total amount paid out as above \$20,889.72.

The sums received from the most important sources being brought forward from Jan. 11th, 1881, \$6,932.14; Government loan advanced for schools, \$2,718.00; Frothingham's fees on jury cases in Supreme Court, \$55.00 received from collectors from uncollected rates of last year, \$1,908.55; John McClellan, \$15,582.28, fines for assault, &c., \$21.00, together with other sums, total amount received, \$27,337.75.

The following is a detailed statement of amount of rate bills of each ward, and the amount of collectors, showing the amounts paid in and the amounts yet due or settled Dec. 31st, 1881, as shown by treasurer in account with the several collectors.

Table with columns: Name, Amount, Paid in, Collected, Rate Bill, Treasurer.

Loss \$46.86, Loss \$43.30, Loss \$11.77, Loss \$8.34.

In consequence of the narrowness of our columns we omitted column "settled rates" which other amounts paid out for furniture, bedding, supplies and equipment required on the farm, such as stock and other articles, make up a sum paid out of \$2975. To meet these payments the sum of \$700 was borrowed on the account of the Municipality, the same to be paid in equal instalments extending over a period of five years, and which commenced on January 1st, 1882, a balance of \$100.61.

Regular form with vouchers attached. Respectfully submitted, W. E. STARRATT, Auditors, Wm. CHURCH, Wm. CHESTER, Bridgetown, Dec. 31st, 1881.

Ordered, That the clerk be authorized to proceed against delinquent collectors immediately.

Ordered, That all poor districts be empowered to assess themselves in an amount equal to their indebtedness on the 31st Dec., A. D. 1881.

Ordered, That W. E. Starratt and Alex. Shearer, be auditors for the ensuing year.

Ordered, That the auditors in their next annual report, give a full statement of the assets and liabilities of corporation to that date.

Upon reading and considering the petition of George LeCain et al, in reference to a division of road districts, it is ordered that that portion of Dis. No. 2, Annapolis, extending from Allan's Creek to McLeod's lane westwardly be added to Annapolis district for road-breaking purposes only.

Upon reading and considering the petition of Arthur Dodge et al, in reference to the support of one Marshall, the same was upon motion not granted.

Upon reading and considering the supplemental report of the auditors, the same was upon motion adopted.

The following is the auditors' report on papers and accounts in connection with the purchase of a farm and building of house for poor purposes.

The Municipal Council at its semi-annual meeting in May, elected a committee consisting of Councillors Roop, Hoyle and Lewis, and empowered them to purchase a farm for the better maintenance of the poor of the Municipality, and resulted in a farm being purchased near Bridgetown for the sum of \$7,500.00.

Councillors Vidto, Bent and Buckler were appointed by committee to a world of goods, brick house on said farm for the accommodation of those applying for aid, the same to be built by contract tender.

Tenders were asked for and three parties responded, the highest tender being \$4,200, and the lowest, \$3,750. The committee, upon due consideration, thought it best in the interest of the poor to accept any of the tenders submitted, and received offers from two other parties who were willing to perform the work at a price of \$3,250 and \$3,200. Mr. John Buckler's being the lowest, was accepted.

We find by the papers and accounts submitted that the sum of \$2,500 was paid for the farm, also the sum of \$3250, as per contract was paid for building the house, which with other amounts paid out for furniture, bedding, supplies and equipment required on the farm, such as stock and other articles, make up a sum paid out of \$2975.

To meet these payments the sum of \$700 was borrowed on the account of the Municipality, the same to be paid in equal instalments extending over a period of five years, and which commenced on January 1st, 1882, a balance of \$100.61.

Regular form with vouchers attached. Respectfully submitted, W. E. STARRATT, Auditors, Wm. CHURCH, Wm. CHESTER, Bridgetown, Dec. 31st, 1881.

A World of Goods. One of the most popular medicines now in use is Hop Bitters. You see it everywhere. People take it with good effect. It builds them up, and is so pleasant to the taste, you know other Bitters as it is not a whiskey drink. It is more like the old fashioned Cure Meas, which is sold out of bottles. If you don't feel just right try Hop Bitters. -Nunda News.

Doctors.—To show their appreciation of the labors of their young pastor, Rev. E. H. Sweet of Port Lorne and Hampton made him the handsome donation last week of a new, portable, eighty three dollars and seventy cents, besides other valuable articles in the form of clothing.

Answer this. Did you ever know any person to be ill without inaction of the Stomach, Liver or kidneys, or did you ever know one who was who was indigestion, obstructed or inactive; and did you ever know or hear of any case of the kind that Hop Bitters did not cure? Ask your neighbor this same question.
