Dr. White, of Edinburgh, intends to resume his lectures on Bible characters. His next subject will be "Jacob."

A decrease of £369 is reported in Edinburgh Free Church Presbytery's contributions to the Sustentation Fund.

Prof. Geo. Adam Smith, M.A., D.D., Edinburgh, has received the degree of LL.D., from Aberdeen University.

Rev. George Ferries, B.D., Cluny, and Rev. Jas. Fraser, M.A., Colvend, have received the degree of D.D. from Aberdeen.

Rev. Principal Caird is to be the next Gifford lecturer in Glasgow University. It will be the second time he has held the appointment.

Greenock Free Church Presbytery has instructed its temperance committee to strengthen the hands of the Government in the matter of the local veto bill.

The Free Church Sustentation Fund for the ten months ending 11th ult., shows a decrease of £71. Associations are down £1,576, but donations up £1,504.

The Glasgow Sabbath-school association has now 2,818 teachers and 37,323 scholars. Last year £1,343 was collected for missionary and benevolent purposes.

Cardinal Vaughan's opinion that British Catholics intended for the priesthood should not go into residence at Oxford or Cambridge, has not found favor at the Vatican.

Rev. Dr. Donald Macleod, Moderator-designate of the Established Church Assembly, has been presented by the ladies of Park Church with a cheque to buy the official robes.

Prof. Story, speaking at the dinner of the Convention of Royal Burghs, rebuked the custom on such occasions of minimising the differences among the churches, and of declaring them agreed in essentials.

Principal Rainy maintains that Lord Rosebery's Cardiff speech warrants the statement in the Church and State committee's circular that a Government disestablishment bill was promised in this session.

The Glasgow Society of the Sons of Ministers held its annual meetings last week. The sermon was preached by Rev. Dr. Mitford Mitchell of Aberdeen. £1,050 was granted to 75 families in sums from £5 to £35. The collection amounted to £249.

The Women's Guild of the Established Church of Scotland, whose annual conference has just been held in Aberdeen, has increased in membership during the past year from 18,511 to 24,924, and has raised £3,735 for the various missions, home and foreign.

Rev. W. D. Scott was to have moved an overture at last meeting of Aberdeen Established Presbytery asking the Assembly to check the tendency to ritualistic arrangements in new and renovated churches, but the small attendance led him to postpone his motion.

In the nave of Haddington Abbey (Lamp of Lothian) there has been erected by Mr. W. S. Brown, of London, a stained-glass window as a memorial of his grandfather, Rev. John Brown, professor to the Associate Synod. It is a beautiful work of art, designed by Sir E. Burne-Jones.

Rev. Andrew Rankin, M.A., assistant in Canongate parish, Edinburgh, died on 11th ult. He succumbed along with his father and mother to influenza, all three being buried at Carluke on one day. His brother, the minister of Strathmiglo, and a sister were also attacked but recovered.

The Society of Sons of Ministers has distributed £690 in grants to 51 persons. The interest on investments having fallen dependence is now largely necessary on extraneous donations, and the Ladies Auxiliary has helped greatly with these. Mr. Anderson has given notice of a motion to increase the capital from £6,000 to £10,000.

There are now connected with the English Presbyterian Church 450 Sunday schools, of which 320 are congregational, and 130 mission. The total number of Sunday scholars is 82,596, as compared with 79,018 in 1893, and of teachers 7,532, as compared with 7,366—satisfactory increases in both cases. It is also encouraging to learn that 1,020 scholars became members of the Church in 1894, the number in 1893 being 917. Upwards of 20,000 copies of the *Messenger for the Children* are circulated monthly in the schools. The revenue of the English Pres-

byterian Church for 1894, viz., £234,343, shows a slight decrease, as compared with £237,319 in 1893; but the decrease is more apparent than real, the 1893 receipts including special offerings for special objects.

The centenary of the London Missionary Society is being taken up in earnest in Wales. Tabernacle Congregational Church, Hirwain, which is one of the three congregational churches in a comparatively small village, has collected £102 towards the movement.

CURED OF ASTHMA.

HOW A YOUNG LADY IN TORONTO WAS RESTORED TO HEALTH.

She Suffered for Years from this Distressing Complaint and on Occasions was Confined to her Room for Weeks—Her Father tells How She was Cured.

From Brockville Recorder.

Mr. Reuben Barber, architect of the city of Toronto, at one time a resident of Merrickville, has been visiting old friends and relatives in and around the village recently. While chatting with the *Recorder* correspondent, the recent wonderful cures in the vicinity through the use of Dr. Williams' Pink Pills came up, when Mr. Barber said he had an experience in his own family quite as remarkable. Asked if he would give the particulars, Mr. Barber said that some seven years ago, while living in Mount Forest, his daughter took a severe cold which developed into asthma. At first she would be confined to her room for days and to see her struggling for breath one would think she could not possibly live an hour. As she grew older the asthmatic spasms became more frequent and of longer duration. Sometimes she would be unable to leave her room for weeks, and then she would rally and be better for a short time. After we moved to Toronto she was put under the care of one of the best doctors in the city. At first his treatment seemed to help her, but after a few months she became as bad as ever and the medicine did not appear to do her the slightest good. We had now fully made up our minds that the trouble was incurable. We had read so much of Dr. Williams' Pink Pills, that we determined to give them a trial, really looking upon them as a sort of forlorn hope. My daughter began taking the pills and continued the treatment for about six months, when she found herself entirely free from the distressing disease. Seven months have now passed since she took the last box, and she has never had the slightest spasm or return of the trouble. "She is now the picture of health," says Mr. Barber, and we give the entire credit to Dr. Williams' Pink Pills, and lose no opportunity of sounding the praises of this great medicine. These pills are a positive cure for all troubles arising from a vitiated condition of the blood or a shattered nervous system. Sold by all dealers or by mail, from Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N.Y., at 50 cents a box, or six boxes for \$2.50. There are numerous imitations and substitutions against which the public is cautioned.
