

# The National Crisis

*"My appeal is to the whole people; to every man and woman who wants to do right by this country; to everyone who breathes the spirit of our fathers who founded this British Dominion."*  
—ARTHUR MEIGHEN

**T**HE Election to be held December 6th will be the most momentous in Canadian history; for as men and women vote will depend the economic stability, the political stability and, indeed, the national stability of this country.

Today we find group striving against group, class against class, the industrial and financial structure of the country assailed by false and unsound doctrines and theories, while our great neighbour to the south has adopted a trade exclusion policy directed against Canada's vast agricultural interests.

The currencies of nearly every country in the world are depreciated. The Canadian dollar in the United States is subject to a heavy discount causing a loss of over one hundred million dollars in exchange annually.

Europe is overwhelmed with war debts—unemployment is acute—and the restoration to pre-war conditions is slow.

While Canada is in a much more favorable condition than many countries, yet there is evidence of stagnation, instability, unemployment and lack of confidence.

Taxes are heavy because of the country's efforts in the Great War, but have become burdensome on account of the misconceived policies and blunders of Governments that directed Canada's affairs prior to 1911.

These conditions are largely the direct aftermath of the war, but they must be dealt with fearlessly and constructively. This is no time to consider experimental changes, or the theories of visionaries.

This is no time for Crerar and his Free Trade policy.

This is no time for King and his wobbling "charted" policies, varying with each provincial boundary.

It is the time to cling to orderly, stable Government in the interest of all the people; to be guided by the experience of the past, proceeding upon lines that have been proven sound.

It is the time to place the destinies of Canada again in the hands of a Government led by a sane, courageous Canadian who has safely brought the country through the trying years of reconstruction, and upon whom we can rely to retain and initiate policies in the interest, not of a group or class but of all the people.

It is the time to support Arthur Meighen and his Candidates.

Mr. and Mrs. Avard Reed, of Granville, are receiving congratulations on the 20th anniversary of their wedding which will be celebrated next Monday.

Miss Leah Harris and Miss Anna Harris left last week for New York to be present at the wedding of George Harris on October 22nd. Miss Leah will spend the winter in Europe probably stopping for the most of the time in the South of France.

Leonard S. McLean, chief of the de-

partment for the suppression of insect pests of the Dominion Entomological Service at Ottawa, was in town this week consulting with Mr. Sanders at the Laboratory here in regard to best methods as they have been evolved in Nova Scotia.

Just to show that even the lanterns which now do duty as street lamps are not sacred from theft, one of them was found the other night to be walking off in the direction of Granville when it was halted by a special constable with a revolver whose emphatic remarks resulted in recovery.

Judge Grierson was here Wednesday and held County Court for the cases of Fred and Leonard Melanson, charged with stealing goods from the fire. They were sentenced to pay costs and serve two years' imprisonment, enforcement of prison service being suspended, however, on good behavior.

The giant new 56,000 ton *Majestic* is now being finished at Hampton for the New York-Southampton-Cherbourg route next spring. She was begun by the Germans as the *Bismark*. The *Majestic* is 2,000 tons larger than the *Leviathan* and 10,000 tons larger than the *Olympic*.

The American House, Middleton, is undergoing repairs.

## IT'S GOOD TO FEEL WELL!

Redmac, the Restorer of Health

If you are fagged out at night or have pains across the back and your face looks pale and drawn, REDMAC will put you on your feet.

When you find yourself nervous, irritable and easily upset, when you can no longer do your day's work without being all in, do not wait till you go all to pieces, and collapse in a state of nervous prostration, or until in a weakened condition, you contract some serious disease, but take REDMAC at once to help to enrich your blood and to strengthen your worn-out nerves.

If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without being tired—next take REDMAC for a few days. Then test your strength again, and see how much you have gained.

### You can have all these helps on the farm

In the best lighted farm homes, brilliant, clean electric light floods every room, cellar, stairways, stables, and other buildings at the touch of a button. These folks also have running water in bathroom, laundry, kitchen and outbuildings by turning a tap. No one turns the separator, grindstone, fanning mill, or churn—the "F" Power and Light Plant does all these jobs as quickly and easily as it pumps water.

The womenfolk are not slaves to the wash tub, and there are no lamps to fill and clean—the "F" Plant ends such drudgery. They save time and labour by using an electric iron and vacuum cleaner. The farm help is contented, does more work and becomes attached to the place.

You can live under the same happy and prosperous conditions. Call in the first time you are near and learn how the "F" Power and Light Plant will save dollars, and work for you.

## Two of the Ever Said sure

Again we are on the Dominion Maritime Express en route to the witness what has become the international annual marine exhibition schooner race between the United States for the cup presented by the Halifax Herald.

Among the passengers were many men, and perhaps a few who were going to the city for same purpose. The general opinion was that the merits of the schooner, of Lunenburg, Nova Scotia Canadian representative and the Elsie, of Gloucester, Mass., the States defender.

Before arriving in Halifax the received an invitation to attend dinner with a number of Dominion Atlantic Railway officials at the Club. This was certainly a pleasant event which was greatly enjoyed after-dinner speeches and stories the funny incidents which occur the every day life of the passenger and freight departments of a busy system were both interesting and amusing. In the response to guests' the military draught press were represented.

After dinner, which occupied greater portion of the evening, the MONITOR enjoyed an interesting time with Capt. "Marty" Welch, the of the Elsie at his room in the ton Hotel, where old time incidents of boyhood days around Digby along St. Mary's Bay shore were discussed. We talked about events in the Bay of Fundy, related to such gentlemen as Mr. H. B. manager of the Maritime Fish Corporation, the late Capt. Howard Peterson, and present men of the industry—Mr. Frank L. son, Capt. Joseph B. William, Ansel Snow and not forgetting Mary's old ship mate, Capt. Cassey.

After visiting the Herald Chronicle office and meeting of newspaper friends in the editorial departments, such as Messrs. Edgewood, Capt. Wm. Murray and J. T. Elsie of the Herald; Messrs. A. Donald, H. W. Jones, and Tom of the Chronicle and Mr. A. D. Atlantic Supt. of the C.P.R. Press, the latter, a Digby boy, has certainly made good in his province, without going away to build up another country as too of our boys have done in the past. We were asked to visit "eggs" in the Halifax Hotel where we found Banks, owner of the Boston Comfort and a party of Mass. and Nova Scotia friends, the most of the latter from Windsor, genial host "Banks," his part
